MEDICAL.

DR. TOWNSEND'S SARSAPARILLA.
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

THIS extract is put up in quart bottles; it is a more pleasant, cheaper, pleasanter, and warranted superior to any solid. It cures disease without vomiting, purging sickening, or debilitating the patient.

Great Spring and Summer Medicine.

The great beauty and superiority of this Sarsaparilla over all other medicine, is, whilst it eradicates disease, it invigorates the body. It is one of the very best spring and summer medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 25,000 cures of severe cases of disease, at least. Some of these were considered incurable. More than

3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
400 cases of General Debility and want of Energy;
7,000 cases of the different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
2,500 cases of Disease of the Kidneys and Dropsy;
900 cases of Consumption;

And thousands of cases of diseases of the blood, Fevers, Erysipelas, Salt Rheum, Pimples on the face, &c., &c. Together with numerous cases of Sick Headache, Pain in the Side and Chest, Spinal Affections, &c., &c.

This, we are aware, must appear incredible, but we have letters from Physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in New-Ark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the city of New York which we will refer to with pleasure, and to men of character. It is the best medicine for the prevention of disease, known. It undoubtedly saved the lives of more than 5,000 children the last season, as it removed the cause of disease, and prevented them for the summer season. United States officer, Capt. G. W. McLean, of the U. S. Navy, and Member of the New Jersey Legislature, has kindly sent us the following certificate. It tells a down study.

RAHWAY, Jan. 26, 1847.

A year since I was taken with the Influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

G. W. McLEAN, late U. S. N.

John Jackson, Esqr., Editor of the Rahway Republican, published the above certificate, and remarks in an editorial as follows:

☞ The success of Dr. Townsend's preparation of Sarsaparilla, appears to be of the most extraordinary character. We publish to day two certificates in confirmation, one from Capt. McLean, of this town, and one from the Rev. Mr. Whole, of Statesbland, a gentleman well known in Rahway. Capt. McLean believes the medicine to have saved his life, and Mr. Whole seems to entertain an equally strong confidence in its efficacy. Intelligent men like these would not pause so strongly what they did not fully believe to deserve it.

Scrofula Cured.

This certificate was handed into Dr. Townsend's office some days ago, and conclusively proves that his Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house, is unprecedented.

Three Children.

Dr. Townsend: Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with that name. They were affected very severely with that name. They have taken only four bottles, it took them away, for which I feel myself under deep obligation.

Yours, respectfully,
ISAAC W. CRAIN, 105 Wall st.

New York, March 1, 1847.

Great Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, leanness, leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge, barren, and for the general prostration of Vital Energy, no matter whether the result of impaired state of system, produced by irregularity, disease or accident.

☞ Nothing can be more surprising than its astonishing effects on the human frame. Persons, all weaks and languishing, from taking it at once become robust and fill in every under its influence. Humanitarians contemplate the universal use of the female frame, which is the great cause of larger sizes.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases have been known to have been without children, after using a few bottles of this invaluable medicine have been blest with healthy offspring.

Dr. Townsend: My wife having recently discovered, by weakness and general debility, and suffering continually in pain and a sensation of bearing down along of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also bearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it relieved her complaints and restored her health. We are grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public.

Yours, respectfully,
Corner of Grand and Lydius sts.
Albany, August 17, 1844.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. None of us who have reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a great preventive for any of the numerous and troublesome diseases to which females are subject at this time of life. This period may be delayed for several years by using the medicine. Nor is less valuable for those who are approaching womanhood, as it is calculated to assist nature by invigorating the blood and strengthening the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject.

It renews the whole system, renews permanently the natural energies—by removing the impurities of the blood, not so far as doubling the system it may produce a temporary relaxation, which is the case of most medicines taken for female weakness and disease.

Opinions of Physicians.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union. This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

H. P. PILING, M. D.
J. WILSON, M. D.
R. R. BRIGGS, M. D.
P. E. ELMENDORF, M. D.

Albany, April 1, 1845.

[illegible]

Greenport, July 10, 1846.

Dr. Townsend Dear Sir: It is with satisfaction that I say to you that I have recently witnessed, in several cases, the most beneficial results from the use of your Extract of Sarsaparilla. Being engaged in the practice of medicine, I have prescribed it in several cases, and never without benefit. In the complaint of diseases arising from a deranged state of the digestive organs, jaundice, &c., it far exceeds any thing of the kind ever before offered to the public. I will please send me two dozen. &c., &c.

Respectfully yours, S. C. PRESTON M. D.

Dispepsia.

Indeed moderate has ever been discovered which so nearly resembles the gastric juice or gallic acid in dispepsia and strengthening the organs of digestion. As this preparation of Sarsaparilla it positively cures every case of dyspepsia, however long and strengthening the organs of digestion. As this preparation of Sarsaparilla it positively cures every case of dyspepsia, however long and strengthening the organs of digestion. If any doubt this assertion we invite them to read the following indisputable testimony of gentlemen of the highest respectability. Dear Sir: Not entirely satisfactory, we would be happy to give other reference to some of our principal citizens, who have used it with perfect success in this and other distressing diseases.

RANK DEPARTMENT, ALBANY, May 10, 1845.

Dr. Townsend—Sir: I have been afflicted for several years with dyspepsia in its worst forms, attended with pain in the stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain it a small portion on my stomach. I tried the usual remedies, but the relief had little or no effect in removing the complaint. I was induced about two months ago to try your Extract of Sarsaparilla, and I must say with little confidence, but after using nearly two bottles, I found my appetite restored, and the heartburn entirely removed, and I would earnestly recommend the use of it to those who have been afflicted as I have been.

Yours &c. W. W. VAN ZANDT.

Piles, Piles, Piles.

Dr. Townsend's Sarsaparilla is no less successful in curing this distressing complaint, than in diseases of the blood, Dyspepsia, Rheumatism, and Nervous Debility. Read the following

Dr. Townsend: Dear Sir: The effects of your Sarsaparilla are truly wonderful. For the last six or eight years past, I have been subject to severe attacks of the piles, during which I have suffered all the tortures of that complaint, and had despaired of ever finding relief except in death. I have the pleasure to inform you there is not a trace of it left. I have used two bottles of your Sarsaparilla, and feel no trouble of my old complaint. I send you this for publication, and any person you may refer to me, I would be happy to inform of the benefit I have received at your hands. Yours, truly,

July 5, 1845. JOHN HALL, 49 Fulton st.

Rheumatism.

This Sarsaparilla is used with the most perfect success in Rheumatism, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system even when the limbs and bones are dreadfully swollen.

Dr. Townsend: I was attacked with a distressing pain in my limbs, so bad that I could not walk without my crutches, and much of the time I was obliged to keep my bed. I tried several remedies, but they did not relieve me. I then called on one of our first physicians; he did not believe my head of your Sarsaparilla, and obtained a bottle, and in a few days it entirely cured me, and I am as well now as ever. ASHBELL WALKER.

Albany, Jan. 2, 1845. 22 Daniel st.

☞ Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:

Dr. Townsend—I have used one bottle of your Sarsaparilla, and find it to excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in the service. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal physicians, and recommend your Sarsaparilla.

SETH TERRY.

Hartford, March 12, 1845.

Prepared and sold by J. P. TOWNSEND, M. D., 126 Fulton street, New York.
