TARRANT'S CORDIAL ELIXIR OF TURKEY RHUBARB.

FOR THE CURE OF DYSPEPSIA OR INDIGESTION, BILIOUS AND NERVOUS HEADACHE, CONSTIPATION, DIARRHŒA, GOUT, RHEUMATISM, GRAVEL, FLATULENCY, &c. &c.

THIS PREPARATION is made from the best Turkey Rhubarb, and possesses all its valuable properties, combined with such aromatics as will be found materially to assist in its operation, and is thereby rendered an exceedingly useful medicine in a variety of affections where a cordial aperient is required.

As a medicine, Rhubarb (the Turkey) has for a considerable period held a high place in the medical world, and has thus far proved itself eminently deserving its great reputation, through the valuable properties it universally conceded to be peculiar to it, when procured in its pure state.

In cases of Dyspepsia or Indigestion, it is an invaluable remedy; and as a preventive of the various diseases arising from that very disagreeable complaint, holds a high place in the estimation of the medical profession.

In cases where griping pains affect the stomach and bowels, this preparation is strongly recommended, whilst it also will be found a good alternative in relieving Flatulency. To persons afflicted with Gout, (and it has enjoyed high praise from those who have already experienced its good qualities,) it is confidently offered, as it can at all times be taken when a cooling purgative would otherwise be attended with danger.

This preparation cannot be too strongly recommended to the many thousands now suffering from Dyspepsia or Indigestion, and its consequences. Bilious and Nervous Headache, Diarrhœa, Constipation, Gout, Rheumatism, Flatulency, Gravel, &c., as the utmost reliance can be placed on it, both as to its innocent nature and highly curative qualities.

Prepared and sold wholesale and retail, by JAMES TARRANT, Druggist, &c., corner of Greenwich and Warren sts, New York.

☞ ALSO, by SICKLES & Co, Wholesale Druggists and Apothecaries, No. 40 Canal and 24 Magazine sts., Agents for the Proprietor.
j11

SANCTIONED AND PATRONIZED BY THE MOST EMINENT OF THE MEDICAL PROFESSION.

"By merely pouring water on a tea-spoonful of this Aperient, a cooling and grateful effervescing beverage is obtained, resembling Soda Water to the taste, and imparting to the constitution all the benefits of the celebrated Seltzer Waters of Germany."

TARRANT'S EFFERVESCENT

SELTZER APERIENT.

"Of all prescriptions made up with a view to alterative effect, none can be compared with Mineral Waters."—Jones Bell, M. D., F. P., &c.

"These waters revive the languishing circulation, give a new direction to the vital energies—re-establish the perspiratory action of the skin, bring back to their physiological type the vitiated or suppressed secretions, provoke salutary evacuation, either by urine or stool, or by transpiration; they bring about in the animal economy an intimate transformation—a profound change."—Patissier.

MEDICAL MEN of eminence concur in the highest terms the preparation known as "Tarrant's Effervescent Seltzer Aperient." Could the numerous flattering testimonials which its successful and valuable medicinal powers have elicited from the most distinguished Physicians be here submitted for inspection or would the columns of a newspaper permit their insertion, proofs of its efficacy Unexampled and Unimpeachable would be exhibited, to satisfy the incredulous and dispel the doubt of even the most sceptical, and it would stand forth to the world in triumphal success, (as in truth it) the most agreeable, refreshing and effectual medicine ever offered for the cure of those diseases which are engendered under the heat of a Tropical Sun. In the practice of Physicians, this Aperient has entirely superseded the Seidlitz Powders, on account of its superior medicinal properties—its mild though sure effect upon the system—as agreeable flavor and the certainty of its positive preservation from dampness. The extreme quickness with which the Seltzer Aperient may be prepared—its delightful effervescence and gentle action upon the bowels are qualities which likewise claim for it a superiority and must without fail, enlist in its favor the friendship and patronage of all who have ever tasted the beneficial operation of this deservedly celebrated Aperient. The unanimity with which medical men join in its praise, is a sure guarantee that it is deserving of the character they have given it in the numerous testimonials received by the proprietor.

