Notice.

DR. L. DUPERRON,

DENTIST,

50.....ROYAL STREET.....50

HAS the honor to inform his friends and the public that he has just received a compound for plugging teeth, which possesses properties far superior to any heretofore used. This composition, invented by Dr. Witzer, when introduced into the cavity of the tooth, with a light pressure, adheres tenaciously to the inside and immediately becomes as hard as the tooth itself, and, in a short time, acquires the color and polish. Persons whose teeth are black or discolored by other modes of filling, can, by the use of this composition, have their teeth restored to their natural color.

To the Ladies.

DISEASES are very often followed by the loss of that burst of all ornaments—the hair—and no better preventive can be found than Dr. GAUDIN'S INVIGORATING AND NUTRITIVE POMADE—Price 50 and 75 cents a bottle.

The particular attention of ladies is called to the above article, which is unequaled for strengthening and beautifying the hair. Orders may be made of J. M. MENVIELLE'S ORIENTAL.

P. GAUDIN'S "EAU DE SANTE" is also highly spoken of for the skin, which it can in no case injure.

The articles can be had at 50 cents, exclusively at the TRI-COLORED ITALIAN DRUG STORE, corner of Bienville and Barracks streets.
