WEDNESDAY MORNING, JULY 4, 1838.

FOR GOVERNOR,
A. B. ROMAN.

Received, This morning at the Office of the Bee, per Express from Natchitoches, the following Extract of a letter from the Hon. A. B. Roman, addressed to his friend in this city:

Natchitoches, June 28th, 1838.

Dear Sir:—I have just received the Bee of the 16th, containing the proceedings of the Democratic Convention, which I have read with the greatest satisfaction. Nothing could be more gratifying to me than the unanimous manner in which I have been nominated by the Democracy of the city, for the office of Governor. Permit me, through you, to express my sincere thanks to my friends for the honor they have conferred on me, and for the confidence they have reposed in me. Independently of the high honor, I feel a pleasure in being the candidate of the Democracy, because I know that I am the choice of men who have been my friends in every political contest in which I have been engaged, since I first entered the political arena, in 1812.
