MEDICAL.

DR. HOOFLAND'S
CELEBRATED
GERMAN BITTERS,
PREPARED BY
Dr. C. M. JACKSON, Philad'a, Pa.,
WILL SPECIALLY CURE
LIVER COMPLAINT, DYSPEPSIA,
Jaundice, Chronic or Nervous Debility, Diseases of the Kidneys, and all Diseases arising from a disordered Liver or Stomach.

Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Misgivings of Evil, and Great Depression of Spirits.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of the last twenty years; first before the American people, and since introduced to Europe, it has met by any similar preparations extant. The testimony in its favor, given by the most eminent and well known Physicians and individuals in all parts of the country, is unanswerable, and a carefully perused of the Almanac, published annually by the proprietor, and to be had gratis of any of his agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

Principal office and manufactory No. 98 ARCH Street, Philadelphia.

Testimony from Louisiana.
