MEDICAL.

BULL'S SARSAPARILLA,

Is put up in full quart bottles, and contains the strength of SIX TIMES as much pure Honduras Sarsaparilla as any similar preparation made in America.

Price $1 per bottle, or six bottles for $5.

IT HAS been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of Mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound before being used, is subject to the strictest chemical test, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound and producing the greatest curative agent in the known world.

This medicine, when used according to directions,

Will Cure without Fail!

Scrofula, or King's Evil, Cancers, Tumors, Eruptions of the skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Rheumatism, Scald head, Pains in the Bones or Joints, Old Sores or Ulcers, Swelling of the Gland, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of Appetite, Pain in the side and Shoulders, General Debility, Lumbago, Dropsy, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, Weakness in the Chest, Pulmonary Affections, and all other Diseases tending to produce CONSUMPTION, Liver Complaint, Female Irregularities and Complaints, Low Spirits, Sick and Nervous Headache, Night Sweats, Exposure or imprudence in life, Chronic Constitutional Diseases, and as a Spring and Summer drink and general Tonic for the system, and a gentle and pleasant purgative; it is superior to Blue Lick or Congress Water Salts, or Seidlitz Powders.

Good Testimony.

The Ohio State Journal, (Columbus, O.,) thus speaks of Bull's Sarsaparilla:

IT HAS NO EQUAL!—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months only, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. This is a bold assertion, but it can be substantiated by calling on the agent in this city.

Read what is here said, a little longer, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD!

And that it will cure you no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA:

Louisville, May 31, 1847.

Mr. John Bull—Dear Sir: I have been for a number of years afflicted with a Mercurial headache, and a dull, heavy pain in my liver. I used almost all the remedies of the day, especially the Sarsaparilla prepared by different persons, but all to little or no advantage, until I chanced to meet with yours, three bottles of which gave me more relief than all the others combined.

I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article.

Very respectfully, J. H. OWEN.

RHEUMATISM.

Let all those who are suffering under the agonizing torture of Rheumatism read the following, and see what may also be done for them, if they will use the infallible remedy:

Mr. John Bull—Dear Sir: For the last three years I have been afflicted with Rheumatism of the most severe character. I was at times in the greatest agony of pain—I tried every remedy I could procure for the disease—but could not procure relief until I was persuaded to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism, and greatly improved my general health, more than any medicine I have ever used.

I have been free of pain for several months, and have no doubt the cure is permanent, and I confidently recommend it to all who are suffering from Rheumatism.

Uniontown, Union co., Ky., May 12, 1846.

From Dr. Wm. T. Prentiss:

Mr. Bull—In regard to your Sarsaparilla, I will say, that I have used it to some extent of Cutaneous Affections of long standing, as Tinea Capitis, Herpes, Psoriasis, Scabies, Syphilitic Cutaneous, and in all diseases where the chronic irritation of the system and impure state of the blood has existed, with considerable success in conjunction with local treatment. I think I would prefer it to any preparation of Sarsaparilla I know of, and any physician would admit it's value upon learning the substantial character of its composition.

Respectfully yours, W. T. PRENTISS, M. D.
Lexington, Ky., Dec. 1, 1847.

It is perhaps useless to present any further testimony in favor of this great remedy. It has only to be tried and proved to convince the public of its superior efficacy. Let all who are laboring under chronic disease, general debility, nervous debility, weakness, the effects of mercury, or anything of the kind, give it a fair trial. These diseases will disappear like hoar frost before the sun, and let them try it, and we assure them that they will yet be [illegible] [illegible]

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines ever in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient, or are irregular and overburdened, when the face is pale and colorless, the strength feeble and yielding, the spirits troubled and depressed, the health broken, mind shaken and consequently the happiness destroyed—then Bull's Sarsaparilla is the very medicine to restore to the performance of their duty; braces the whole system, renews constantly the natural energies, removes obstructions, checks excesses, creates new and healthy blood, and imparts health and happiness. Were ladies generally to adopt the use of this medicine, we should see less sickness and suffering, and more health and [illegible]. A Bull's Sarsaparilla is found to exert a most beneficial effect. All ladies approaching the crisis should be apprised of this fact, and avail themselves of this valuable medicine.

