Patented in France and abroad, opening and closing at every dip of the pen. Warranted INVARIABLE, self-guiding, and not directed by the paper, like rolling rules—managed with one hand, and marking with rapidity lines whether straight, waved, curved or otherwise. It is a valuable implement in lithography, architecture, drawing, notation of music, and public offices. Its mechanism is invisible, and the rule is as readily employed as an ordinary one.

LEAD PENCIL SHARPENER,

It sharpens rapidly, without breaking the lead, every kind of office or drawing pencil, and may be used upon hundreds of pencils without losing its edge. Its construction, moreover, is quite simple. It is appropriately termed everlasting. Being flat, it may be easily carried about the person.

DENTIFRICE WATER OF DOCTOR HENOQUE,

M. D. OF THE FACULTY OF PARIS,
SURGEON-DENTIST, Chevalier of the Legion of Honor.
(Gold Medal.)

Dr. HENOQUE has proved, during a long practice, that the loss of teeth and diseases of the gums often proceed from the use of Dentifrice Waters or Powders containing noxious substances. A too credulous public accepts but too easily these dangerous mixtures which are found in commerce.
Struck with these evils, Dr. Henoque, combining a thorough knowledge of chemistry with a serious study of the hygine of the mouth, has composed, in a view of general utility, a Dentifrice Water, the very high properties of which have been consecrated by experience and recognized by several learned bodies.
Dr. Henoque's Dentifrice Water fastens loose teeth, prevents caries, or stops its progress.
It will calm and often cure the most acute pains of the teeth.
It may be used with success in the ulcerations, the mollifying, and chronic inflammation of the gums.
The habitual use of Dr. Henoque's Dentifrice Water will keep the mouth in a healthy condition, and impart to it an agreeable perfume.
Dr. Henoque's Dentifrice Water helps to preserve artificial pieces, and maintains them sweet and wholesome.
Sold by Dr. HENOQUE, Surgeon-Dentist, SAINT HONORE STREET, PARIS.
N. B.—Each bottle has a label with Dr. HENOQUE's signature, and should also bear the imprint of his seal. The words Eau of Dr. Henoque and the Cross are moulded in the glass. Price, 3 and 5 francs a bottle
Sold by the principal druggists and perfumers of New Orleans and in Louisiana.

H. FLON'S SYRUP This SYRUP is SWEETLY FAVORED, and enjoys a well deserved favor for the cure of COLDS, COUGHS, CATARRHS, HOARSENESS, WHOOPING COUGH, and all IRRITATIONS and NERVOUS AFFECTIONS of the CHEST, stomach and abdomen. Was admitted to the Great New York Fair.
Made in Paris, No. 26 Taitbout street.
SOLD—In NEW YORK, at LEROY, apoth., 771 Broadway; at FOUGERA Bros., druggists, 30 North William st.; in NEW ORLEANS, at ED. GUILLOT, druggist, 148 Royal street; in HAVANA, at HERMANN's pharmacy, 39 calle del Obispo; St. Thomas, at M. Nunez; Mexico, at Maillefert Brothers.

DR. WESLEY GRINDLE'S
CELEBRATED
MAGIC COMPOUND,
A POSITIVE CURE FOR
Pulmonary Consumption.

Also, an effectual cure for Scrofula, Dyspepsia, (Cutaneous Eruptions, Bilious Disorders, Chronic Rheumatism, General Debility, and all diseases depending upon an impure state of the blood.

PRINCIPAL DEPOT, NO. 54 WHITE STREET, N. Y.
Patients, the gorgeous sunshine of hope may now be realized; for this remedy not only relieves, but some actually cure this horrible disease. But one trial will surely prove the fact. Do not fall into an early grave, when a sure remedy is at hand.
Some poor sufferer, full of anxiety and doubt in regard to what we say, may ask, Can your medicine restore a portion of lung that disease has entirely destroyed, leaving a cavity? We answer, certainly not, neither is this necessary in order to effect a perfect cure. If the treatment be commenced in season, but little or no portion of the lung is lost. It is necessary only to arrest the disease; and when this is done, the concrete substance deposited in the tissue of the lung, technically known as tubercle, becomes absorbed, leaving, perhaps, a little calcareous substance which is quite harmless, and the patient finds himself in possession of whole lungs and sound health. But suppose the disease is not arrested at this early stage. The softened tubercle produces irritation; the irritation brings on inflammation of that part of the lung; the inflammation leads to ulceration, and the destruction of a portion of the tissue is the result, a cavity is formed which enlarges and does its work of death, unless the deposit of tubercle is arrested. Now, does your remedy effect a cure? Most assuredly it does. As soon as the disease is arrested, the purtial matter is absorbed or expectorated, and nature either furnishes the cavity with a lining membrane, or what is more common, where it is of large size, its walls fall together and heal up, leaving a scar; and the remaining portion of the respiratory apparatus, true to a law running through the whole physical economy, becomes somewhat enlarged, takes on increased action, and suitably compensates for that which has been lost.
The medicine is in a powdered state, but readily prepared for using in a liquid form, according to the directions which accompany it. Dispatches are promptly made by mail and express.
PRICES—One box, $3; three boxes, ordered at one time, $8; half dozen, $14; one dozen, or any number greater, $2 a box. The postage in the United States, not over 3000 miles, is 18 cents a box. In all cases the amount should be inclosed in money or stamps. We are responsible for all moneys sent us by mail

HAS REMOVED
From No. 268 Royal street to 150 Royal street, between Toulouse and St. Louis streets.

ERADICATES CORNS and BUNIONS, and NAILS which have entered the flesh, without the least pain to the patient, after which the patient may wear his shoes. Price, $1 per corn, or $10 a year, by subscription. According to the terms of subscription the feet are examined monthly, from 1 to 5 P. M. at the residence of Mr. LEVY. He will call on ladies. I was informed that there are in New Orleans Pedicures who pretend to cure Corns; I have been residing in the city for the last ten years, and have never seen any one who cured them radically, except the Corns of persons walking barefooted. I have now upwards of 250 subscribers. My operations have given general satisfaction, and I hope still to enjoy public confidence.

TO PERSONS WEARING SPECTACLES

THIS is not a personal matter, but merely a friendly advice to my customers and all those who wish to preserve their sight unimpaired. The visual organs are of sufficient importance to require the greatest care in the selection of glasses when one is compelled to resort to spectacles. We must consequently guard against high-sounding advertisements published by charlatans, who care very little for the eyes of purchasers, and whose only object is to sell as many spectacles as they can at extravagant prices.
Purchasers must not suffer themselves to be deceived by a pair of spectacles which make things look larger beyond measure. Our sight is almost always injured, sooner or later, by our seeing too clearly. The glasses must be sufficiently strong, and others ought not to be taken unless the change cannot possibly be avoided.
I am of opinion that every one has a perfect right to dispose of his goods as he chooses, but I also deem it my duty to caution those whose confidence I have enjoyed for many years, against pompous articles about new discoveries, such as "Brazilian Pebbles," "Arkansas Pebbles," &c, &c. Those names are only given for the purpose of attracting public attention, and there is not a word of truth in what is said. There is but one kind of good spectacle glasses, whether made of ordinary or pebble glasses, it is those which are well finished, and pure, and suit the eyes without fatiguing them.
I am satisfied that physicians and competent persons generally, concur in the above expressed opinions. C. DUHAMEL, Optician,
