NEW ORLEANS BEE

FOR PRESIDENT OF THE UNITED STATES:

HENRY CLAY,

FOR VICE PRESIDENT

THEODORE FRELINGHUYSEN

FOR ELECTORS OF PRESIDENT AND VICE PRESIDENT

First District.....JACQUES TOUTANT.
Second District.....ZENON CAVELIER.
Third District.....GEORGE K. GUION.
Fourth District.....LAFAYETTE SAUNDERS.
Fifth District.....JACQUES DUPRE.
Sixth District.....EDWARD SPARROW.

NEW-ORLEANS:
THURSDAY MORNING, SETEMBER 19, 1844.

POSTING THE BOOKS.

Since the beginning of the year 1844, Elections have been held in twelve States. The account current stands as follows:

Whig.	Locofoco.
Georgia,	Illinois,
Maryland,	Alabama,
Connecticut,	Missouri.
Virginia,	
Louisiana,	
Indiana,	
Kentucky,	
North Carolina,	
Vermont.	

The nine whig States are entitled to 88 electoral votes; the three locofoco States have 23 electoral votes. Of the nine whig States, six were locofoco last year, viz: Georgia, Maryland, Connecticut, Virginia, Louisiana, Indiana. Thus the whigs have, thus far, gained six States, the locofocos none. Besides these gains, the whigs carried last year Massachusetts, Rhode Island, Delaware, Tennessee and Ohio—those States went for us before the whigs had fairly waked up. They will of course go for us again this year. These states give 55 electoral votes, which added to 88, make 143 or 6 more than a majority of all the electoral votes. New York, Pennsylvania and New Jersey went locofoco last year, but in all human probability will vote for CLAY and FRELINGHUYSEN. Now with these facts before them, how the locofocos can expect to carry POLK and DALLAS, passes our comprehension. Their game is to boast of individual changes. Well we can do better—we can show that STATES have wheeled round and joined the whig ranks.

WHO ARE THE ABOLITIONISTS.

While Southern locofoco prints are endeavoring to palm upon the people the atrocious falsehood that the whigs and abolitionists of the North have made common cause together; it would be well for the unprejudiced of all parties to see whether facts equate with these assertions. Here is a pregnant case:

Last year in the towns heard from in Vermont, the locofoco vote was 18,143, and the abolition vote 2,906. This year the locofoco vote is 17,098 and the abolition vote 4,432. Last year the whig vote was 20,182; this year 22,963. Thus it is seen that the locofoco vote has fallen off 1,045, and the abolition vote increased 1,526. Whence is this increase derived? Not from the whigs, for their vote has augmented nearly 3,000.

The only rational reply to the question is that the increased abolition vote is derived from the locofocos, who desparaging of beating the whig candidate by open fight, sneaked into the third party, and by swelling that vote endeavored to prevent a choice by the people. If the whigs were abolitionists, why should the abolitionists refuse to vote for them? Why is the abolition vote increased? Tell us that, Master Baboon. Explain the enigma, ye shameless slanderers, or cease your foul aspersions.

HEALTH OF THE CITY.

We appreciate the tender anxiety of the *Republican* in behalf of our absent citizens. Doubtless a stirring epidemic, which would effectually keep away three or four hundred whig voters, would be highly agreeable to the locofoco party. We asserted the other day that the city was perfectly healthy, and we had warrant for the remark, for at the time, the health of New Orleans was altogether undisturbed. The *Republican* makes much ado over some half a dozen deaths from fever which have occurred since its hospital practice. There are no evidences whatever of an epidemic visitation. Sporadic cases occur every year, and particularly among the lower classes, whom exposure and hard labor render particularly susceptible to disease. We have no apprehensions of the fever becoming general, and we believe our absent friends can return with perfect safety.

Thus far, at least, there is no occasion for alarm. If any should exist, we assure the locofocos our desire for the success of the whigs would not interfere with the duty of the press to state the truth, the whole truth, and nothing but the truth.

The name of the gentleman who sent us the subjoined communication has been left with the editors. He is a responsible man, who will back all his wagers.

Mr. Editor—Please map[illegible] the following proffer to the Polkites:

Twenty-five dollars that Clay gets Louisiana.
$25 that Clay is elected by 100 maj.
$25 " 200 "
$25 " 300 "
$25 " 400 "
$25 " 500 "
$25 " 600 "
$25 " 700 "
$25 " 800 "
$25 " 900 "
$25 " 1000 "

Fifty dollars against one hundred and fifty dollars I win in the above bets.

