MEDICAL.

SANDS' SARSAPARILLA, IN QUART BOTTLES, For Purifying the Blood, and for the Cure of *Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt-Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.*

IN this preparation we have all the restorative properties of the root, concentrated in their utmost strength and efficacy: but while Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of diseases depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent, which gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Its great merit is, that it meets and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear; and we have only to point to the accumulated testimony of multitudes who have experienced its effects, to convince incredulity itself of its real value.

LIVER COMPLAINT AND SALT-RHEUM.

New York, July 27, 1849

Messrs. A. B. & D. SANDS, Gentlemen:—Words can but feebly express my feelings, in conveying the pleasing intelligence that my wife is restored to perfect health by the use of your invaluable Sarsaparilla. She was afflicted with a severe cutaneous disease that covered the whole surface of the body, so that it would have been impossible to touch any part that was free from the humor; the head, face and body were covered with scales like those of a fish; the hair fell out in large quantities, and walking caused the most excruciating agonies, as it affected the joints more severely than any other part. She suffered also a long time from an affection of the liver, connected with general debility, and a prostration of the nervous system. Physicians, both in Europe and America had exhausted the usual remedies, without effecting a cure, or scarcely affording relief, and the best medical skill was unavailing, until she happily used your Sarsaparilla. The disease was pronounced salt-rheum, but her whole system, internally and externally, was altogether deranged; but so complete has been the cure, after using the Sarsaparilla for six weeks, and taking in all less than one dozen bottles, that she now enjoys better health than for years previous to taking the Sarsaparilla. My object in making this communication is, that all who have suffered as she has, may know where and to whom to apply for relief, (and let not to pain,) as a complete cure will be the result. My wife unites with me in heartfelt thanks; and believe me, gentlemen, Yours sincerely, FERRIER NAZER.

City and County of New York, ss.—Ferrier Nazer, being duly sworn, doth depose and say, that the foregoing statement, to which he has subscribed his name, is true and accurate, to the best of his knowledge and belief. Sworn and subscribed this 27th day of July, 1849, before me, C. S. WOODHULL, Mayor.

Conti St. Verandah Hotel.

MADAME GEORGE has the honor to inform her friends and the public generally, that she has just entirely repaired and arranged the Conti street Verandah Hotel, No. 96 Conti street, between Chartres and Levee streets, in the most commodious and comfortable manner, for the accommodation of such persons as will honor her with their patronage.

Besides a large number of rooms, small and large, which will enable her to receive and accommodate from 100 to 125 boarders, the Hotel contains vast and comfortable apartments, suitable for families.

The management of the establishment, in all its branches, the great care devoted to travelers, and above all, the quality and great variety of the viands with which the table is always provided, as well as the minute attention with which they will be prepared, induces MADAM GEORGE to hope that, as here tofore, she will obtain the kind patronage of the citizens of New Orleans, and of Planters in general.

MADAME GEORGE avails herself of this opportunity to inform the public that the breakfast hours are from 8 to 9 o'clock. Dinner hours from 3 to 4.

Her charges for boarding and lodging included are as follows: $1, $1 25, $1 50 and $2 per day according to the size of the rooms.

Dr. John S. Dare's STEEL SHOULDER BRACE —AND— ABDOMINAL SUPPORTER

THESE instruments, invented by Dr. Dare, of Va., are superior to any other for supporting the back, expanding the chest and securing an erect form so essential to health, vigor and good appearance. The ease with which they are worn, possessing great elasticity, which is never lessened by use, and being adapted to every movement of the body without constraint, will secure for them a large and extensive sale.

Having examined the above instruments, I certify that they are admirably adapted to further the purpose intended. WARREN STONE, M. D.

SILESIAN WARE.

THIS article, which gained so much admiration, and of which so many purchased last season, is now offered for sale at No. 7 Camp street, at which place old customers and new ones are invited to call and supply themselves. No Ware ever offered in this city has gained such universal approval from the purchaser, in view of the price paid. B. ANTOGNINI, Manufacturer of Billiard Tables, &c.

