MEDICAL.

MR. LOUIS DESCHAMPS,

AT the request of his numerous friends, and persons who have been enabled to appreciate all the importance of his wonderful discovery, has just opened an office in Royal street, No. 171, between Toulouse & St. Peter, where every one can call and consult him as to acute and chronic diseases, provided the patient binds himself to follow exactly his prescriptions;—MR. LS. DESCHAMPS is not a Surgeon, but he can through his system, prevent many painful operations, or at least, check the unfortunate consequences thereof.

The cure can be proceeded with without the patient being visited by Mr. Deschamps. d17 1m

WINER'S CANADIAN VERMIFUGE A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases with which children are afflicted are caused by Worms, and thousands of children die annually from those diseases, when the cause is either not known or attributed to something else. Various are the preparations which have been recommended as remedies for Worms, but experience has proved them all more or less ineffectual; the end, however, has at length been attained, and a remedy found which has never failed to destroy Worms, wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

WINER'S CANADIAN VERMIFUGE,

WARRANTED PURELY VEGETABLE.

It is safe in its operation, and more easily administered than any other. Some of the symptoms which indicate the existence of the Worms in the bowels are as follows: The countenance is pale, of a leaden color, and suffused with occasional flushes; the eyes are heavy and dull, the breath fetid, the upper lips swollen, itching in the nostrils, which causes the patient to pick his nose; the sleep is disturbed, the patient often awakening in great fright, and is liable to starting and grinding his teeth; the appetite exceedingly irregular, being sometimes voracious, others feeble and in some instances it is depraved.

To the following certificates numerous might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

Medical Evidence.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal.

G. O'REILLY,
Lieutenant of the R. C. of Surgeons in Ireland, etc.
G. W. DICKINSON,
Member of the R. C. of Surgeons, London, etc.

FROM THE REV. J. FLANAGAN, OF BANBROOK, C. W.

J. Winer—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge; and in one case there were more than fifty expelled. I think there is no medicine of the kind equal to it in every respect. [illegible] JOHN FLANAGAN.

July 16, 1848.

☞ Physicians generally use WINER'S CANADIAN VERMIFUGE. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health. Over one thousand certificates have been sent to the Agents from physicians, druggists, and merchants, bearing testimony to the efficacy of this invaluable remedy. Warranted in all cases.

Prepared only by JOHN WINER, Manufacturing Chemist and Wholesale Druggist, Hamilton, Canada West.

☞ Sold wholesale and retail, at manufacturer's prices by J. WRIGHT & CO., New Orleans.

PROF. ALEX. C. BARRY'S TRICOPHEROUS or Medicated Compound, for beautifying, curling, preserving, restoring and strengthening the Hair, relieving diseases of the Skin, curing Rheumatic Pains, and Healing External Wounds.—Bounded by no geographical lines, the reputation of BARRY'S TRICOPHEROUS pervades the Union. The sales of the article of late years have increased in a ratio that almost exceeds belief. Prof. BARRY, after a careful examination of his Sales Book, finds that the number of bottles delivered to order, in quantities of the year 1853, was within a trifle of 950,000.

It is unnecessary to present at length the evidences of the wonderful properties of the Tricopherous, when the public have furnished such an endorsement as this. The cheapness of the article, and the explanations given of its chemical action upon the hair, the scalp, and in all cases of superficial irritation, first recommended it to the attention of the people. This was all that the inventor desired. Every bottle advertised itself. The effects of the fluid exceeded expectation. It acted like a charm. The ladies would not be without it. Country dealers in every section of the Union found they must have it. And thus the sales went up to a wholesale trade of an extent hitherto unheard of as regards articles of this kind. The highest point has not yet been reached, as it is believed that the sales this year will be a million and a half of bottles.

EDUCATION.

BOURSIER'S INSTITUTION.

French School for young Ladies and Misses, 184, Bourbon, between Rampart and Burgundy.

MR. and Mme. BOURSIER, (lately from France) gladly acknowledge the patronage extended to them by parents and guardians during the first year, being the first of the Institution. As the number of pupils are increasing, Mr. B. has engaged an English Teacher of reputed merit to teach the English classes and give instruction in the elementary and higher branches which are taught in the Institution. The course of instruction embraces:—Reading, Writing, Arithmetic, Geography, Bookkeeping, French, English and Spanish Grammars and composition; Latin and Greek; Elements of Natural Philosophy, Natural History, Botany and Chemistry; Algebra, Geometry, Trigonometry, etc. Parents and Guardians, as well as pupils, are at liberty to designate the course of instruction required, which must be in progressive order, according to the capacity of the pupil.

MADAME BOURSIER will constantly superintend the female departments, where those desiring it, can receive, in addition to the above, instruction in Needle work and Embroidery, Music on the Piano forte, Dancing, and other necessary accomplishments. And as the strictest attention is paid to good manners and morality, none but those who will submit to the rigid discipline of the Institution will be allowed or accepted in the classes.

A spacious dwelling and its appurtenances, well ventilated and calculated for day scholars and some boarders, afford many peculiar advantages in respect to comfort, location and salubrity.

School hours for classes, from 8 A. M. to 3 P. M.

TERMS—Boarders, including washing, $30 per month; Day Scholars, 4, 5, 6 dollars per month.

EVENING CLASSES.

There is an evening class in the above Institution in which is taught the French and English languages, writing, arithmetic, book-keeping, etc.

Hours—From 6½ to 9 P. M. TERMS—Four dollars per month d3

ORLEANS HIGH SCHOOL,

NO. 58 AND 59 ESPLANADE STREET.

Erastus Everett, A. M.,

Principal and Proprietor.