You are authorized to give my name to any one disposed to plank up the cash.

☞ A Most extraordinary mortality seems to prevail among the members elect of the North Carolina Legislature. The Wilmington *Chronicle* notices the death of Mr. Hrummell, a commoner from Davidson, Mr Saunders, the Senator from Johnson; Levi Walker, a commoner from Carmell, and James Harper, the commoner from Greene. In addition to these a Fayetteville paper mentions the demise of Mr. Lindsey, Senator from Guilford and Mr Forman, Senator from Pitt. But this is doubted, as the intelligence wants confirmation.

OHIO—MORE RESIGNATIONS.—The Ohio State *Journal* of the 25th, contains a few more resignations. We must content ourselves with simply citing names. In Knox county, Messrs. R Thompson Stilley and Jno R Calvert have abandoned Polkatry. In Muskingum, C A Smith follows suit. In Clarke, Wm. Moore "strikes his name from the Nottingham list." In Guernsey, Wm. C. Roee, an old soldier, can't stand Polk and Dallas. In Brown, SIXTY-SEVEN straightouts have formed a Clay Club at Ripley. In Columbiana, Joseph Williams recants and goes for Clay. In Summit, Mr Curtiss, an intelligent mechanic, announces his conversion. In Lawrence county, a number of Germans have come out from among the foul party. So we go.

☞ The steamboat *Patrick Henry* makes an extra trip to-morrow, for the express purpose of accommodating those who are desirous of being present at the meeting of the whigs of Hancock county, Miss., at the Bay of St. Louis. She will leave the Lake end of the Railroad at half past 9 o'clock. The terms will be at the pleasure of the passengers. We hope some of our good whigs here will embrace the opportunity.

☞ A gentleman called on Tuesday to take up the bet offered in this paper of $1000 to $700 on Clay's election. We learned yesterday from the party who had authorized the wager, that it had been taken by another individual. So it seems some locofoco has absolutely the courage to bet two to three against CLAY. We believe the chief of this exhibition of their pluck.

KEEP IT BEFORE THE PEOPLE—That the Democratic papers while professing that the Annexation of Texas is the only security for the institution of slavery, are overwhelmes rejoicing over the nomination of SILAS WRIGHT for Governor of New York—the man who said that he voted against the Texas Treaty "BECAUSE IT WAS INTENDED TO EXTEND AND PERPETUATE SLAVERY!"

NEW JERSEY.—The whigs of Monmouth county had a stirring gathering on the 7th, which was addressed by Senator Miller, Horace Greeley, and other eminent champions of the cause. A first rate county ticket was nominated.

The whigs of Passaic county had a grand rally the same day at Paterson. There were from 5000 to 7000 present. Mr Van Wagner and Morris Franklin harangued the multitude.

GRAHAM'S American Monthly Magazine has been laid on our table, by MONGAN, of the Literary Depot.—The engraving in this number are particularly tasteful and fine, and the contributions as usual, excellent.

MAINE.

Of the State election, the N. Y. *Tribune* of the 9th speaks as follows:

Maine holds her State Election to-day, and we hear not much opinion of it. There are a hundred of her whig voters in this city, and a thousand all along shore, who they say will be home in November to vote for President, but don't consider it important now. The other side claim Whig is out of the State, and his majority will be cut down from 7 days before the election. It seems to great from the grave to tell us that the Maine Law is buried in such a lofty contempt on either party. Yet we hear from that the politicians of both sides doubtful by no means that the Maine Law might have been won this time with proper management. As it is, we must be content with what the gods provide.

CITY INTELLIGENCE.

RECORDER GROOS' COURT.—Adolph Connor, arrested as a fugitive from justice from the Parish of Ascension, where a warrant had been issued against him for passing counterfeit money, was yesterday delivered over to the officer from that parish, who had repaired to the city for the purpose of carrying him back to Donaldsonville for trial.

DROWNED.—About dusk on Tuesday evening, a lad named Page whose parents reside in Constance street, Second Municipality, fell through a hole in the wharf at the head of Race street, and was drowned. A person who was standing upon the next wharf, planked into the water and attempted to save him, but without avail. The body was recovered in about an hour after. Every means were used to restore the vital spark, but without success.

