GOURAUD'S ITALIAN MEDICATED SOAP.

LANGUAGE is powerless to set forth one tithe of its wonderful properties, but the high need of public approbation has so decidedly and unchangeably stamped the superiority of this remarkable Soap, that to doubt its efficacy in the curation of tan, freckles, sunburn, sallowness, pimples, ringworm, obstinate old sores, salt rheum, worms in the skin, and other cutaneous disfigurements, is to imply a doubt of the existence of truth itself. It is, besides, the very best shaving Compound ever used.

Equally famous is Gouraud's Poudre Subtile, for eradicating superfluous hair from any part of the body.

Gouraud's Hair Restorative, or Circassian Gloss, is a beautiful preparation for the hair, preventing its falling out, increasing its growth, and making wiry, harsh hair, soft, silky and and glossy. Trial bottles, 25 cents each.

Gouraud's Liquid Hair Dye will instantly change red or gray hair to a beautiful brown or black.

Gouraud's Liquid Rouge is a superb article for giving a rose stain to pale lips and checks, defying detection by rubbing.

Gouraud's Lily White is an unrivaled production for rough, flushed, sluggish complexions.

Dr. Felix Gouraud's preparations can only be had genuine at his sole agent, G. FARGUE, Fancy Goods Store.

ja28 3m 26 St. Charles st., under the Verandah.

Dr. Ed. Martin's Vermifuge.

Purely Vegetable, without any unpleasant Taste or Smell.

THIS SYRUP is the result of several years study, during which Dr. Martin has effected a hundred cures against all kinds of diseases occasioned by worms. The facility with which it can be given to children, its surprising effects, and the tonic virtue of the substances which compose it, are sufficient recommendations for families. Far from weakening or debilitating children, by too frequent evacuations, this Vermifuge strengthens them and expels intestine's worms, which are the source of all the diseases occasioned by our climate. Parents may feel perfect safety in giving it to their children, according to the dose mentioned on the phial itself. Its taste is agreeable, and will cause it to be preferred to all other preparations. No bad smell—nothing disagreeable—will prevent the most delicate children from taking it without the slightest difficulty.
