INSTITUTIONS.

MASONIC COLLEGE,

Established by, and under the patronage of the Grand Lodge of Kentucky.

THIS flourishing Institution, Possessing full Collegiate powers, offers peculiar inducements to Southern parents and guardians. Its *location* is at one of the most beautiful points in Kentucky—*La Grange*, the County Seat of Oldham Co.,—25 miles from Louisville, 18 from Shelbyville, 38 from Frankfort, and 8 from Westport, on the Ohio river. The community in which the students mingle, is highly moral, intelligent, and refined; the town containing about 300 inhabitants, free from vicious associations, or contaminating influence. The *Course of Study* is full, embracing Mathematics, ancient and modern Languages, Natural and Moral Science. The *Faculty* consists of the President, who is also Professor of Mental and Moral science, a Professor of mathematics, one of Languages, and a Teacher of the Preparatory Department. The high reputation so deservedly enjoyed by the President, and the zeal and ability heretofore exhibited by the other members of the Faculty, who are graduates of the best Colleges in the land, afford a sure guaranty of their future success.—The *terms of tuition* are extremely low, viz:

In the *Preparatory Department*, per year	$12.
In the *College Proper* per year	20.

Boarding, washing, &c. per week, 1 50 to 1 75.

Scholarship may be had on the following terms:—$50 for 5 years tuition—$100 for 10 years—$300 for a perpetual scholarship—in each case, the amount to be paid in advance. On this plan, the whole expense for tuition, boarding, lodgings, washing, fuel, and lights will not exceed $76, per pupil per scholastic year of ten months.

ORLEANS HIGH SCHOOL.
(Lycee d'Orleans.)

THE Directors of the Institution, Messrs EVERETT, WYNDHAM and MERVOYER, having unswervingly acted up to their original plan, as laid down in the Statutes, have succeeded in giving the High School a rank among the best educational establishments in the South.

The seat of the Institution is in a part of the city ever noted for its salubrity. The buildings and premises are admirably adapted to the purposes of a large School.

The system of Education embraces the Grammar and the Literature of the Greek, Latin, French and Spanish Languages, Rhetoric, Poetry and Mythology, History, Geography, the use of the Globes, Book-keeping, Arithmetic, Algebra, Geometry, Plane and Spherical Trigonometry, Surveying, Natural Philosophy, Moral Philosophy, &c.

The various branches of knowledge are taught by the Directors, Messrs EVERETT, WYNDHAM and MERVOYER, and by Assistant Instructors, selected for their eminent skill in the business of Teaching.

The Directors also employ two gentlemen, who, enforce correctness of Deportment whenever the pupils are not in a recitation room under the eye of an Instructor.

The Institution receives Boarders, Half-Boarders, and Day Scholars. The price of Board, (washing included) and Tuition in all or any of the branches is twenty dollars per month. The price of Half-Board is $15 per month.—The price paid by Day-Scholars is six, nine, or twelve dollars, according to the knowledge previously acquired.

No interference whatsoever in the internal discipline of the School will be suffered.

The STATUTES, containing all information respecting the School, may be had in the English or in the French language at the principal Book stores in the City. m19

MANDEVILLE COLLEGE.

THE regular course of instruction in this Institution consists of the English, French, Spanish, Latin Language—and Literature. The different branches of the Mathematics, Natural and Moral Philosophy, Book-Keeping &c. The accomplishments taught are Music, Drawing, Fencing and Dancing.

The number of Professors is six, exclusive of the Ushers, and the Teachers of the accomplishments. These gentlemen are experienced in the business of teaching and zealous in the discharge of their duties.

The discipline of the College is strict and fair; it admits of no interference on the part of parents.

The Lake Pontchartrain, on the shores of which the College is situated, affords the students the benefit of bathing, and a supply of fish for their table. The communication with the City is rendered easy by the steamers that touch regularly at the Mandeville wharf.

The price of Board and Tuition is $20 monthly. A few parlor boarders can be received at a monthly charge of $35.

The statute of the College may be had at the different Book sellers and by applying to R J Palfrey, Esq., at the City Bank, the Agent of the College. may 18

EDUCATION IN NEW YORK.
Rev. R. Townsend Huddart's Classical and Commercial Boarding School, 14th Street, between University Place and Fifth Avenue.

