Parisian Dyeing Establishment.

(Conde street, Nos. 94 & 96, between St. Philippe and Ursuline, and No. 75 Royal street, between Bienville and Conti.)

THE undersigned respectfully informs the Dry Goods merchants and the public in general, that feeling grateful for the patronage which he has been receiving so largely in Conde street, he has opened a new store, No. 75 Royal street, for the convenience of the residents of the Second Municipality and of the first District of the First, where he will receive all orders relative to his profession, being now enabled through his steam apparatus, the only one in the city, to dye all colors, as they are done in France. Competent persons and judges are invited to call and examine the whole apparel; they will be convinced that it is operating on the most approved principle. The pins formerly used in the process, are now dispensed with, thereby saving silks from being torn or scraped. The great rapidity of working enables him to afford a reduction in prices, and Dry Goods Merchants will find it their advantage to send him damaged goods, as they can be made perfectly new at such low prices as no other house can afford to take.

Dyeing and cleaning in general, of all kinds of goods, in whole pieces; of furniture, calicoes and woollen goods; Carpets, Church ornaments, Ball and Theatre dresses, Costumes; Straw and Panama Hats; Parasols, Cashmere shawls, the designs and ornaments being kept in their primitive colors; all kinds of mournings at 24 hours notice, fast colors. Black dyed in any other color.

Crockery Manufactory.

THE Crockery factory at Mandeville has just been completed, and is now prepared to execute and deliver at very moderate prices all commissions which the public may entrust to the proprietors.

In consequence of a clay of superior quality, a collection of the most skilful workmen in Louisiana, and the extreme care and attention bestowed upon all the details of the establishment, the products of the factory at Mandeville surpass in every respect those of other establishments—as well in the fineness of the grain, the solidity and strength of the paste, and the beauty of the varnish; they are particularly remarkable for the elegance and taste of the patterns—a merit hitherto too often overlooked in this department of industry.

The directors of the establishment are prepared to fill the most extensive and varied orders. To gardeners and horticulturists they offer every variety of flower pots, and vases of a quality hitherto unknown, together with vases of antique form, Italian do., and the most select and beautiful patterns. To families they offer every species of culinary and household utensil,—all resisting the action of fire. Finally, to architects they tender a large collection of articles necessary for building and ornament, such as slabs, enamelled squares, parisian lamps for drawing rooms, centre tables, &c. &c. &c.

Sale of a Sugar Estate, Negroes, &c.

To operate a partition between the successions of Pierre Marin and that of Rosemond Fagot.

IN virtue of an order of sale under date the 25th October, 1847, and to me directed by the Hon. the Second Judicial District Court, for the Parish of St. Bernard, in the above entitled suit, I will publicly sell at the St. Louis Exchange, in the City of New Orleans, on the 6th December, 1847, at noon, for the account of said successions,

A Sugar Estate established in the Parish of St. Bernard, at a distance of two miles from the Mississippi river, measuring ten arpents front on the side of the Bayou Bienvenu by the ordinary depth of forty arpents on each side of said bayou, forming the twenty eight arpents of said property, two hundred acres of which are cultivated in sugar canes, corn and peas, one hundred and forty arpents of canes and precious plants to plant about ninety arpents; four hundred more arpents might be cultivated with the aid of a draining machine. This plantation might be easily drained by the purchase of small tracts owned by adjoining neighbors. There are besides on the said plantation, a dwelling house entirely new, a sugar house, mill, draining house, corn house, hay-barn, stables, hospital, kitchen house, pigeon-house, a cookery house, negro huts, corn mill, a shed for sheltering carts; in a word, there are on the said plantation all the necessary buildings to carry on the establishment, together with four hundred and two thousand shares in the capital stock of the Union Bank of Louisiana; seventy nine cows, with their calves, eight oxen, two creek horses, one colt, nine cattle, a threshing-machine, one horse, &c. &c.

