The scholastic year commences on the second Monday in September, and finishes on the last Thursday in July, on which day the annual commencement is held, premiums are distributed and degrees conferred.

The terms for boarding, lodging, tuition, washing, mending and Doctor's fee are $150 per annum, payable half yearly in advance. An extra charge of $10 per annum will be made for those who study Spanish, German, or Italian; the same extra charge for the study of Natural Philosophy and Chemistry to pay for the breaking of apparatus. An extra charge of $6 per annum will be made for bed and bedding. An extra charge of $25 will be made for the study of Music or Drawing.

If parents desire their children to be clothed at the Institution, it will be necessary to place a sufficient sum in the hands of the Treasurer.

MANDEVILLE COLLEGE.

IN the establishment of this Institution, an attempt has been made to form a Northern College adapted to a Southern population. We will briefly state what means we have at our disposal, and in what manner we intend to employ them.

Situated within a short distance of the South Western Metropolis, on a spot entirely exempt from all epidemic diseases, and offering the convenience for bathing in the salubrious waters of Lake Pontchartrain, we believe the location of the College to be unsurpassed within the limits of our State.

In conformity with our plan, the instruction of the students is confided to northern professors. Gentlemen selected in the northern Colleges—the professors of the French and Spanish only excepted.

LEWIS ELKIN, President

The following gentlemen, having their sons in the Institution, will give all desired information:—

DAY AND BOARDING SCHOOL
FOR YOUNG LADIES,

Founded in 1822 by Madame Lusms, and conducted since 1840 by Madame DESRAYAUX.

(Rampart street, corner of Bienville.)

THE course of instruction pursued in this establishment is both solid and varied, extending from the elements of reading and grammar to the study of literature and the elements of the sciences indispensable to a polished education.

The pupils are distributed into seven classes, suited to their different ages and capacities.

The French and English languages are cultivated with equal attention, and a good opportunity is afforded to render the language of the pupils familiar by the intercourse of Creoles with Americans.

Vocal and instrumental music is taught by ladies, exclusively attached to the establishment, and their constant presence is a guarantee of unremitting attention, both to lessons and practice.

The performance of religious duties, by the boarders, is duly attended to: a priest, authorised by the Bishop, attends the establishment twice a week, to instruct Catholic pupils and prepare them for their first communion.

From the 1st November, 1844, this Institution will no longer receive young boys and will be exclusively consecrated to young ladies.

Parents are informed that the house in Bienville street, contiguous to the Church edifice, has been added to the Institution, for the better accommodation of boarders.

Examinations in music take place from November to April, on the 1st Saturday of each month. At the end of May, general examination and distribution of prizes.

GARREAU'S INSTITUTION,

Rampart street, between St Anne and Maine.

THE numerous Professors attached to this Establishment, the assiduous and constant care directed to every branch of education, have secured to it a rapid increase. The severe discipline there prevalent, which is so generally neglected in other Institutions, recommends it to the consideration of all the fathers of families.

French and English Classes conducted by Professors of known merit are open, every day, morning and evening, from 8 o'clock to 9.

☞ See the prospectus of the establishment at Mr. Lefevre's Library, corner of St. Anne and Royal streets. j17

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION,
No. 145 CONTI STREET,
(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is now so well and highly distinguished for the success which has accompanied it ever since its foundation, a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course.—Discipline so necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relation with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, in Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to Tuition.

BRANCHES OF TUITION:

The English, French, Spanish and Latin Languages; History, Geography, Mathematics, Elements of Natural Philosophy, Astronomy, &c. &c.

TERMS:

Boarders....$30 per month.
Half Boarders....15 "
Day Scholars....8 and 10 per month.

No deduction is made for absence. A month once commenced must be paid in full. Books, paper, &c. form separate charges. d10

"ECONOMY IS THE ROAD TO WEALTH."

OLD CLOTHES MADE NEW.

LONDON DYEING & SCOURING ESTABLISHMENT

JOHN J. JACKSON, lately from London, respectfully informs the citizens of New Orleans and its vicinity, that he has taken the store No 96 CAMP STREET, next to Marsion's Temperance Intelligence and General Agency Office, a few doors below Poydras, for the purpose of Dyeing, Renovating, Repairing and Scouring

GENTLEMEN'S WEARING APPAREL.

upon an entirely new principle. All clothes made to appear as when new, without any injury to the cloth; and if not done to satisfaction, no charge will be made.

From the long and practical experience which I have had during my apprenticeship in London, and in working for the officers of the Horse Guards, and other officers of other regiments, I am enabled to dye SCARLET and other colors in a superior manner; also to extract grease spots and stains of all descriptions from military and other garments.