THE buildings of this Establishment have been erected expressly for the purposes intended, according to plans carefully devised with reference to the specific object in view, and whether in the extent of the accommodations, the general convenience for order, system, and regularity, or the comfort of the pupils which had to be consulted, all have received a due share of attention, forming one believed on one of the best arranged places for education in the city.

The Institution is situated on Fourteenth street, of seventy-five feet, by fifty six feet deep, five stories high, supplied throughout with Croton Water, and each story furnished with a pipe connected with hose in case of fire, besides the Professors; possesses beyond what are usually provided. The dormitories consist of thirty two separate rooms, well ventilated, and carefully calculated to hold two, and some of them four pupils. Hot, cold and shower baths are fitted up in the basement: in short, every thing which could be desired or thought of, to preserve the health, to promote the comfort and advance the education of young gentlemen, with all the supervision, restrictions, and guarantees of a well regulated school have here been concentrated. In the rear of the play ground, on Thirteenth street, a spacious room has been built, seventy-five feet by thirty—fitted up with all the apparatus of a First Class gymnasium—where the pupils can play in unfavorable weather, and which is likewise used for lectures and forensic exercises.

The School Department is so constructed as to bring all the classes under the supervision of the Master, from one central point of observation, thus enabling him to cooperate extensively with his Associate Teachers, in the maintenance of order and discipline. The desks and seats provided for each pupil, are such as will satisfy every parent, that the growth of the body, and development of the physical frame, have not been forgotten in the arrangements of the establishment.

The situation is perhaps the most eligible which could have been selected in regards to health and facility of access. All the advantages of the best Institutions and Professors are available, whilst the benefits of a country residence are gained, by the out door athletic exercises, which can be enjoyed in the play ground, or in the Gymnasium.

Circulars containing full information may be obtained on application to Samuel J Peters, Esqr.

Mr Huddart respectfully refers to the following gentlemen—Rt. Rev. Francis L Hawkes, Samuel J Peters, Esqr, Daniel le Roy Esqr, Jacob Wilson Esqr, J B Blanc, Esqr. m19—1m 2taw

FRANKLIN HIGH SCHOOL.

Corner of Royal and Hospital streets, New Orleans.

PARENTS and Guardians are respectfully informed that the classes are now fully organized in the new building at the corner of Royal and Hospital streets. It is hoped, with some confidence, that the commodious and airy school rooms, and the well provided arrangements of this Institution, will secure the better accommodation of the pupils, and, in connexion with the application of the patrons of the Institution, and of others who may have youths under their charge.

The great good to be attained in school education is the acquisition of habits of untiring industry and indomitable perseverance, the course of exercises through which a young man must pass in order to reach this goal, is one of every other mental attainment.

The principles hereafter drawn form the basis of the mode of instruction pursued in the Franklin High School:

The course of studies comprises the English, French, Spanish, Latin and Greek languages; Arithmetic, Algebra, Geometry, Trigonometry, Surveying, Application of Algebra to Geometry and Differential and Integral calculus. Astronomy and Chemistry; History and Geography; Book-keeping; Drawing and painting; Vocal and Instrumental Music.

There are seven Professors attached to the School, who give daily lessons in their respective departments.

Parents and Guardians are respectfully informed that no interference whatsoever in the Regulations and internal discipline will be suffered.

The Institution receives boarders, half-boarders and day scholars. The boarding pupils reside in the family of Mr. Elkin, and will be under the immediate care of himself and the ladies attached to the household.

Terms:

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION
No. 148 Conti Street,
between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation; a considerable number of pupils who have quitted it to enter on the great scene of life, having already acquired some distinction in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest mansions in the city, occupying a few central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils, extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course. Nothing so necessary to quicken in the youthful mind a due appreciation of the duties incumbent on it in its future relations with society, is a conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is, at Boyer's Institution attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to tuition.

Galvanic Rings and Magnetic Fluid.

THIS remarkable discovery which has attracted so much attention in Europe and recently in the Northern States, is now introduced for the first time to the citizens of New Orleans. It comprises an entirely safe and simple application of the Mysterious Power of Galvanism as a remedial agent. The GALVANIC RINGS in connection with the MAGNETIC FLUID have been used with the most perfect success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs; *Gout, Tic-Doloreux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Chest and Side, General Debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders.* In cases of *Dyspepsia* which is simply a nervous derangement of the digestive organs, they have been found equally successful. The RINGS are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience.

