INDIAN PANACEA.
FOR the cure of scrofula or king's evil, cutaneous eruptions, syphilis and mercurial disease, particularly those of long and painful affections of the bones, inveterate rheumatism, obstinate ulcers, tetter, ringworm, obstinate, gutta, or hip gout, fever sores and internal abscesses, tumors on the scalp head, scurvy, bilious, chronic sore eyes, erysipelas, tetanus or lockjaw, chronic coughs and hoarseness, particular cause, pain in the stomach and dyspepsia, proceeding from vitiation, affections of the liver, chronic inflammation of the kidneys, with pain in the loins, and the disturbed action of the vessels of the skin. It is singularly efficacious in removing those constitutions which have been broken down by the use of mercury, leaving the system in a feeble state. In general terms, it is recommended in all those diseases which arise from impurities of the blood, or vitiation of the fluids, or where a change is wanted.
The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the Indians, and has ever found it to be one of the most approved and successful medicines which they use.
It is offered to the public by the proprietor, with the consciousness that it is a valuable medicine, and a medicine capable of relieving many of his afflicted fellow-beings, who are suffering under the various chronic and obstinate complaints to which it is applicable. Trusting it will prove the means, and in many cases, the only means of relieving their sufferings, and restoring them once more to health and happiness. This is the sincere wish of the proprietor, that may perchance be equally good with many others now in market, but it is not capable of saying life in many severe cases, when all others have failed, and it has never deceptedly, and it is on the reputation it has obtained with many that it is now offered.
This medicine has been found highly useful in many malignous diseases not here specified, and it has been used with success in cases of the most long standing, and by those who are subject to vary so complicated, and where constitutions require invigorating. Whenever the drink is necessary, it is hoped that this Panacea will be found over all its par, over many less important, and less approved in a far more agreeable manner than the common dose drink.
The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian Panacea, viz: the 2d certificate is a complicated case, and also to exhibit in the most satisfactory manner its superiority over other similar preparations:
Copy of a letter addressed to the proprietor &c.
Charleston, Jan. 20, 1841.—This may certify that I was affected with a scrofulous disease for several years, during which time I underwent a tedious course of medicine in Philadelphia and Charleston, and also took several bottles of Swain's Panacea, but all without permanent benefit. During the last winter I was taken with a violent cough which was so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, unassisted and thought I should die from unavoidable starvation, when, as a last resort, I had recourse to the Indian Panacea, and in a few days it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.

COUGH REMEDY.—Pectoral Paste of Degenetes, Druggist, at Paris.—Of all the remedies now known for the cure of coughs, colds, and pulmonary complaints, this is the most approved and successful medicine which they use.
It is offered to the public by the proprietor, with the consciousness that it is a valuable medicine, and a medicine capable of relieving many of his afflicted fellow-beings, who are suffering under the various chronic and obstinate complaints to which it is applicable. Trusting it will prove the means, and in many cases, the only means of relieving their sufferings, and restoring them once more to health and happiness. This is the sincere wish of the proprietor, that may perchance be equally good with many others now in market, but it is not capable of saying life in many severe cases, when all others have failed, and it has never deceptedly, and it is on the reputation it has obtained with many that it is now offered.
This medicine has been found highly useful in many malignous diseases not here specified, and it has been used with success in cases of the most long standing, and by those who are subject to vary so complicated, and where constitutions require invigorating. Whenever the drink is necessary, it is hoped that this Pectoral will be found over all its par, over many less important, and less approved in a far more agreeable manner than the common dose drink.
The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian Panacea, viz: the 2d certificate is a complicated case, and also to exhibit in the most satisfactory manner its superiority over other similar preparations:
Copy of a letter addressed to the proprietor &c.
Charleston, Jan. 20, 1841.—This may certify that I was affected with a scrofulous disease for several years, during which time I underwent a tedious course of medicine in Philadelphia and Charleston, and also took several bottles of Swain's Panacea, but all without permanent benefit. During the last winter I was taken with a violent cough which was so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, unassisted and thought I should die from unavoidable starvation, when, as a last resort, I had recourse to the Indian Panacea, and in a few days it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.

INDIAN PANACEA.
FOR the cure of scrofula or king's evil, cutaneous eruptions, syphilis and mercurial disease, particularly those of long and painful affections of the bones, inveterate rheumatism, obstinate ulcers, tetter, ringworm, obstinate, gutta, or hip gout, fever sores and internal abscesses, tumors on the scalp head, scurvy, bilious, chronic sore eyes, erysipelas, tetanus or lockjaw, chronic coughs and hoarseness, particular cause, pain in the stomach and dyspepsia, proceeding from vitiation, affections of the liver, chronic inflammation of the kidneys, with pain in the loins, and the disturbed action of the vessels of the skin. It is singularly efficacious in removing those constitutions which have been broken down by the use of mercury, leaving the system in a feeble state. In general terms, it is recommended in all those diseases which arise from impurities of the blood, or vitiation of the fluids, or where a change is wanted.
The proprietor of this valuable medicine acquired his knowledge of its ingredients from a
