AYER'S SARSAPARILLA,

A COMPOUND REMEDY, designed to be the most effectual *Alterative* that can be made, from the concentrated extract of Para Sarsaparilla, so combined with other vegetables of the most alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is desired by the public, suffering from Scrofulous complaints, and that one which will accomplish their cure must prove of incalculable service by this large class of our afflicted fellow-creatures. Hitherto, compositions compounded with the hope of supplying a preparation for such of the worst cases to be found of the following complaints

Scrofulous and Scrofulous Complaints, Eruptions and Eruptive Diseases, Tetter, Erysipelas Blotches, Tumors, Salt Rheum, Scald Head, Ulcers, Syphilitic affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia or Indigestion, Dyspepsia, Nose or Throat Ulcers, Pain in the Bones, Blotches or Eruptions arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which have lurked in the system all winter of the year. By the timely expulsion of them many troubling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, experience immunity from the severe or foul eruptions and ulcerous sores, through which the system will strive to free itself of corrupting or diseased matter. In this way many a painful disease is avoided by the natural channels of the body, as all diseases cannot but be expected to ensue, when the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is clogged and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Keep the blood pure and the health will follow; expel bad humors, and live longer, for a certainty the blood is the life, and healthy, and all is well, but with the pabulum of life corrupt, there can be no lasting health. Sooner or later something must go wrong and the great machine of life be disordered and overthrown.

Scrofula has long, and deservedly much, the reputation of accomplishing these ends. But the world has been egregiously deceived by pretenders, if, partly because some of the slops that have had all the virtue that it could contain, it but more because many preparations pretending to be compounded of Sarsaparilla, are by adding to it the virtue of Sarsaparilla, or say they use

For the last forty years the public have been misled by large bottles, pretending to give a quart of Sarsaparilla for one dollar. Of these the vast majority are frauds upon the public, for they contain little, if any, Sarsaparilla, but often no curative properties whatever. Honest, skilled and careful diligence has been the use of the various extracts of Sarsaparilla which Ayer has manufactured and the public have learned and has become strongly made with imposition and cheat. Ayer's Sarsaparilla compound is concentrated, and to supply such a remedy, it shall create the demand from the land of obloquy which has risen upon it. And we do not hesitate to say that it has the virtues which are ascribable by the ordinary run of the diseases it is intended to cure. In order to secure the desirable preparation from the injection, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO.,
LOWELL, MASS.