The Galvanic Belts, Bands, Bracelets,

Are modifications of the invention, and are recommended in more chronic cases of disease, where the Rings do not possess sufficient intensity or power. They are adapted to the waist, arms, wrists, ancles, chest, or any part of the body with perfect ease. Any Galvanic power that is required may thus be obtained, and no complaint which the mysterious agent of Galvanism can effect, will fail to permanently relieved.

Christie's Magnetic Fluid.

Is used in connection with the Rings and their modifications. This composition has been pronounced by the French Chemists to be one of the most valuable discoveries of modern science. It is believed to possess the remarkable power of *rendering the nerves sensitive to Galvanic action*, by this means causing a concentration of the influence at the seat of disease, and thus giving rapid and permanent relief.

Christie's Galvanic Strengthening Plaster.

These articles form an important addition to the Galvanic Rings, acting upon the same principle, but having the advantage of more local application. *As an effectual means for strengthening the system when debilitated by disease or other causes; as a certain aid in constitutional weakness; as a preventive for colds, and in all affections of the chest generally, the* GALVANIC STRENGTHENING PLASTER will be found of great and permanent advantage.

☞ Numerous certificates and testimonials from many distinguished physicians and others of the North have been received by the Proprietor. These are all from persons of the highest respectability and may be seen on application to the Agent.

The public are respectfully warned against SPURIOUS IMITATIONS of these articles. Dr. CHRISTIE has but ONE authorized Agent in each city of the Union, GUYON & Co., corner of St. Charles and Canal streets, are the sole Agents for New Orleans, of whom alone the genuine articles can be obtained. m1—1m

SANDS'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD OR HABIT OF THE SYSTEM.

This valuable Medicine is now used and universally approved by the most distinguished of the Medical Profession throughout our country, and, by its intrinsic medicinal value, the public generally (but the afflicted particularly) have been made acquainted with its usefulness, in the removal and cure of diseases having their origin in an impure state of the blood. The Sarsaparilla is combined with other ingredients, all of which are held in the highest estimation by the most distinguished physicians.

As a mild aperient, antiseptic and tonic, it contains the three most useful properties of medicine. It purges, purifies and restores. Scrofula, Cancer, Leprosy, all Ulcers and Scrofulous Sores, all Diseases of the Skin, and all internal disorders not organic, but springing from a diseased circulation, give way before its hygeian influence.

The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

MADISONVILLE, Ky., February 22, 1845.

Messrs. A. B. & D. SANDS—Having used your Sarsaparilla in my family, and witnessed its beneficial effects on one my children, I feel it to be a duty I owe the community to make the case public. About two years ago, my little son was attacked with Scrofula or King's Evil, which broke in eight or nine places round the neck or jaw and which finally affected his eyes, rendering him entirely blind. During the first year from the time he was taken, he was attended by several physicians, but continued to get worse until I despaired of his ever getting well. Having seen your Sarsaparilla advertised with certificates of its cure, I concluded I would give it a trial, and accordingly sent to Cincinnati and procured a few bottles, and now, after having used in all nine bottles, I have the gratification of saying he is well. The sores are all entirely healed and his sight nearly as good as ever it was; and I have no hesitation in saying that he was entirely cured by the use of your Sarsaparilla.

Yours, truly, B. BASSETT

NEW YORK, April 22, 1845.

Messrs. A. B. & D. SANDS: Gentlemen,—I was troubled with a severe ulcer on my ancle, which extended half way up to the knee, discharging very offensive matter, itching, burning, and depriving me of my rest at night, and very painful.

I was recommended to use your Sarsaparilla by Mr. James McConnell, who had been cured by it, and after using five bottles I was completely cured.

I have delayed sending you this certificate for one year since the cure was effected, in order to ascertain with certainty whether it was a permanent cure, and it now gives me the greatest pleasure to add that I have neither seen nor felt the slightest reappearance of it, and that I am entirely well.

Yours, very truly, SARAH M'INTYRE.
240 Delancy street, New York.

MOBILE, Ala., Nov 29, 1845.