FROM MEXICO.

By the schooner *Fortuna*, which arrived yesterday, from Vera Cruz, we have received papers from Mexico, to the 4th instant:

The aspect of the political horizon, instead of becoming clearer, appeared more threatening than ever.

An outrage of a most barbarous and serious nature is reported to have been committed on the person of a French sailor at Matzelan. The affair has been communicated to the French Government by the French minister, who despatched a messenger by the last packet.

Our readers may remember certain paragraphs in the *Diario del Gobierno*, censuring the Mexican Congress vehemently for their tardiness in voting the four millions required by the Government for the invasion of Texas. These attacks appear to have irritated Congress, as they are suspected to have emanated directly from Santa Ana. They have accordingly been formally repelled in a manifesto of considerable force and dignity, issued by Congress. That body not only conceived it necessary to reply to the violent tirades of the official journal, but addressing itself directly to the Government, demands satisfactory explanations of a course so offensive and scandalous, and requires a statement of the causes which have presented the Government from interfering for the suppression of such abuses.

The President answers the manifesto of Congress in a long and very elaborate document, plainly has knowledge of, and acquiescence in the offensive articles. He denies the right of Congress to interrogate him—declares that the language of the manifesto is that of a reprimand addressed by a superior to an inferior, and that he cannot recognize the existence of the inquisitorial power in Congress. He concludes by protesting against the manifesto as illegal and improper.

Mr. Crescentio Rejon has been appointed Minister for foreign affairs, in place of Mr. D J M Bocanegra.

HORRIBLE CATASTROPHE AT MATAMOROS

The *Diario* of the 21st ult., furnishes an account of a horrible disaster which has utterly destroyed the unfortunate town of Matamoros. The news is contained in a letter from the Alcalde, dated the 5th August.

Yesterday about 10 o'clock, a violent hurricane arose and continued until 10 this morning. It was the most horrible tempest within the memory of man. The disaster it occasioned, so far as we have yet learned, are horrible and cannot be represented in words. With the exception of the Church of St. Pedro, Jose de la Union, Dona Juana Perez, and the new church, not a building but has been greatly injured or levelled to the ground in a mass of ruins. An island near of D Mariano Agueda, and an artillery soldier, have perished in the ruins.—Three women are shockingly wounded, but are still living. Among the buildings are the artillery barracks, and the hospital Mata, containing near 100 such, the wall of the prison, and half of the wall of the grave yard.—To adequately bring home words—the greater part of the population are confounded in the abandoned heap among the ruins of their houses. I leave your Excellency to imagine the miserable condition of all sorts of produce growing in the fields.

"The sick have been transported to day to the Sapperra barracks, the park to the church which has lost one tower and a half of another, the canon to the lower consistorial houses, the prisoners to private houses—the latter are well guarded and none have escaped.

"I have scarcely had a moment's time to send you a report, as I am fully occupied in preventing thieving—a difficult task as every one is busy with his own private calamities."

The paper *Francisco* states that as soon as the President heard of this disastrous event, he ordered without the least delay that relief should be transmitted to the unfortunate. It adds, "A letter from Matamoros of the 7th instant, has just been communicated to us—It depicts in detail the immense ruin which has fallen on that city. Misery is at its height among its unfortunate population, and if they are not speedily relieved, those who have survived the catastrophe may perish of famine. Never was charity solicited for a more appalling calamity!"

Governor Shannon of Ohio, Minister Plenipotentiary to Mexico from the United States, arrived on the 23d at Vera Cruz, and was received with every mark of kindness and consideration. During his journey to the city of Mexico, he was waylaid between Perote and Puebla, and his trunks completely rifled.

General Ampudia has published an elaborate defence of his conduct towards Sentmanat and the Tabasco prisoners. It is a miserable lame affair and admits the truth of all the revolting accusations brought against him.

TORNADO.—On the 8th instant, the city of Apalachicola, Fla. was visited by a violent hurricane, which uprooted a number of the principal houses in the city.

The gale commenced at half past three o'clock in the morning, and lasted until half past five, when it lulled for an hour and again increased with its former violence, and lasted until eight o'clock. The loss is estimated at from $18,000 to $20,000.
