ADVERTISEMENTS.

DR. WEBB'S TRIAL OF HIS

GOUT AND RHEUMATISM

CURED BY THE ANTI-GOUTY WINE OF DR. D'ANDURAN.

Since centuries pathologists have been looking in vain for a remedy of a sure and unknown action against gout, and arcosis, and chronic Rheumatism. A great many preparations have been used with more or less success, but none ever obtained as prompt and safe effects as the Anti-Gouty Wine of D'Anduran.

Is it not wonderful to see a gouty patient writhing on his bed under the most exquisite torture, and at once, as it were, delivered of his pains by the use of this remedy? Such, however, is the positive truth.

Suffering from the gout for fifteen years, so much so that he could not stand in his shoe, the author not himself to study specially arthritic diseases, and after a series of experiments at himself, succeeded to compound a remedy which cured him of this cruel malady. Doctor D'Anduran offered his preparation to the Medical Faculty; a large number of physicians, both in France and abroad, submitted it to the severe test of experience, and obtained wonderful results. Thousands of certificates attest its power.

My object was not only to Eleviate pains from the gout, says Dr. D'Anduran, but to destroy even the germs of the disease. All the writers and my own experience demonstrate that gout comes after suppressed perspiration, irritation of the intestines, &c., my remedy is set against these various stages of the disease. It has been found that gouty patients experience a great alteration of the cutaneous, urinary and intestinal secretions. The Anti-Gouty Wine is at the same time a *purgative, diuretic* and *diaretic*; it eliminates the poison in the blood, the urine is multified immediately, as a chemical analysis can prove it, so much so that the uric acid which it contains will sometimes be doubled in proportion, a quantity far for the patients who use the Anti Gouty Wine.

Suppressed perspiration being one of the most efficient causes of gouty and rheumatic affections, this remedy, acting as a sudorific, will modify and regulate perspiration, which in most cases is constantly stopped.

During treatment, patients need not subject themselves to any particular diet; they are expected to be temperate, but without any excess of privation.

Every bottle bears a label with the author's signature, and is delivered with a treatise showing the use and effects of the remedy by Dr. D'Anduran; all others are counterfeit. The bottle is enclosed in a pasteboard box, wrapped up in a label bearing the author's stamp. Price 10 francs.

Diapalmous Plaster of Comphorated Camphor.

After gouty pains, there remains in the articulations a weakness and torpor which it takes a long time to dispel; to effect a complete cure, use this diapalmous plaster, also composed by Dr. D'Anduran; it will give ease and strength, it will ward pain, and produce a most excellent effect. Both plaster and wine are recommended in all irritations of the chest, bladder, &c. Price 1 fr. 50 cent.

CONSULATE OF THE UNITED STATES OF AMERICA.

This 21st day of November, 1856, I, the undersigned, EDWARD B. BUCHANAN Consul for the United States of America, for the port and country of La Rochelle, certify that Doctor D'ANDURAN, a physician of this city, has exhibited to me certificates recommending his method for the cure of gout and RHEUMATISM. These certificates emanate from persons well known to me, and attest that his remedies applied for these diseases have cured in the hospitals.

I must also add, as Dr. D'Anduran's request, that I have heard trustworthy persons mention numerous cases of remarkable cures obtained by the use of his Anti-GOUTY WINE.

Given under my hand, and sealed with my seal of office, at La Rochelle, the day and year above stated, and the 80th year of the independence of the United States.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a few years' trial before the Ameqican people, and has established for it a high reputation by any similar preparations extant. The testimonials in the hands of the proprietor, some of the most known physicians and individuals in all parts of the country is immense, and a careful perusal of the almanac, published annually by the proprietor, and to be had gratis of any of his agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.
