It was bounded at the time the survey was made, by lands of William Gilespie, on the one side, and on the other by vacant lands. The above described tract is, it is believed, well adapted to the cultivation of any of the staples of Louisiana, and particuly cotton. LEONARD'S FRENCH CHEMICAL Blacking.

THE subscriber announces to the public, that he intends to remain in New Orleans only one month longer. One of the most useful discoveries that has been made for nourishing, polishing and preserving all kinds of boot, shoe and harness leather, and most deserving the attention of the public, is certainly the Royal Blacking, (louisant royal.) The various compositions now in use for polishing harness, boots and shoes, have long been complained of; they cause the leather to crack and become reddish, by reason of the admixture of vitriol, spirits of wine and vinegar, in their preparation, the undersigned has, however, been so fortunate as to discover a process, that will supercede those rather expensive compositions; which not only possesses the virtue of preserving leather, but giving it the most brilliant black, and its utility is already known, particularly in France, (where Mr. L. supplied five jars to the Royal family) in England, Germany and through the United States, it has been approved of by the most eminent professors of Chemistry, who are now using it, from whom he has received about 1000 certificates. To prevent all imposition, he does not intend to open any depot, but all orders addressed to him before the 25th of March next, at the corner of Hospital and Levee streets, No 1 New York Coffee House, will be punctually attended to. A large box containing sufficient quantity for blacking shoes and boots for a whole year, $2; do for carriage harness, $3.

[f 25] G LEONARD.

These, are to give notice to all persons interested therein to show cause in writing at the office of the Secretary of State in 30 days from the date of the last advertisement, why the said bond should not be cancelled and annulled as also the mortgages resulting therefrom.

Given under my hand and the seal of the State, at New-Orleans, on this 21st day of February, 1833, and in the year of the Independence of the United State the 57th.