Gentlemen composing volunteer companies in this city, who have military clothes out of order, from the effects of grease spots, stains, &c. are respectfully invited to call and give him a trial.

Gold, silver and silk lace, epaulettes, &c. tarnished from use, can be restored to their original lustre and brightness.

LADIES' WEARING APPAREL, (including silk, satin and velvet dresses,) dyed in the most approved fashion and in the latest style and finish.

Carriage cushions, hangings, pulpit covers, sofa and chair covers, window hangings, carpet and hearth rugs, cleansed, dressed, &c. and made to appear as when new.

Many gentlemen and ladies hesitate to have their garments, carpets, &c. renovated or dyed, in consequence of the numerous impostors that do not understand their business. The subscriber requires but one trial to prove the character of his workmanship.

From a strict attention to business I hope to meet a share of public patronage.

☞ All work entrusted to my care will be ready for delivery in forty eight hours after being left with the subscriber. JOHN J JACKSON. n11—1y

Dr. Blackwell's

CELEBRATED ANT ACRID TINCTURE AND SCOTCH RENOVATOR,

For the Cure of Venereal Disorders, Stubborn Gleet, Seminal Effusions, Weakness of the Ureter or Bladder, Diabetes, or Difficulty in Making Water.

BLACKWELL'S ANT ACRID TINCTURE

THESE DROPS are chiefly composed of vegetable substances; their use and efficacy have been fully proved by hundreds, and may be relied on as perfectly sure and safe. Dr Blackwell having prepared and used them for many years, in his extensive practice in Scotland, with great satisfaction and wonderful success among his numerous patients. Dr. Blackwell, the inventor of this truly valuable medicine, makes no other claim to public confidence than what experience has so fully justified; and he does not, in the least, hesitate to warrant them as a safe and certain Cure for the Venereal Disorders, Stubborn Gleets, Seminal Effusions of the Ureter or Bladder, Diabetes, or Difficulty in Making Water.

This is the most speedy, certain and effectual remedy for the Gonorrhea that has ever been used: It is pleasant to the palate, grateful to the stomach and easily taken. It is a concentration of the medical properties of such remedial as have been found most efficient in curing gleets, seminal weakness and all discharge from the urinary passage. It is wholly a vegetable compound, and acts like a charm in producing an immediate operation upon the part affected.—Full directions accompany the medicine.

Recommended by the Faculty for the radical cure of gonorrhœa, gleet, seminal emission, and all morbid discharges from the urethra. This Tincture, the result of twenty years' experience in the Hospital de Charité de Paris, and pronounced by its celebrated inventor, Professor Blackwell as an infallible remedy for all diseases of the urethra. It effects a cure in a much shorter time than any other remedy, without tainting the breath, disagreeing with the stomach, or confinement from business.

Persons afflicted with copper colored blotches on the head, pains in the limbs or body, nodes on the bones of the arms and legs, ulcerated or sore nose, mouth or throat, or any other symptom of that loathsome disease—constitutional affection; persons afflicted with obstinate urethral discharges, or weakness of the urinary organs, or who are suffering from indulgence in a certain destructive habit known as the solitary vice, and who, from disgust and disappointment have abandoned all hopes of a cure, are strongly urged to try the above medicine, the most effectual and rapid cure ever known for a certain disease.

Those who wish to avoid quack nostrums and cure themselves with little trouble or liability to exposure, will find this medicine well suited to their case, as it requires no change of diet, and does not affect the health, which prevents the possibility of discovery while using it.

Besides this important advantage it never leaves the parts subject to the troublesome weakness that occurs so often after the use of other medicine; and if taken in the first stage of the disease, it will arrest the discharge and remove unpleasant feelings in a few days. In long protracted or chronic stages of the disease; in obstinate gleets, female complaints, or a weakness of these organs, it is without doubt the most effectual remedy ever discovered, and has cured many obstinate diseases after every other medicine has failed. A case of this kind of more than a year's standing was recently cured in two weeks by this specific, after upwards of $100 had been spent for medical advice without effect. In fact, it has been used with success in all stages of the disease, that we challenge any case to be produced that it will not cure, under a forfeit of $500.

We give no long quackish recommendations to deceive the public. If the medicine does not speak for itself, no one shall speak of it. Our object is to notify where it can be had; and the proprietor challenges a single case of recent gonorrhea to be brought in which the mixture will not perform a rapid cure, under forfeiture of $500.

This a disease that unfortunately pervades all ranks of society—high, low, rich, and poor, married and single.—They are now presented with a remedy by which they can cure themselves without the least exposure, in the shortest time possible.

☞ The genuine is sold wholesale and retail, at MADLINE'S Drug Store, corner Common and Carondelet sts, New Orleans, Louisiana.
