MARIGNY HOTEL.

Corner of Victory street and the Pontchartrain Rail Rod.

THE proprietor begs leave respectfully to invite the attention of the public to this establishment, which is furnished in a new and splendid stile, unequalled in this country.

No pains or expense have been spared, and the utmost exertions will be used by all employed in the house to afford as much convenience and comfort to its patrons, as any plan of the kind possibly can.

Boarders and lodgers will be accommodated in the most genteel stile, and the rooms are delightfully pleasant.

There is a nobly furnished saloon expressly for the accomodation of Ladies on the second floor, connected with which are apartments where Ice Cream, Soda Water and Confectionary are served to Ladies and Gentlemen every evening.

This will be found very convenient for Ladies and Gentlemen that travel on the Rail Road, who are too late for the cars, as a pleasant place to sit in, will be some compensation for the disappointment, and add to this some of the luxuries of this house will make the delay a pleasure—and for those who indulge in an evening promenade, this will be a most desirable resort.

This splendid establishment has been fitted up with great expence; and the proprietor has only been induced to incur the responsibility, from the knowledge of the fact that the citizens of New-Orleans are second to none on earth for their certainty of rewarding laudable exertions.

CELEBRATED CASTILLON POWDER.

THE widow Cathy of Philadelphia, proprietor of all the receipts of the late doctor Castillon of Cape Francois has made her apothecary store a place of deposit for Doctor's Castillon's celebrated anti-scorbutick and restorative powders. This Gentleman was formerly King's Surgeon in St. Domingo. We appointed by the proprietor agents for the sale of his recipes in this city.

These specifics have constantly succeeded in all parts of the Island of St. Domingo; they will cure the scurvy of all diseases originated from Scorbutick virus, diarrhœa, dysentery, tenesmus, lientery, slow, intermittent and continual fevers, obstructions of the liver and of the spleen—the diarrhœas most inveterate, dysenteries and tenesmus, originating from the measles and the malignant small pox—and those diseases consequent to deliveries and pregnancies.—The powder mixed with milk produces a very pleasant and nutritive pap—destroys all the putrid humors in the stomach and intestines—restores digestion and all secretions by purifying the blood of all scorbutick causes.

The length of the time necessary to get cured varies from 20 to 30 or 40 days, according to the antientness or malignity of the disease—their specific remedies are to be found constantly at our apothecary shop, where a summary of all the extraordinary cures that were effected by these remedies are published. The public will find it very advantageous to use them as they may cure themselves to the directions given with the remedies.
