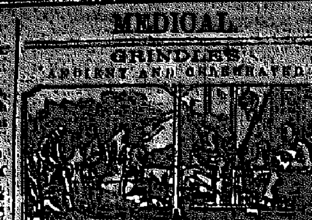
MEDICAL.

GRINDLE'S ANCIENT AND CELEBRATED



JAPANESE LIFE PILLS.

NATURE'S OWN REMEDY.

A Positive Cure for Liver Complaint and Bilious Disorders, Dyspepsia, Rheumatism, Scrofula, Cutaneous Diseases, Fever and Ague, Costiveness, Dysentery and Diarrhea, Worms, Suppression of the Menses, Nervous Debility, &c.

For a long time we have been compelled to witness, with painful attention, the many adulterated and life-destroying drugs made into pills and liquid medicines, and patients using them without knowing their injurious effects upon their systems. This *monstrous evil* may now be entirely escaped by using only those ANCIENT JAPANESE LIFE PILLS and our MAGIC COMPOUND. For many years we have studied hard to find a cathartic which, while it purged, would thrust out disease, and not *mere secretions alone;* would *renovate* and *strengthen*, and not *deplete* and *weaken* the system.

We now unhesitatingly say that this so-much-sought-for remedy—a cathartic of mild and pleasant operation, actually throwing out disease and not mere secretions, thoroughly purifying the blood, and unmistakably strengthening the system—has been found. They will not only relieve, but positively cure every disease for which they are recommended. These Pills have stood the test of the ingenious Japanese Faculty for centuries, and the same kind of ingredients that composed the pills at that ancient time are continued to the present day.

No medicine except our MAGIC COMPOUND ever met with such unbounded success in so short a time; and the thousands of orders pouring in for them from all parts of the country are wonderful and astonishing! The number of these Pills being used by females alone for their various complaints constitutes in itself an immense trade. They are not the "*female pills*" so much puffed into public notice, which, instead of curing, produce cruel and dangerous complaints, but are for male or female, old or young, and cure by acting directly on disease.

The Pills are sent by mail, from the proprietor only, on receipt of the price. The postage in the United States, not over 3,000 miles, is fifteen cents on two boxes, which must be inclosed in money or stamps. We are responsible for all moneys sent us by mail.

For sale by respectable druggists and dealers in medicine throughout the United States, the Canadas, Mexico, South America, &c., at 25 cents a box, or five boxes for $1.

JOSIAH S. GRINDLE, New York, Sole Proprietor, to whom all letters must be addressed. Also, Proprietor of *Dr. Wesley Grindle's Celebrated Magic Compound*, the great remedy for PULMONARY CONSUMPTION.

At the corner of Bayou and Claiborne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves, beyond all cavil, the possession of those who have charge of it.

Determined to merit the confidence of parents, Mad. Charpaux will spare no pains to make her seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the pupils, and improve their singing, on the morning of the last Saturday in every month there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

MADAME PARENT,

Corner of Rampart and Du Maine streets.

THIS Institution, one of the best conducted in the city, with respect to health and many other important advantages. The building is commodious, the apartments are vast and well ventilated, and are particularly well adapted to the purpose.

There are five large galleries for which it is adapted, also spacious galleries all through the house; a splendid arrangement commanding a most beautiful view of the city as far as the Lake.

A local circumstance which we are obliged to particularly call attention to is the moral and intellectual cultivation of the minds of their daughters.

Madame Parent is always present with her pupils, the whole during the hours of class, and superintends the different divisions. There is an ample number of the best professors connected, as resident ladies residing in the institution.

Every branch of a solid and refined education is taught in both languages, and all accomplishments, such as Drawing, Painting, Dancing, and Embroidery. *The Musical department is conducted by the most competent and acknowledged talents in the city.*

It would be superfluous to say anything respecting the special attention that is paid to the English, a knowledge of which is so much required, as the guarantee that she can give to the public that the French young ladies who have been educated by her speak it as fluently as their mother tongue.

Mr. Curto, the celebrated musician, will superintend the vocal department.

For terms, apply at the Institution, where prospectus can be obtained.