Its success in Bilious Affections, Dyspepsia or Indigestion, Heartburn, Febrile Disorders, Gout, Acidity of the Stomach, &c, and all the various complaints caused by the sudden changes of temperature, so usual in warm latitudes has been so great, that it has been highly recommended, and has in consequence been generally prescribed, and the most satisfactory results have invariably followed. In a torpid state of the Liver, its action upon the system has been so beneficial that its energies have been revived and its healthy tone restored.

Planters and residents at a distance from medical advice, would find the Seltzer Aperient an useful and in fact an indispensable addition to their medicine chest, and would obtain by its introduction into their families, a remedy possessing high medicinal properties, and which would in the various cases to which the climate exerts salutary influence upon the system debilitated by the excessive heat, and restore the languishing circulation to an active and healthy condition. Its virtues have been found wholly unimpaired even on shipboard, nor have they been tainted by in any climate to which it has been sent. This is a valuable property and deserves the careful notice and attention of travellers and others.

In the Seltzer Aperient, such improvements have been made as are calculated to increase its efficiency by the addition in greater quantities of those ingredients, which impregnate the composition, and which are esteemed the most valuable, and the rejection of those which have been found unnecessary or injurious in their tendency; hence it is the opinion of intelligent Physicians rendering this preparation superior or more health restoring than the natural waters.

PROCLAMATION.

A. MOUTON, Governor of the State of Louisiana.

EXECUTIVE OFFICE. New Orleans, May 20th, 1845.

WHEREAS, the State Convention lately assembled in the city of New Orleans, for the purpose of re-adopting, amending or changing the Constitution of the State, has ordered that "the Governor shall issue his proclamation, directing the several officers of the State, authorized by law to hold elections for members of the General Assembly, to open and hold a poll in every parish in the State at the places designated by law, upon the first Monday of November next for the purpose of taking the sense of the good people of this State in regard to the adoption or rejection of this Constitution; and it shall be the duty of said officers to receive the votes of all persons qualified to vote under the old Constitution and under this Constitution. Each voter shall express his opinion by depositing in the ballot box, a ticket whereon shall be written "the Constitution adopted" or, "the Constitution rejected," or some such words as will distinctly convey the intention of the voter. At the conclusion of the said election, which shall be conducted as every respect as the General State Election is now conducted, the Parish Judges and Commissioners designated to preside over the same, shall carefully examine and count each ballot as deposited, and shall forthwith make due return thereof to the Secretary of State, in conformity to the provisions of existing laws upon the subject of elections."

Now therefore, I have thought proper to issue this my proclamation, notifying the qualified voters throughout the State of the premises aforesaid, and commanding all the Parish Judges, Commissioners and other officers therein concerned to be by the people to assemble and vote for the or rejection of the Constitution, upon the third day of November next, being the first Monday of said month, and cause the same to be conducted and due returns thereof to be made in the manner and within the time prescribed by law, and the aforesaid ordinance.

Creole Table Mustard. *PREPARED BY LARROQUE.*

THIS Mustard is, both to taste and odor, of the most pleasant kind, and has over all other preparations of the sort an indisputable superiority. In the first place, it is in no way heating, which is a very just cause of complaint in other table mustard. 2d—It stimulates the appetite. 3d—This preparation does not contain any ingredients capable of neutralizing constituent parts of the mustard seed, (Sinapis Nigra) which most of the manufacturers are generous of, and do not scruple to add to their preparations as a way to make use of mustard of which the most essential oil is extracted and make up of the deficiency with other sediments, and give to those worthless powders an artificial tart by adding to it carbonate of ammonia and strongly spiced substances. You can detect the same to injurious to health, by the fact contained below in the stomach of the mustard and to save the genuine article is almost annoyed as felt.
