The scholastic year commences on the second Monday in September, and finishes on the last Thursday in July, on which day the annual commencement is held, premiums are distributed and degrees conferred.

The terms for boarding, lodging, tuition, washing, mending and doctor's fee are $150 per annum, payable half yearly in advance. G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION
No. 148 Conti Street,
between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is well known and highly distinguished for the success which has accompanied it ever since its foundation, a considerable number of pupils who have quitted it to enter on the great sea of life, having already acquired some distinction [illegible] various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of Learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects which are specially the province of a collegiate course. MANDEVILLE COLLEGE.

THE labors of the Directors of this Institution have been already rewarded by the confidence of the public. The number of students in its halls is more considerable than could have been anticipated for the short time it has been under the present direction. Its patrons rank among the most intelligent and influential citizens of Louisiana.

The success of the College may, in part, be attributed to its various local advantages. The buildings are of vast extent, and admirably adapted to the purpose for which they are used. A steamboat plies regularly between the College and the city of New Orleans, facilitating the communication between the students and their parents. The health and recreation of the students are promoted considerably by bathing in the Lake, at the proper season, and by walking under the shade of the surrounding forest.

But it is not to its favorable situation alone that the College is indebted for its success. The result of the late examination has shown that the Directors have been fortunate in their choice of Professors, and that the public confidence has been justly bestowed. In consequence of the increase in the number of students, the Directors have engaged the valuable services of Professor Roe, a gentleman favorably known to the public, still retaining all the Professors already attached to the College.

The care of the students' clothes will be confided to a competent person, under the superintendence of Mrs. McManus. The students will, for the future, will receive, from Mrs. McManus, that maternal care so necessary, particularly for young children, when absent from their homes.

SAND'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD OR HABIT OF THE SYSTEM.

This valuable Medicine is now used and universally approved by the most distinguished of the Medical Profession throughout our country, and, by its intrinsic medical value, the public generally (but the afflicted particularly,) have been made acquainted with its usefulness, in the removal and cure of diseases having their origin in an impure state of the blood. The Sarsaparilla is combined with other ingredients, all of which are held in the highest estimation by the most distinguished physicians.

As a mild aperient, antiseptic and tonic, it contains the three most useful properties of medicine. It purges, purifies and restores. Scrofula, Cancer, Leprosy, all Ulcers and Scrofulous Sores, all Diseases of the Skin, and all internal disorders not organic, but springing from a diseased circulation, give way before its hygeian influence.

The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

MARSHALLVILLE, Ky., February 22, 1845.

Messrs. A. B. & D. SANDS,—Having used your Sarsaparilla in my family, and witnessed its beneficial effects on one my children, I feel it to be a duty I owe the community to make the case public. About two years ago my little son was attacked with Scrofula or King's Evil, which broke in eight or nine places round the neck or jaw and which finally affected his eyes, rendering him entirely blind. During the first year from the time he was taken, he was attended by several physicians, but continued to get worse until I despaired of his ever getting well. Having seen your Sarsaparilla advertised with certificates of its cures, I concluded I would give it a trial, and accordingly sent to Cincinnati and procured a few bottles, and now, after having used in all nine bottles, I have the gratification of saying he is well. The sores are all entirely healed, and his sight nearly as good as ever it was, and I have no hesitation in saying that he was entirely cured by the use of your Sarsaparilla.

Yours, truly, E. BASSETT.

NEW YORK, April 22, 1845.

Messrs. A. B. & D. SANDS—Gentlemen,—I was troubled with a severe ulcer on my ancle, which extended half way up to the knee, discharging very offensive matter, itching, burning, and depriving me of my rest at night, and very painful.

I was recommended to use your Sarsaparilla by Mr. James McConnell, who had been cured by it, and after using five bottles I was completely cured.

I have delayed sending you this certificate for one year since the cure was effected, in order to ascertain with certainty whether it was a permanent cure, and it now gives me the greatest pleasure to add that I have neither seen nor felt the slightest reappearance of it, and that I am entirely well.

Yours, very truly, SARAH M'INTYRE,
240 Delancy street, New York.

MOBILE, Ala., Nov. 28, 1845.

MESSRS. SANDS,—I deem it an act of justice to myself and the community at large, to relate the following facts which occurred in our neighborhood in the latter part of July last. Jane C——, a young girl aged fourteen years, was affected with an immense sore on the middle of her back, which defied all the treatment of medical skill. At last some person mentioned to me your Sarsaparilla, and I immediately procured two bottles of Messrs. Moseley & Tucker, your Agents in this city, which I gave to her. I called to see her the next day, and she told me had taken two doses and felt very much relieved. I laughed immoderately at this, but she said it was really so, and, gentlemen, in a word, in two weeks from the time she commenced using it, there was neither sign nor appearance of where the sore had been.

Yours, respectfully,
J. G. HOUSEMAN, 93 Dauphin st.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets which may be obtained of Agents gratis.

Prepared and sold, wholesale and retail, by A B & D SANDS, Wholesale Druggists, 100 Fulton street, New York.

☞ The public are respectfully requested to remember that it is Sands's Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject; therefore ask for Sands's Sarsaparilla, and take no other.

Galvanic Rings and Magnetic Fluid.

THIS remarkable discovery which has attracted so much attention in Europe and recently in the Northern States, is now introduced for the first time to the citizens of New Orleans. It comprises an entirely safe and simple application of the Mysterious Power of Galvanism as a remedial agent. The GALVANIC RINGS in connection with the MAGNETIC FLUID have been used with the most perfect success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs; *Gout, Tic Doloureux, Toothache, Bronchitis, Vertigo, Nervous or Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Pains in the Chests and Side, General Debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders.* In cases of *Dyspeptia* which is simply a nervous derangement of the digestive organs, they have been found equally successful. The RINGS are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience.

The Galvanic Belts, Bands, Bracelets,

Are modifications of the invention, and are recommended in more chronic cases of disease, where the Rings do not possess sufficient intensity or power. They are adapted to the waist, arms, wrists, ancles, chest, or any part of the body with perfect ease. Any Galvanic power which is required may thus be obtained, and no complaint which the mysterious agent of Galvanism can effect, will fail to be permanently relieved.
