ANTI-GOUTY ELIXIR

OF

HIPPOLYTE BRIEUGNE,

INVENTOR OF THE ANTI-RHEUMATISM

Tropical Balm.

THIS now all medical science has had no power to cure the gouty, this terrible disease which has ever made so many victims all over the earth, and still leaves daily so many thousands from their occupations to give them up to the most painful sufferings. It is useless to recall to our minds the symptoms of this disease too well known to its unfortunate victims. It suffices to make them to appreciate the value of such a remedy against their scourge. Such is the effect of the Anti-Gouty Elixir, which is the result of the laborious searches of M. Hippolyte Brieugne, already known by the discovery of the anti-rheumatismal Tropical Balm, that has had down to this day so great a success. The Anti-Gouty Elixir, particularly designed for curing the fits of the gout, possesses a power no less great, warranted by a long and personal experience of the inventor, and by repeated essays upon a numerous victims.
The Anti-Gouty Elixir is easy to take, and its taste is in no way disagreeable. It can be taken pure or mixed with two or three spoonfuls of tea or coffee its efficacy is felt after a few hours, whatever may be the intensiveness of the fit. In twelve hours at most the sufferings disappear, and all its symptoms vanish away.
For sale at the general depot, in New Orleans, at
FRENCH & CO.,
21 and 151 Chartres street.
And in the principal drug stores of the United States. may18 1y
