MEDICAL.

AYER'S CHERRY PECTORAL

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

We invite the attention of the Public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves.

Men in such stations as many who voluntarily bear witness to the efficacy and value of CHERRY PECTORAL, do not wantonly trifle with, or distort facts, no overzealous conviction. Judge then, whether this is not the medicine to trust when you must be relief for the throat or lungs; judge too, whether every hardly-fought cure makes it by them as a safe guard against the everywhere prevailing curse, which steals with fatal frequency upon almost every flock and carries off the lamb from many a home!

Jackson, C. H., Jackson City, O., 30th Nov., 1852.

Dr. J. C. Ayer.

Sir—The CHERRY PECTORAL is much inquired after. Several of our best Physicians have used it, three of them in their own families, and always with the happiest effects. The numerous patent medicines always before them, lead to incredulity in regard to every new remedy; and it is only after undoubted evidence of value is any article, that anything like a general confidence is manifested.

The unrivalled excellence of this combination of agents, (in the CHERRY PECTORAL,) proved beyond will by experience, and by other rare observation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for the Pulmonary Affections of this climate, at the same time inclusive and expectorant—a rare combination of properties.

In the hope that it will prove its own reward, I subscribe myself.

Respectfully your ob't serv't,

JAS. H. C. MILLER, M. D.

Allegan, Mich., 10th January, 1853.

Dear Sir—No one, we feel sure—man, woman, or child—can be found to deny that the CHERRY PECTORAL is all that it claims to be. There is much used in this vicinity although not known until recently. The community should know its virtues.

Yours truly,

JOHN R. KELLOGG, M. D.

Dr. Morse's Invigorating Elixir or Cordial.

AT FIRST the properties attributed to Professor Dr. Morse's Invigorating Elixir or Cordial may seemed fabulous. The public often deceived could not believe the simple and unadulterated truths announced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest class and character, are now triumphing over all doubts. Incredibility is overthrown by a mass of testimony which is perfectly irresistibly.

The Elixir remedies, in all cases, the deplorable evils arising from a misuse or abuse of the various organs, which make up the wonderfu machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the re-production of human life. To persons of feeble constitutions, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the highest mental attributes. In beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the overworn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will find immediate and permanent relief from the use of this incomparable restorative. To those who have predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so tried with their constitutions that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with diseases as it acts, without any reference to disease, and will not only remove the disorder itself, but

RESUILD THE BROKEN CONSTITUTION.

The derangement of the system, leading to nervous diseases, and the forms of nervous debility, are so numerous, that it would require a column to enumerate the symptoms for which this preparation is a specific. A few, however, may be enumerated, viz:—neuralgia, tic doloreaux, headache, impotency, hypochondria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulency, pimples, eruptions of the face, loss of memory, mental depression, weakness of the will, unfitness for study, fastidious after exercise, broken sleep and terrifying dreams, inability to remain in one place or position, weakness of the procreative organs, sexual exciting, melancholy, monomania, fear alone, shaking as the consequence of female irregularities, a chronic tendency to miscarriage, consolation, and all complaints growing out of a free indulgence of the passions, and all by-products that dont but proceed from organic causes, beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or structural disease, it is averred that

MORSE'S INVIGORATING ELIXIR

will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural activity, and this not only without hazard or reaction, but with a happy effect on the general organization. Bear in mind that all maladies, whatever they begin, finish with the nervous system, and that the gratification of the nerve of motion and sensation is physical death. Bear in mind, also, that for every kind of nervous disease the Elixir Cordial is the only reliable preparation known.

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate, and almost miraculous change which in occasions in the diseased, debilitated and shattered nervous system, whether broken down by excess, work or worry, or induced by enhanced sensibility or strong and relaxed organization is at once braced, re-vivified and built up. The mental and physical symptoms of nervous disease begin to yield to its influence. Nor is the effect temporary, on the contrary the relief is permanent, and the Cordial properties of the medicine reach the constitution itself, and restore it to its normal condition.

LOSS OF MEMORY.

Confusion, giddiness, rush of blood to the head melancholy, debility, hysteria, wretchedness, fear, dread of self-destruction, fear of insanity, despondency, general prostration, irritability, nervousness, inability to sleep, diseases incident to females, decay of the propagating functions, hypochondriasis, nervous tremors, palpitation of the heart, impotency, constipation, &c., from whatever cause arising, it is, if there is any reliance to be placed on human testimony, absolutely infallible.

A GREAT MEDICINE FOR FEMALES.

The unparalleled effects of this great restorative, in all complaints incident to females, mark a new era in the annals of medicine. Thousands of stimulants have been invented—thousands of invigorants concocted—all purporting to be specified in the various diseases and derangements to which the delicate formation of woman render her liable.

EVERY WOMAN OF SENSE

who so sees from herself, her friends, her husband, nervousness, tremors, pains in the back, or any other disorder, whether peculiar to her sex, or common to both sexes, to give the Invigorating Cordial a trial.

MARRIED PERSONS

or others, will find this Cordial, after they have used a bottle, to be a most thoroughly reparative in its effects. In all directions are to be found the happy parents of healthy offspring, who would not have been so but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Hundreds of testimonials have been restored by using it, and not in a single instance has it failed to benefit them.

PERSONS OF PALE COMPLEXION,

of consumptive habits, are restored by the use of a bottle or two to bloom and vigor, changing the skin from a pale, yellow, sickly color, to a beautiful florid complexion.

TO THE MISGUIDED.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dizziness of the sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, derangement of the digestive functions, general debility, symptoms of consumption, &c.

Mentally, the fearful effects on the mind are much to be dreaded. Loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, love of solitude, timidity, &c., are some of the evils produced by this fatal habit.

BEFORE CONTEMPLATING MARRIAGE

should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness, indeed, without these, the journey through life becomes a weary pilgrimage—the prospect dreary darkens the way, the man or woman shunned and dispised, and filled with melancholy reflection that the happiness of another becomes blighted with your own.