A BEAUTIFUL CLEAR SKIN.

How we all admire a clear, beautiful white skin, and a rosy colored cheek. How often do we see persons endeavoring to obtain this desideratum on the face by using cosmetics; resorting to cosmetics, lotions, washes, paints, and many other things, to improve the appearance of the skin, all of which have deprived them of, and that too, often times, at the very expense of what they really desire, and that is the natural bloom and beauty so much admired. Bull's Sarsaparilla is the best known. It makes the skin clear upon the correct and only true principles, not by covering the surface with poisonous or deleterious matter, which serve to close the pores and check perspiration, but by removing every particle of bilious, morbid and diseased matter from the blood, making the same pure, healthy and vigorous, giving activity to every muscle, and changing the yellow dark and sallow complexion to the bloom and freshness of youth. If the ladies generally could be apprised and convinced of this fact, they would abandon the use of paints, mixtures and lotions, and use the only effectual remedy, "A word to the wise is sufficient," and a hint is enough to the ladies.

BETTER TESTIMONY.

From Dr. James M. Moore.

Mr. John Bull—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Syphilis, and many other Cutaneous and Glandular Affections having used it with entire success in a number of the above.

JAS. M. MOORE.
Louisville, Dec. 26, 1847.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of Scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

Yours, JAS. M. MOORE, M. D.

Winchester, Ky., Feb. 1, 1848.

Testimony like the following renders superfluous all further comments on the efficacy of Bull's Sarsaparilla:

From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College.

"I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

L. P. YANDELL, M. D.
Louisville, June 6, 1848.

What Dr. Pyles, Physician, by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

M. PYLES, M. D.
Resident Physician, Louisville Marine Hospital.

From the People's Journal, Quincy, Ill.

BULL'S SARSAPARILLA.—We have used one bottle of this Sarsaparilla for general debility and lumbago, and believe we have experienced entire relief. We used in time gone by, two bottles of S. P. Townsend's Sarsaparilla, for which we paid $1.50, and believe we received injury instead of benefit from its use.

This medicine is daily grappling with disease, through the western country, restoring to blooming health and youthful vigor, the sick and afflicted—nay, those that are grievously tormented. Certificates are teeming from all directions, from men of truth and high moral standing, placing it, from its intrinsic worth, the very best of all remedies before the public.

Sold wholesale and retail by JOHN BULL, at his principal office, 81 Fourth st., Louisville, Ky., and by the Druggists generally in the city and country.

A VERITABLE SALAMANDER.

IT was supposed that the great Camp street conflagration had fully developed the fire-defying qualities of

RICH'S IMPROVED
Patent Salamander Safes;

but the achievements of the article on that occasion were entirely eclipsed by those of another SAFE of the same make, recently tested in Pearl street, New York, which, owing to the protracted intensity of heat, could not be reached by those in search of it until *forty hours* after they commenced their efforts, and when it had been *ninety-six hours* contending with the fearful element. Incredible as it may seem, the subscriber has the testimony of the owner, Mr. JOSEPH G. GILBERT, to prove, that its contents, *worth to him over one hundred thousand dollars*, were uninjured, notwithstanding the unexampled ordeal through which their protector had passed, it being *the only one among thirty Safes or Chests* tested at the time, which was not demolished. Certificates of many other trials will be forwarded (post paid) to any who may desire full information with a view of purchasing, and will send their address to the subscriber.

No Safe of Rich's make, when tested with Books, or other valuable contents, has cost its owner more than one per cent., while some of them have cost *less than one-eighth of one per cent.* on the amount saved. This fact serves to show that true economy would be promoted by possessing such an invaluable depository for articles of small bulk but great value, rather than by saving the cost of one, at the risk of suffering serious loss.

A large stock and good assortment of SAFES are constantly for sale by the subscriber, Sole Agent in this city of STEARNS & MARVIN, successors to C. RICH & CO.

INSTITUTIONS.

