H. L. MILLER'S HAIR INVIGORATOR,

AN EFFECTIVE, APPLIED BIOLOGICAL COMPOUND FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR—imparting to it an unequaled gloss and brilliancy, making it soft and silky to the touch—in the lowest degree cost readily.

The great celebrity and the increasing demand for this unequaled preparation convince the proprietor that one trial is only necessary to satisfy a discriminating public of its superior qualities over any other article of pretension at present in use. It cleanses the head effectually from dandruff and other cutaneous diseases, renders the hair very gracefully pliable, imparts a rich, glossy appearance, and also where the hair is becoming old and hilless, will give strength to the roots, and restore the growth in those parts which have become bald, causing it to yield a fresh crop of hair.

There are hundreds of ladies and gentlemen in New York who have had their locks not restored by the use of this invigorator, when all other preparations had failed. It M. has in his possession hundreds of certificates, testifying to the above fact, from persons of the highest respectability. It will adamantly prevent the hair from turning gray, and within a period of three weeks from its use the hair has already changed its color, the use of the invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a dressing for the toilet it is a Hair Restorative, it is particularly recommended, having an agreeable fragrance; the great facilities it affords in dressing the hair, which, it not moist with the invigorator, will be seen by any required form so as to preserve its gloss, whether plain or in curls—hence the great demand for it. It is not a *standard toilet article* which some might lay by without, as the price places it within the reach of all. Price
