COMMERCIAL.

OFFICE OF THE DAILY PICAYUNE, Friday Evening, March 12, 1857.

There has been a good demand for our leading staples during the past week, from full prices for most articles. Cotton, Sugar, and Molasses, are active, and holders have realized better prices under the influence of favorable advices from Europe—Sugar has considerably appreciated, and Molasses has been firm. Tobacco has gone off freely at full prices. Flour has been dull, but Corn has met with a fair demand at earlier prices. In Provisions there has been more movement, without much alteration in prices. Freights have been active, and the rates have advanced. Exchange continues to wear a heavy appearance.

The Europa's advices were received on Saturday evening, and appeared in our columns on Monday morning. They reported a further advance of ¼d in cotton at Liverpool, with sales during the week of 50,000 bales, of which 8,000 were for Spec. and Middling Orleans at 7¾d.—On Friday morning we published the Canada's accounts, bringing up our Liverpool dates to the 27th ult. The sales of cotton for the week are stated at 58,000 bales, at an advance of ¼@3-16d, and Fair Orleans was quoted at 8d, and Middling Orleans at 7 11-16d, which would indicate a still greater improvement. The stock on hand was stated at only 307,000 bales, of which 139,000 were American or Mobile; and the Sales to the Trade throughout Great Britain had increased 300,000 pounds during the week.

COTTON.—Arrived since the 5th instant, 68,976 bales. Cleared in the same time for Liverpool 22,274, Havre 4,700, Boston 2,615, St. Petersburg 847, Boston 12,167, New York 1870, Philadelphia 267, and Havana Santiago 548 bales; together 43,077 bales, making an addition to stock of 25,897 bales, and leaving on hand, &c., a stock of 438,822 bales.

STATEMENT OF COTTON.

The market opened on Saturday with an active demand, and prices advanced a full ¼d, and within the range of our previous quotations. On Monday factors asked higher prices, on the strength of the Europa's favorable advices, and a few sales were made at a slight advance, but buyers did not come forward freely, and the prices all had to be generally figures, the sales of the day amounting to 3,000 bales. The demand was more general and active on Tuesday, and 14,400 bales changed hands at a small improvement on the middling grades. On Wednesday buyers came forward very freely, and fully 21,000 bales were sold at the figures of the previous day, when the announcement of the Canada's arrival, with advices of a further advance at Liverpool, induced factors to put up their asking rates, and the buyers withdrew from the market. Yesterday a number still claimed advances, and about 1,000 bales were sold, with a very unsettled and irregular market, and to-day some 7000 bales changed hands, making a total for the week of 74,400 bales, the market closing, at about the range of our quotations:
