The happy results obtained by its usage in the affections of the lungs and consumption, have rendered it invaluable.

This paste has the power of calming irritations of the lungs immediately, facilitates the expectoration, and stops the cough. It is one of the best remedies in colds, catarrhs, &c., which yield immediately to its effects. Pyrochondria the best standing in Paris have tested its effects in many cases, and have recommended its use in all lung affections, and in case of consumption as the best remedy we know of. INDIAN'S PANACEA.

FOR the cure of scrofula or king's evil, incipient cancers, syphilitic and mercurial diseases, particularly ulcers and painful affections of the bones, ulcerated throat and nose, ulcers of every description, rheumatism, sciatica or hip gout, tetter and cutaneous eruptions, scaldhead, scurvy, biles, chronic sore eye ne, erysipelas, cutaneous diseases, chronic catarrh and headache, fever sores, costive cases, pain in the stomach and dyspepsia, proceeding from vitiation, affections of the liver, chronic inflammation of the bowels, and all cutaneous diseases, this unrivalled medicine is the vessels of the skin. It is singularly efficacious in removing those constitutions which have been broken down by injudicious treatment or mercurial irregularities. In general terms, it is recommended in all those diseases which arise from impurities of the blood, or vitiation of the humors, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the Indian nations of this country, and its is selected from the most approved and successful medicines which they use.— It is offered to the public by the proprietor, with the conscientious hope that he is placing within their reach, a remedy capable of relieving many of his afflicted fellow-beings, who are suffering under the various chronic and obstinate complaints to which he specifies. The wish is all prompts the means, and in many cases, the only means of relieving *their sufferings, and restoring them once more to health and happiness.* The proprietor is so confident of the fact, that may perchance be equally good with many others now in use, and on which it is capable of saving life in many extreme cases, when all the usual remedies fail. This is not done repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many ambiguous diseases not here specified, and it has been used with wonderful success as a spring and fall purifier, by those who are not subject to various complaints, and whose constitutions require invigorating. Whenever a diet drink is necessary this Panacea, taken in small doses, will answer all its purposes in much less time, at less expense, and in a far more agreeable manner than the common diet drinks.

The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea, in the various complaints mentioned, and have also to exhibit in the most satisfactory manner its *superiority over other similar preparations:*

Case of Thereseta Theriot, Mandeville, Ga.

Charleston—Jan. 30, 1839.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several medical gentlemen, both in Philadelphia and Charleston, and also took several bottles of Swain's Panacea, but all without permanent benefit.—During this last winter I was taken with an ulcerated throat which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, and at last thought I should be choked by a suffocating starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, and continuing on rapidly this last month I found myself quite well, and I have remained ever since.

ISAAC B. McCLELLAND, C. & M.

Baker—Complainants state that said Scott and Hall owe them a balance of $1,193, 31 cents, for rent of a plantation in New York, 3d March, 1837, and due at six months, that the said defendants Lay, left Tennessee, leaving sufficient property and do not pay the said debt, and have attempted action of the vessels of the state. It is singularly efficacious in removing those constitutions which have been broken down by injudicious treatment or mercurial irregularities. In general terms, it is recommended in all those diseases which arise from impurities of the blood, or vitiation of the humors, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the Indian nations of this country, and its is selected from the most approved and successful medicines which they use.—It is offered to the public by the proprietor, with the conscientious hope that he is placing within their reach, a remedy capable of relieving many of his afflicted fellow-beings, who are suffering under the various chronic and obstinate complaints to which he specifies. The wish is all prompts the means, and in many cases, the only means of relieving *their sufferings, and restoring them once more to health* and happiness. The proprietor is so confident of the fact, that may perchance be equally good with many others now in use, and on which it is capable of saving life in many extreme cases, when all the usual remedies fail. This is not done repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many ambiguous diseases not here specified, and it has been used with wonderful success as a spring and fall purifier, by those who are not subject to various complaints, and whose constitutions require invigorating. Whenever a diet drink is necessary this Panacea, taken in small doses, will answer all its purposes in much less time, at less expense, and in a far more agreeable manner than the common diet drinks.

The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea, in the various complaints mentioned, and have also to exhibit in the most satisfactory manner its *superiority over other similar preparations:*

Case of Thereseta Theriot, Mandeville, Ga.

Charleston—Jan. 30, 1839.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several medical gentlemen, both in Philadelphia and Charleston, and also took several bottles of Swain's Panacea, but all without permanent benefit.—During this last winter I was taken with an ulcerated throat which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, and at last thought I should be choked by a suffocating starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, and continuing on rapidly this last month I found myself quite well, and I have remained ever since.
