Embalming the Dead

P. CASANAVE,

CABINET MAKER

No 5, Marais street between Customhouse and Bienville, (Second District)

HAVING purchased from Dr Holmes, of New York, the rights of EMBALMING THE DEAD by the Metallic process, not only in the city of New Orleans, but also in the other side of the Mississippi, that orders will be attended to at hours, by day or by night. He avails himself of the opportunity to assure the public that the bodies are not disfigured, nor in any manner whatever mutilated, but remain in their natural state.

He has had a large tomb erected in Cemetery No. Two, Bienville street, similar to those in Greenwood Cemetery, New York, and which is destined to receive temporarily embalmed bodies previous to their being taken for interment in other countries. The bodies may be embalmed within eight or ten days after death. Relatives and friends of the deceased are admitted to the inspection of the bodies at all hours.

OF DOCTOR

The efficacy of this specific remedy against GOUT and RHEUMATISM is supported by numerous observations, published by celebrated physicians. It will not only stop at once the access, but also destroy the cause of this disease. It is at the same time purgative, sudorific and diuretic, counteracting alternations of the blood, and preventing the return of the gouty affection. It is a powerful remedy against DROPSY, GRAVEL, and all cutaneous diseases, &c. It is a specific against the Fever and Ague. Such constitutional disorder of some constitutions, that the slightest cold or change of weather undermine the health, if it is not removed.

We have labored to find, and have found an antidote.

AYER'S AGUE CURE,

which contains that malicious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does cure this afflicting disorder with perfect certainty. It does more, or rather does what is of more service to those subject to this infection. If taken in season, it will prevent the system and the chill. It will then keep those who use it free from its attacks, keeps the system in health, although exposed to the disease. Consequently it not only cures, but protects from the great variety of afflictions which are induced by this poison, such as Nervous Prostration, Fever, Dumb or Masked Ague, Periodical Headache or Bilious Headache, Bilious Fever, Neuralgia, Rheumatism, Gout, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitations, Painful Affections of the Spleen, Painful Affections of the Liver, Chronic Diarrhœa and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "Ague Cake" removes the cause of these dangerous diseases and cures the disease.

This it accomplishes by stimulating the excretories to expel the virus from the system, and thus organs in a healthy condition are enabled to do their office of their own accord. Hence arises what we term constitutional strength, which keeps the same end, but relies life is nothing enough, or is exactly fled in the attempt, we believe Ayer's Ague Cure is a sure, and, we add, safe remedy. We do not say we believe this is a sure as well as safer remedy for the prevention of Fever and Ague than any other which has ever been discovered, and it has stood a longer and more varied test before the public, which, at that, it is cheap as well as good.

AYER'S CHERRY PECTORAL

has won for itself such a renown for the cure of every variety of Throat and Lung complaint that it is entirely unnecessary for us to recount the evidence of its virtues which has been received. Asthma has long been in contact use throughout this section, we believe, and we know of no remedy for the relief of this distressing complaint which is so prompt to the best it ever has been. Its quality is equal to the best it ever has been, and it may be relied on to do for them what it always has done for others.