Slaves—1. Mary Ann, aged 41 years; Henry, 40 years; Bob, 26 years; Dorothy, 40 years; Gil, 4 years; Sterling, 31 years; Rufus, 41 years; Thompson, 26 years; Coney, 20 years; Jim, 28 years; Aaron, 36 years; Crispin, 35 years; Louis, 44 years; Phillippe, a mulatto, 50 years; Dave, a negress, 24 years; Lucy, 46 years.

The whole to be sold in one lot, on the following terms and conditions—viz:

1. The purchaser to assume the payment of a sum of $12,000 due to the Union Bank of Louisiana, on a stock loan, which debt is secured by the mortgage of said property, matures on the 1st June, 1848, and is renewable according to the charter of said Bank.

2. Seven thousand dollars, which the purchaser may either pay in cash or prolong the payment from year to year until the 1st June, 1850, on the yearly payment of an interest at the rate of 8 per cent per annum from the date of the adjudication.

3. Seven thousand dollars due to Pierre d'Argot, on an hypothecary obligation consented by an act passed before Theodore Rousseau, the parish Judge of the Parish of St. Bernard on the 20th June, 1843, which obligation, though due on the 13th June, 1846, may be renewed up to the 13th June, 1850, on the annual payment of an interest at the rate of 8 per cent per annum, from 13th June, 1847, up to which time the said interest has been paid. The payment of this debt is to be assumed by the purchaser.

Six thousand dollars in ready money, and the balance in four equal instalments at one, two, three and four years, in satisfactory endorsed notes to the satisfaction of the administrators of said succession, to be made by compromise bearing mortgage on the property and until payment; and should any of said notes be not punctually paid at their respective maturity, then the same to bear an interest at the rate of 8 per cent per annum until paid.

The acts of sale to be passed before the recorder of the Parish of St. Bernard.

PIANOS.

[illegible] Pianos, from Paris, an assortment of [illegible] from the factory of Kriegelstein, manufacturer for the King and charged with the furniture of the Queen. Mr. Kriegelstein has obtained in 1844, a premium of Gold, given by the Great Jury of Arts and Mechanics. Mr. Gaudin, during a sojourn of ten consecutive years in New Orleans, has studied the causes of the derangement of that instrument in this country, and has communicated his observations to Mr. Kriegelstein, who had put them to profit. To prevent that derangement, he uses an iron sommier, which takes the instrument on the whole height, and upon which the strings are fixed; that amelioration gives to the instrument a great solidity. Besides, he has neglected nothing so well for the beauty of sound as for that of the furniture. His pianos are splendid, 3 strings, 6 octaves ¾ finely, 82 notes.

GAUDIN will warrant his pianos for one year, and if during that time some accident happens either to the mechanism or to the piano itself which could be attributed as a fault in fabrication, he engages himself to take it back and repay the money. He invites the gentlemen and ladies to call and examine his instruments, at No. 133 Royal street, between St. Louis and Toulouse streets.

☞ He repairs and tunes pianos, and exchanges them. nov24 3m

Messrs. J. FAIVRE & D. ALLOVON,

Already known by the invention of their IMPROVED SYSTEM.

Incontestibly superior to any ever exhibited before to-day, which their rivals themselves cannot deny.

INFORM the public that they now have a fine assortment of Pianos of all kinds, which they will sell at lower prices than all the establishments of this city.

Mr. Allovon having lately gone to France to increase their stock of Pianos, already very considerable, but which the great expense rendered insufficient, now offer to their numerous customers a magnificent assortment of Pianos with elongation of seven octaves, hollow and straight of seven octaves, of iron of their make, with which no other Piano can struggle as to solidity, tone and melody.

Some manufacturers in France wished, by the counsels and fancied experience of merchants of this city, to try and come as near as possible to this excellent iron system, so well appreciated by the people of Louisiana, and which those gentlemen hope will make the enormous difference between their Pianos and the imported ones.

Besides the varied assortment of Pianos made by those gentlemen, we have excellent Pianos of Erard and Pleyel, like those of the self called iron system of other merchants.

TOLET, A large assortment of Pianos of all prices. Toulouse street, No 44, between Chartres and Royal streets. a25 1y