ST. LOUIS INSTITUTION.
DIRECTED BY
MADAME DEZON,
No. 146 St. Louis street, between Dauphine and Burgundy streets, New Orleans.
[illegible]

THIS Institution which [illegible] twelve years, has [illegible]

Madame Dezon, formerly a pupil and professor of the Maison Royale de St. Denis, and a graduate of the University of France, has endeavored to profit by the experience she has acquired in these institutions, and [illegible]

Madame Dezon, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young ladies confided to her care may be rendered fit for those valuable qualities which constitute a really good education, such as the spirit of order and of economy, amiability of temper and solidity of judgment, mildness of manners and a sympathising disposition, and finally sincere piety. In order to obtain these results, Madame Dezon has always employed as auxiliaries both firmness and mildness, the attentions use of emulation, and especially rewards for application and regularity in study. She is assisted by her sister-in-law, Mademoiselle Dezon, who, like herself, has always followed the career of instruction; these two ladies watch with the greatest zeal over the daily progress of the pupils.

The locality of the institution will soon be appreciated in New Orleans, as one of the most suitable and salubrious in the city; it is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, looking over several gardens, and there are besides a landscape park and a terrace destined from the sun and intended for the recreation of the pupils.

The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care, the creole pupils are required in their communications with each other, and with their teachers, to use that language exclusively.

Mr. Dalon who has been attached to the Academy from its foundation, devotes a great part of his time to impart to the pupils of the higher classes a thorough knowledge of the French language. She has besides secured the assistance of an excellent Professor of the higher sciences, Monsieur H. Jepot, who divides with Monsieur H. Dezon and Mesdames Dezon, the care of the French department.

The Spanish language forms a part of the course of study.

With respect to religious instructions M. l'Abbe Thibeaudeau, whose zeal is so justly appreciated, continues to prepare the pupils for their first communion in the chapel of the institution.

MUSIC.

The study of Music is the object of particular care. Madame Laville, an artist of the highest order is attached to the institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.

As a means of emulation the institution has adopted monthly musical examinations at which parents are invited to be present.

A Professor of Dancing is attached to the establishment.

Young Ladies' Academy.

MME. PARENT has removed her Institution to Customhouse street, between Royal and Bourbon, No. 66, the house heretofore occupied by Mme. Grasset, and is ready to receive boarders, half boarders, and day scholars. There is a very large yard, together with a garden for the young ladies to amuse themselves. The apartments are vast and well aired. There is every advantage and inducement offered to parents as to the moral and intellectual cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education, is taught in both languages; also, accomplishments such as Drawing, Painting, Embroidery, &c.

Professor Auchmuty, one of the principals of the Franklin High School, has charge of the higher English classes, and Professor Gilbert of the Mathematical branches.

Mr. Geniflez has been engaged as a Teacher of Vocal Music.

For terms, apply at the Institution. Parents are permitted to visit this Institution on Sundays.

CONDUCTED BY MRS. MACAULAY.

THIS Institution is under the personal supervision of Mrs. MACAULAY, and the classes are aided in their literature, science and philosophy, are under the care of Dr. Macaulay. The most accomplished teachers are employed to give instructions in the French, Spanish and Italian languages, also in drawing and dancing. The piano, harp and guitar, as well as vocal music, are taught by professors of the highest grade of qualifications.

There are now eight instructors in the institution, and it is the aim of the principles to make it, in all respects, such as parents may desire for their daughters. Every care is taken to instil sound moral principles, to promote habits of correct, lady-like deportment in the pupils, but to cultivate the best feelings of the heart.

Young ladies from the country, living in the family as boarders share in the enjoyments, privileges and attentions of daughters, and are uniformly treated, not so much as members of a boarding school, as daughters of an affectionate family.

To the establishment is attached a large and well selected library; and to create a thirst for the acquisition of general information, the young ladies have free access to the best authors on all subjects in history, scientific and political worlds, leading Periodicals of a truly valuable character, and standard books of reference, are at the command of the young ladies well advanced in general knowledge and knowledge for themselves, by means of research and examination.

Monthly reports issued, as to progress and conduct.

A class for the study of the Latin language, will be formed on the first of November, and one on the use of the Globes.

References are made to parents who have had their daughters at the institution for years, and further particulars and circulars, can be obtained by application, personally or by letter either to Dr. or Mrs. Macaulay.
