DR. EDOUARD MARTIN'S HYGIENIC ELIXIR,
AGAINST SEA-SICKNESS.
FOR a long time past the scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the innumerable collection of curative agents discovered, not one had been found to counteract or even mitigate the dreadful effects of sea-sickness. Several remedies have been tried to attain this end. These remedies, whether simple or compound, after many trials, have hitherto proved signal failures. An idea may be formed thereof, by the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.
The inventor of the "Hygienic Elixir," has at length made the most valuable discovery. After numerous trials, changes and alterations in the proportions of the substances composing the Elixir, he is enabled to offer it to travelers in the shapeof a potable draught, not decomposed or altered either by climate or age.
The Elixir checks sea-sickness immediately, and restores the stomach to a healthy state. However delicate be the constitution of the person taking it, it is totally intuitable and produces a genial feeling of ease and comfort. In an hour or two, will have gone calm and sleep are restored, the appetite awakened, and the digestion effected promptly under the influence of the tonic.
The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made the preparation now offered to the public. He could corroborate the above statements by testimonials from several sea captains, but will appeal only to the opinion of one of the most intelligent and distinguished commanders of the French Commercial Navy. Capt. Labory, having had opportunities of testing rather severely the efficacy of the preparation, the efficacy of this remedy, then in the shape of pills, during several voyages, gives thus the result
Dear Doctor—During my last voyage to France, I have had opportunities of testing on divers persons your remedy against sea-sickness. I am happy to be enabled to report to you that I have obtained the best results, and if it were possible to alter the remedy into a potable draught, such as a lemonade of some kind, which could be more easily taken than in its present shape, especially when the sea-sickness has already commenced, nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, with out being accustomed thereto.
I am Yours, truly,
Signed, A. LABORY Comr Ship Ocean.
The improvement suggested by Capt. Labory has been effected. The Tonic and Hygienic Elixir against sea-sickness, is sold in four-ounce bottles, with glass stoppers. Care must be taken to keep the bottles corked to prevent evaporation.

MEDICAL.

Prof. A. C. Barry's Tricophorus, OR, MEDICATED COMPOUND,
INPALLIABLE for renewing, invigorating and beautifying the hair, removing the scurf dandruff, and all affections of the scalp, and curing eruptions on the skin, diseases of the glands, muscles and integuments, and relieving stings, cuts, bruises, sprains, &c. With this preparation there is no such word as "fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that for imparting vigor, gloss, luxuriance and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c, and relieving diseases of the skin, the glands and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricophorus is unrivalled. The immense cash sales of the article have enabled the inventor to supply it at retail, at 25 cents per bottle, which is from 50 to 100 per cent, less than the price of any other preparation for the hair now in use. The scientific treatise on the hair and the skin, (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.
The affinity between the membranes which constitute the skin, and the hair, which draws its nutriment from this triple envelope, is very close. All diseases of the hair originate in the skin of the head. If the pores of the scalp be relaxed, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture, and impart life to the fibres, the result is scurf, dandruff, shedding of the hair, gravenes, dryness and brittleness of the ligaments, and entire baldness, as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same. It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these parts it is a sovereign remedy.
Sold in large bottles, price 25 cents, at the principal office, 137 Broadway, New York; and by the principal Merchants and Druggists throughout the United States and Canada. 1m13-3m

BRISTOW, CLARK & CO'S CELEBRATED GENUINE MEDICINAL COD LIVER OIL,
For Consumption, Scrofulous Affections, Rheumatism, Gout, &c.
DR. WILLIAMS, a celebrated Physician in London, states that having prescribed notes of 264 cases of Consumption which he had treated with Cod Liver Oil, 206 of them were followed by an unequivocal improvement, varying in degree from the mitigation of distressing symptoms to a temporary complete restoration to health, and he considers that pure, fresh, properly prepared Cod Liver Oil is more beneficial than any remedy that has been employed in that disease, and in a late English Journal it was stated that since the introduction and extensive use of Pure Cod Liver Oil in England, the number of deaths from Consumption had decreased thirty per cent.
As this remedy when pure, in cases where it is required, is the most valuable ever discovered, on the contrary, when impure it is not only valueless, but positively injurious, as it disorders the digestive organs, and deranges the whole system.
We are happy to say, many persons who had been using other oils, and failing to derive any benefit from them, were almost giving up the use of the Cod Liver Oil, from disappointment, but being prevailed on to try the oil of our manufacture, in a short time experienced the most favorable results.
As all the tests yet discovered are inadequate to prove the purity of the Cod Liver Oil, in order to guarantee our customers a genuine article, we have been obliged to put it up with our signature over the cork of each bottle, and the oil put up by us and bearing our signature is the only genuine.
Prepared and sold, wholesale and retail, by RISHTON, CLARK & CO., wholesale and retail Chemists and Druggists, and manufacturers of Medicinal Cod Liver Oil, 110 Broadway, 10 Astor House, and 273 Broadway Irving House, New York, and by all the principal Druggists in the United States and Canada.
For sale in New Orleans by N. JARVIS & CO, J. WRIGHT & CO., SICKLES & CO., RAYNOLDS & POLPH & POPE, and by the wholesale and retail Druggists generally.
CAUTION.—Be sure that our signature is over the cork of each bottle, as without it, it is not genuine.