THE Session of 1853-54 commenced on Thursday, September 1st. The organization of the School is complete and its numerous friends will be glad to learn that it is in a highly flourishing condition. The various branches of knowledge are taught by Mr. Everett, and a corps of Assistant Professors, selected with a view to good character, sound learning, and experience in teaching. The Principal is thus able to give a guarantee that all students who shall resort to this institution, will be fitted either to discharge the duties of the more responsible avocations of life or to enter with advantage upon the study of the learned professions.

The ancient languages receive that attention which their importance deserves. Students may here receive *without extra charge* the same thorough knowledge of the Greek and Latin languages that is imparted in our best Northern Colleges.

As the Modern Languages, (particularly the English and the French,) and the higher mathematics receive very special attention, the School offers singular advantages to boys designed for mercantile pursuits.

☞ The School is organized with regard to classes on the plan of the French colleges; there are seven regular classes and students are admitted at every stage of advancement. d1

AUDUBON COLLEGE,

Corner Burgundy and Main Streets.

Conducted by Mr. S. ROUEN, formerly Principal of the Young Men's High School, Second District of New Orleans.

THE plan of studies will embrace all the branches, from the primary to the highest classes, viz: French, English, Spanish, Latin, Greek, Mathematics, Rhetoric, History, Geography, Book Keeping, Writing, &c.

All accessory branches will be taught in English—The Director will always make it a duty to engage the services of the best professors.

The building is extensive, well ventilated, and two large yards for recreation are attached thereto, one of which is destined to pupils of the primary classes, and the other to those of the other classes.

TERMS:

1. Higher classes,	$1	per month;
2. Intermediate classes,	8	"
3. Elementary classes,	6	"
4. Primary classes,	4	"

Stationery paid separately.

Mr. J. N. De Pouilly, architect, will take charge of a class of linear drawing applied to buildings, machinery and survey, with landscape and perspective. The pupils of the College will not be charged extra.

The above class will be opened every day from 4½ to 6 P. M. The Classes will continue the whole year from 8½ A. M. to 3 P. M. and from 4½ to 6 P. M., from September 5th, 1853. Primary Classes, from 8½ A. M. to 3 P. M. for young children.

University of Louisiana.

ACADEMIC DEPARTMENT.

THE seventh annual session of this branch of the University has just commenced, and the Department is now open for the reception of pupils. A plan of study has been adopted equally favorable to those desiring to follow a full collegiate course, and to those designed for commercial and mechanical pursuits. The corps of Professors has been increased to the present number. The chair of the Professor of Mathematics, is modeled after that of the U. S. Military Academy, West Point, and Pol'Ecole centrale des Arts et Manufactures at Paris. In the Department of Modern Languages, E. Roux, Professor of French; M. Kohlmeyer, Professor of German, and Senor de Tornos, Professor of Spanish and Italian, continue to give instruction. Prof. McNeale, for fourteen years Principal in a classical and commercial institute in Kingston, Jamaica, has been specially engaged for the classical Department.

ST. LOUIS INSTITUTE,

CONDUCTED BY

Madame Deron,

Day and Boarding School for Young Ladies,

No. 313 Dauphin and 155 Hospital Street.

THE constantly increasing number of the pupils of the St. Louis Institute, has induced the conductress to remove it to a more spacious building.

Mrs. Deron, in removing from St. Louis street to the fine and large buildings in Dauphin street, occupied lately by the Louisiana College, has selected a most favorable site for a young ladies Academy.

The play ground is planted with trees, and will be devoted exclusively to the pupils, the entrance being in Hospital street.

Mrs. Deron tenders her heartfelt thanks to the families who have honored her with their patronage and feels happy in being able to increase the comforts of their children.

The general educational departments, (the French and English languages) are, as heretofore, under the direction of most competent Professors, who feel the deepest interest in the success of the St. Louis Institute.

With respect to the moral and religious part of education, good deportment and pleasing manners, nothing shall be wanting on the part of Mrs. Deron and the ladies who assist her.

The Musical Department, (the Piano, Harp, Solfeggio and Singing,) is, as heretofore, under the direction of Mrs. Lavillebeuvre and Mr. Brocard, assisted by Professors well known for their ability in that branch of the education of young ladies.

Monthly musical examinations will take place in order to arouse the emulation of the pupils and ascertain their progress.

For further particulars, see prospectus, which can be had at the Institute and principal book stores.

N. B.—An OMNIBUS is attached to the Institute for the special purpose of conveying and taking back the pupils who reside in the First District. nov1

SEWING MACHINES.

WILSON'S new patent ROTARY SEWING MACHINE, can be seen in operation, and for sale by the only agent for purchasers at No 15 St Charles street, up stairs.

The utility of these machines is no longer a matter of opinion, but a fixed fact. Manufacturers at the North give them a decided preference over all others ever invented, and Planters are fast bringing them into general use, not only for the work of their families, but especially for making up negro clothing. Every planter ought to possess one of these machines.

An experienced hand, with one of WILSON'S ROTARY MACHINES, (which take from 1,200 to 1,400 stitches per minute) can do the work of fifteen seamstresses with ease.

This machine is simple, and not liable to get out of order, it is not noisy or complicated—working with a shuttle or two needles, and a dozen or more wheels. But on the contrary, a machine working with ONE NEEDLE ONLY, not having a shuttle or wheel in it.

Tailors and seamstresses, who purchase machines, can receive instruction from experienced and practical teachers how to use them, on application at the sewing rooms, No 15 St. Charles street, up stairs.

A constant supply of improved machines, needles, spools, suitable thread, etc., for sale.
