SANDS' SARSAPARILLA, FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD.

The operation of this preparation is [illegible] a tonic, strengthening the digestive power and [illegible] the appetite, as an aperient, peculiarly suited and [illegible] of laxative effect, and as an antiseptic, purifying [illegible] of the body, and neutralizing in the blood the active principle of disease. The many well authenticated cures of Scrofula of the most malignant character, wrought by Sands' Sarsaparilla, have given it a wide and deserved celebrity. But it is not alone in Scrofula nor in the class of diseases to which it belongs, that this preparation has been found beneficial. It is a specific in many diseases of the skin, and may be administered with favorable results in all; it also exercises a controlling influence in bilious complaints; and when the system has been debilitated either by the use of powerful mineral medicines or other causes, it will be found an excellent restorative.

"TRUTH IS STRANGER THAN FICTION."—LET THE FACTS SPEAK FOR THEMSELVES.—The following certificate is only another link in the great chain of testimony to its merits. Let the afflicted read and be convinced; what it has done once, it will do again.

CHARLESTOWN, Mass. Sept. 23d, 1845.

This may certify that my son, now aged seventeen, has been for ten years afflicted with the Scrofulous Humor.—At the age of seven years he had the measles, which probably caused this humor to make its appearance in a most singular way, covering his body from his head to his feet with small tumors. I consulted a Doctor of Medicine, and he examined him three days in succession, and not understanding his case advised me to consult Dr. Rogers, of New York, I then being a resident of that city. After a long and critical examination, having more than thirty other medical gentlemen with him at the time, he pronounced it Scrofula, or King's Evil. The child was then prescribed for, and commenced taking medical drugs from that time.—He grew worse until June of 1837, and then his bones became affected in consequence of the mercury that had been given him. A piece of bone came away from his under jaw, in the first place, as large as an English walnut, a piece from his forehead as large as a sixpence, and a piece from near the crown of his head. It then went to the back and side, and discharged in three places. From thence to one of his limbs, separating, in consequence of the ulceration, the muscles and cord from the bones of the ancle joint on the back part. He had at one time fifteen running sores of issues from the glands of the throat and those places I have mentioned. In 1840 I lived in Portsmouth, N. H. and he was attacked with a Rheumatic Fever, which settled in his hips, which swelled as large as three of the other.—Being under medical treatment, they gave him laudanum until he lost his reason—then I became alarmed and sent for a Thompsonian. His medicine helped his hip and restored his mind and reason. The third time we was attacked with this fever in 1843, when hearing of Dr. Sands's Sarsaparilla, and being perfectly satisfied that all other medicines had failed of effecting a cure, I sent and procured [illegible] bottles, and by the time he had taken it all I considered him well. Those places healed—he became bright and lively—color came to his face and lip—from that time till the fall of 1844, his complaints never troubled him.—At that time he became deaf, which continued until last March, when his right eye became affected; from that to the left eye, covering the sight of the eye so that he was in a great measure deprived of sight.

Knowing that Dr. Sands' Sarsaparilla was the only medicine that had ever done him any good, I applied to Mr. Fowle, Apothecary at Boston for more. He has taken fifteen dollars' worth which has removed the humor from his eyes and hearing, and he now appears to be cured, and radically so. I verily believe all this latter trouble might have been avoided if I had continued thoroughly the use of Dr. Sands' Sarsaparilla when he was under the influence of the medicine the first time.

These are the simple statements of the facts of the case, and I feel it my duty to make those facts known to the public for the benefit of those who may be afflicted in like manner, feeling a full conviction the cure has been effected solely from the effect of this invaluable medicine.

HANNAH W. BECK, 238 Main st.

Suffolk, ss. Boston, October 19, 1845.—Then personally appeared the above named Hannah W. Beck, and made oath that the above certificate, by her subscribed, and statements therein contained are true.

Before me, JAMES RICE, Justice of the Peace.

MANDEVILLE COLLEGE.

THE Course of Studies pursued in this Establishment is now complete. The number of Professors has increased with the number of Students. Its American and Creole patrons may flatter themselves with having created an Institution which rivals the best Colleges of the North. The facility of acquiring not only a theoretical, but also a practical knowledge of ENGLISH and FRENCH is peculiar to this College: these languages being spoken both in the class rooms and during recreation. The course of studies embraces the different branches of the MATHEMATICS, the ENGLISH, FRENCH, SPANISH, LATIN and GREEK languages, LOGIC, RHETORIC, HISTORY, GEOGRAPHY, PENMANSHIP, STENOGRAPHY, DRAWING, MUSIC and FENCING.

The clothing, washing, food and play ground, are with the Directors, objects of particular care and attention.

The breezes of the Lake, its salutary baths, the walks in the surrounding woods, fishing and gymnastic exercises, preserve the Students in a state of almost uninterrupted health. ROBERT PALFREY, Esq.,
au9—y of the City Bank, is Agent for the College.