YOUNG LADIES residing at a distance in the different Districts will be conveyed gratis to and from the institution. o28

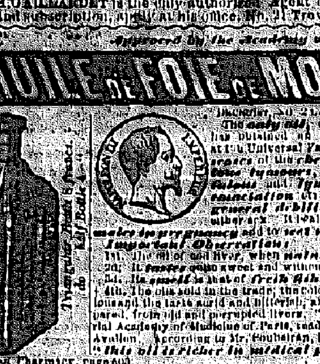
HUILE DE FOIE DE MORUE DE HOGG



Discovery, No. 2 Castiglione street, Paris. The *only* oil, of a straw color, which has obtained an *honorable mention* at the Universal Fair of 1855. Against *dry coughs, weakness of the chest, tetters, glandular tumours, rheumatism, scrofulous and lymphatic affections, emaciation* of children, *whites*, etc. *general debility of the organs.* It is also recommended to *females in pregnancy and to wet nurses.*

Important Observations:

1st. The oil of cod liver, when *natural*, is almost *colorless*.

2d. It must *not* have any smell, and without *acridity*.

3d. Its *smell* is that of *fresh fish*.

4th. The oils sold in the trade, the color of which is *brownish*, the smell obnoxious, and the taste acrid and bitterish, are so only because they have been badly prepared, from old and putrefied livers. This is the conclusion of a report to the Imperial Academy of Medicine of Paris, read on the 29th December by Mr. Deschamps, of Avallon. According to Mr. Soubeiran, Professor of the School of Pharmacy of Paris, "*this oil is richer in medical properties than the colored oils.*"

Mr. LESUEUR, chief of the Chemical Department in the Faculty of Medicine of Paris, has demonstrated by a chemical analysis on the 1st June, 1851, that the *straw-colored oil of Mr. HOGG* contains almost *twice* as much of *active properties as the dark-colored* cod liver oils.

NOTICE.—To avoid all counterfeits, this oil is only sold in triangular bottles, as here illustrated, and never, on [illegible] pay person, in barrels, by the quart or at retail. To apothecaries taking 25 half bottles, a discount of 25 per cent. is made on the price. Same conditions to Druggists. Depot in *New Orleans*, at Ed. Guillot's, 148 Royal street.

DUVIGNAU'S APERIENT BONBONS owe their immense superiority, at the fact that they remove CONSTIPATION without causing any irritation or derangement. The numerous cases cured by their use, for the last twenty years, have rendered the Aperient Bonbons one of the most famous remedies known in Europe.

In Paris, at M. SERRES-DUVIGNAU'S, first-class Druggist, No. 66 Rambuteau street. Beware of counterfeits.

A decree rendered by the Imperial Court of Dijon, on the 17th August, 1854, has established, from the report presented by Messrs. Chevallier and O. Henry, members of the Academy of Medicine, and Mr. Lassaigne, Professor of Chemistry at the Alfort School, experts designated by the Court to analyse "That the Elixir of Guillié, *as prepared by* Paul Gage, *is a special Remedy, always regular in its action; that it is not a secret remedy, and that its sale should be authorized."*

ELIXIR OF DOCTOR GUILLIÉ, the only genuine, prepared by PAUL GAGE,

Paris, No. 13, Grenelle-Saint-Germain street.

Asthma, Catarrh, Whooping-Cough, Colds, Convulsive Cough, Inflammation of the Chest, &c.—These diseases result from an accumulation in the tissue of the lungs and on the surface of the bronchia, of a glairy, viscous, thick matter, which has appeared in the lungs after an inflammation. The tracheal artery is choked, the dilatation of the lungs can take place, breathing becomes impossible. Nature endeavors to get rid of this glairy humor by fits of convulsive coughing, and, at the same time, to prevent the suffocation which is caused by asphyxia, if the *Elixir* is not hastily called upon to supply the powerless efforts of nature.

Apoplexy, Paralysis.—The brain is crossed by a great number of blood and lymphatic vessels; it is coated with a mucous membrane, which secretes a glairy humor, in order to keep that organ in a proper humidity. If, through any cause whatever, a light inflammation set on either the blood or lymphatic vessels, or the mucous membrane, and consequently the glairy humor be secreted more abundant than it should be, there follows an effusion of this very humor in the brain, and at once Apoplexy and Paralysis.

One only means exists to prevent such an accident, it is to use Guillié's Elixir before, during and after the effusion, to prevent it, and to operate a resorption by a powerful derivation on the intestinal tube, if it has taken place.

Bile, Bilious Diseases, Yellow Fever, Jaundice, Indigestion, Cholera-Morbus, &c.—When the liver has become the seat of a violent inflammation, this inflammation soon invades the spleen, the stomach and the intestines, through an effusion of bile in these organs.

A truly putrid infection develops itself, giving birth to Jaundice, Yellow Fever, Putrid and Bilious Fevers, Cholera and other pestilential diseases. Bilious calculus are formed in the gall-bladder, &c. To prevent these disorders, the bile, putrefied by inflammation, must be expelled from the liver as fast as it is produced, and to this purpose use Guillié's Elixir, prepared by Paul Gage, for this remedy possesses tonic and anti-putrid virtues, united to a mild purgative action.