Messrs. SANDS,—I deem it an act of justice to myself and the community at large, to relate the following facts which occurred in our neighborhood in the latter part of July last. Jane C——, a young girl aged fourteen years, was afflicted with an immense sore on the middle of her back, which defied all the treatment of medical skill. At last some person mentioned to me your Sarsaparilla, and I immediately procured two bottles of Messrs. Mosely & Tucker, your Agents in this city, which I gave to her. I called to see her the next day, and she told me had taken two doses and felt very much relieved. I laughed immoderately at this, but she said it was really so, and gentlemen, in a word, in two weeks from the time she commenced taking it, there was neither sign nor appearance of where the sore had been.

Yours, respectfully, J. G. HOUSEMAN, 93 Dauphin st.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets which may be obtained of Agents gratis.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 100 Fulton street, New York.

Sold also by SICKLES & CO, 24 Magazine and 40 Canal street; A OLIVER & CO, and L J DUFILHO, Jr, New Orleans; MOSELEY & TUCKER, Mobile, and by Druggists generally throughout the United States. Price $1 per bottle—Six bottles for $5.

☞ The public are respectfully requested to remember that it is Sands's Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject; therefore ask for Sands's Sarsaparilla, and take no other.

TARRANT'S EFFERVESCENT SELTZER APERIENT.—The unrivaled preparation which this agreeable preparation enjoys, sanctioned by the most distinguished of the medical faculty, is the surest guarantee of its efficacy, and is conclusive evidence that it will prove one of the most deservedly universal medicines ever introduced, and eminently worthy the patronage of our citizens.

This preparation possesses all the active medicinal properties of the famed "Seltzer Spring" of Germany, with such additions and improvements, greatly increasing its beneficial effects—retains all the sparkling effervescence of a glass of soda water—exerts over the system a healthy action, and thus invariably proves its great efficacy and success. A teaspoonful of this Aperient in a tumbler of water, before breakfast, will generally be found sufficient in all cases of pain in the head, excess of bile and acidity of the stomach. Taken in this manner it never interferes with the avocations of the day, and invariably creates an elasticity of mind and flow of spirits which gives a zest to every enjoyment. In dyspepsia or indigestion, irritability of the stomach or occasional flatulency, a speedy removal of the unpleasant symptoms is the result of the use of this preparation, in a sufficient quantity, is recommended, to induce a full evacuation of the bowels, thereby affording immediate relief; the unpleasant feeling is removed, the irritability of the stomach soothed, whilst the appetite again resumes its former healthy state.

The energies of that important organ, the liver, may be effectually restored when in a torpid state, or when the liver is not a due secretion of bile, by the use, for a short period, of a tea spoonful of this Aperient, taken in the morning on rising.

All febrile symptoms will be allayed by taking a teaspoonful occasionally during the day, and being peculiarly grateful to the stomach, forms a delightful effervescent draught.

Captains of vessels would find this preparation a very desirable medicine for family use at home or when travelling. Its agreeable flavor, its life, its medicinal virtues and portability, neatness of preparation and simplicity in using, renders it far superior to any other ever offered to the public.

TESTIMONIALS.

FROM M. PRICE MOORE, M.D.

"I have used your Effervescent Seltzer Aperient in several cases, with very happy results. As a mild Aperient, it has advantage over all other Aperients, particularly in cases of great debility where it is important to save the strength of the patient. It can be made a pleasant draft, and given in such doses as to obtain the object in view. As a family medicine, I think very highly of it, and as such, can be freely used during the summer months."

New York, Nov 18, 1844.

FROM JAMES TRUDEAU, M. D.

"I have often prescribed your Effervescent Seltzer Aperient in this city, and have always been pleased with its operation. It is, in my opinion, a pleasant, safe and mild laxative, calculated to please the most fastidious. To persons residing in warm climates, where a congested state of the liver is a frequent cause of disease, it is a most valuable medicine."

SHEET LEAD AND IMPROVED PATENT LEAD PIPE.—The subscriber continues to manufacture his Improved Leaden Pipe, and solicits the attention of Planters and others to the same. This pipe affords great facility for the conveyance of water from long distances either from springs or by pumps from streams, and merits the notice of residents on the Coast for the supply of their establishments. It can be made of any size, from one fourth to four inches calibre, as may be desired, and affords decidedly the cheapest medium for the purpose.

Orders for the above will be filled at short notice by application to the manufacturer.