Catarrh of the Bladder.—When urine is charged with a glairy matter, sometimes reddish and thick, sometimes as it were oily, this matter irritates the inside of the bladder, and soon produces vesical catarrh. To cure this disease, use Dr. Guillié's Elixir, prepared by Paul Gage, and it will prevent the glairy matter from penetrating or staying in the bladder.

Gout and Rheumatism.—These very grave diseases owe their origin to a glairy, acrid matter, which fastens itself on the synovial membranes of the articulations, and on the aponeurosis which coat the muscles. To dissipate the cause, is to designate the remedy: Guillié's Elixir, prepared by Paul Gage, is the best agent which can be used to alleviate pain and effect a radical cure. As a strengthening agent, the Electro-magnetic Tissue can be applied.

For all other diseases occasioned by Glaire, we refer to the Treatise, from which what precedes is extracted. It is delivered, gratis, with every bottle of Elixir, which must be held as counterfeit unless accompanied by it.

ELECTRO-MAGNETIC TISSUE, APPROVED BY THE ACADEMY OF MEDICINE.

This Tissue owes its curative virtue to the substance of which it is composed, and to the metals of the Voltaic Pile incorporated in it as an impalpable powder. Its action is energetic on the dermal aperient; it manifests itself by an abundant perspiration, and sometimes by a salutary derivative eruption.

This Tissue is of such a solidity that it will last indefinitely, and that it can be more economical and more effective than that of all the cloth papers, most- [illegible] without any action, and selling the linen and skin. Physicians are aware that it will often cure, and always alleviate, every kind of pain, Headaches, Neuralgias, Sprains and Hydropic Inundations, Inflammation of Pleura and of the Loins, &c. &c., in short, all affections which can be modified by an increased action produced on the skin.

Every medical paper published in Paris has recommended its use.

Quite recently, Messrs. CHEVALIER, O. HENRY and LASSAIGNE, well known chemists, called upon to make a report on BRIANT'S ANTI-PHLOGISTIC SYRUP before a court of justice, have declared: THAT THIS SYRUP IS PREPARED FROM PLANTS, THE PROPERTIES OF WHICH MAKE IT HIGHLY FAVORABLE TO THE CURE OF DISEASES OF THE CHEST.

TO PERSONS WEARING SPECTACLES.

THIS is not a personal matter, but merely a friendly advice to my customers and all those who wish to preserve their sight unimpaired. The visual organs are of sufficient importance to require the greatest care in the selection of glasses when one is compelled to resort to spectacles. We must consequently guard against high sounding advertisements published by charlatans, who care very little for the eyes of purchasers, and whose only object is to sell as many spectacles as they can at extravagant prices.

Purchasers must not suffer themselves to be deceived by a pair of spectacles which make things look larger beyond measure. The sight is almost always injured, sooner or later, by our glasses. Clearly. The glasses must be sufficiently strong, and others ought not to be taken unless the change can not possibly be avoided.

I am of opinion that every one has a perfect right to dispose of the goods as he chooses, but I have deem it my duty to caution those who could have been deceived by many years, whose pompous articles about new discoveries, such as Brazilian Pebbles, "Arkansas Pebbles," &c. &c. Those names are only given for the purpose of attracting public attention, and there is not a word of truth in what is said. There is but one kind of good spectacle glasses, whether made of ordinary or pebble glasses; it is those which are well finished, and pure and suit the eyes without fatiguing them.

I am satisfied that physicians and competent persons generally, concur in the above expressed opinion.

IMPORTANT TO COTTON PLANTERS

By which their Incomes must be Doubled.

THE undersigned has invented and obtained letters patent from the United States for the arrangement and combination of machinery for converting Seed Cotton into Yarns by one continuous process, from the Gin through the preparation and spinning machinery, until it is ready for shipment or weaving. The saving of COTTON WASTE will be at least Ten Per Cent., and as I exclude in my process the use of machinery to press the cotton into bales, or its handling at all, and those to open and disentangle it, which are very destructive to their operations on the fibre, but are indispensable to those of ginning and spinning as separate manufactures, my YARNS are made of unbroken fibre, and hence will be fifty per cent stronger, will command advanced prices, and they will distance all competition in any market.

The undersigned is prepared to dispose of privileges to use his patent; and Planters will be informed as to terms, with complete instructions how to use it, how to obtain the best machinery, and all other necessary particulars, on application addressed to me here, or on consultation with me at my rooms, corner Front and Dauphin streets, up stairs.