No. 12 and 14 Conti Street, Between Chartres and Levee Streets,

BEGS leave to inform amateurs and proprietors of Billiards, that he is now ready to furnish them with Billiard Tables of a new kind, and superior to all those which have heretofore been in use, whether manufactured in France or the North or West of the United States.

The repairs which he is every day called upon to make to Billiard Tables coming from those countries have enabled him to ascertain the kind of construction which is best suited to resist the temperature of Camp climates.

The table and bands of a Billiard being generally the parts which are most liable to deterioration, particular attention has been paid to the construction of these parts.

Every Billiard built by him has a Mahogany table, combined with Oak, Cherry and Hickory, thus warranting them from warping in any direction.

The bands are made of Patent India Rubber, invented by him, and far superior to the French and English rubber, which have been used by him since 1849, and have always given great satisfaction.

Gentlemen may satisfy themselves of the above by visiting his establishment, where they will always find mounted Billiard Tables, ready for playing and they will be convinced that the table is durable.

EVERY BILLIARD TABLE BOUGHT FROM HIM IS WARRANTED FOR A NUMBER OF YEARS LIMITED BY THE PURCHASER.

He has constantly on hand a great variety of New and Second-Hand Billiard Tables. Also—BALLS and PINS, for Ten pin Alleys complete Loto sets, &c. &c. Also—EIGHT LEG BILLIARDS

Persons unable to come to New Orleans, and who may desire to procure any of the above named articles, have only to communicate their orders to B. ANTOGNINI, who will execute them satisfactorily.

B. Antognini has also the honor to inform his friends and the public in general, that in consequence of an arrangement with one of the largest manufacturers of d'Elbeuf Cloth, he has on hand a large quantity of that cloth for Billiard Tables, which he is prepared to sell at an exceedingly low price.

The extension of his house, and the relations which he has established, and continues to establish, with the best manufactories of France and the U. States enable him to sell all articles in his line at prices below the current rates. mr12

EDUCATION.

DAY AND BOARDING SCHOOL FOR YOUNG LADIES, Under the Direction of MADAM CHARPAUX, *At the corner of Bourbon and Dumaine streets*

THIS SEMINARY, which commenced but some six years back, has met with success that proves beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Madam Charpaux will spare no pains to make her Seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed excellent teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest places of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of Scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short, all the branches of a proper education, will be taught in this Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms, all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and specialist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the Professor. The study of the notes will precede the performance, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the Pupils, and improve their singing, on the morning of the last Saturday in every month, there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her Scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer, the classes will open at 8 o'clock, and close at 3. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. Re-open at 4, and close at 5½ o'clock, P. M.

G. BOYER'S INSTITUTION. No. 148 Conti street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engages the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education; from primary instruction to the most abstruse subjects which are especially the province of a collegiate course. The elementary studies are invested with the utmost importance in ordinary cases, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

DAY AND BOARDING SCHOOL, UNDER THE DIRECTION OF **MADAME PARENT,** *Corner of Rampart and Du Maine streets.*

THIS institution occupies one of the best locations in the city with respect to health and many other important advantages. The building is magnificent. The apartments are vast and well ventilated, and are particularly well adapted for classes.

There are four fine dormitories with dressing cabinets; also spacious galleries all through the house; a splendid terrace commanding a most beautiful view of the city, as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their daughters.

Madame Parent is always present with her pupils, she teaches during the hours of class, and superintends the different divisions. There is an ample number of the best professors employed, besides ladies residing in the institution.

Every branch of a solid and refined education is taught in both languages; all accomplishments, such as Drawing, Painting, Dancing and Embroidery &c. The Musical department (including vocal and instrumental) is conducted by four of the most competent and acknowledged talents in the city.

It would be superfluous to add anything respecting the special attention that is paid to the English language—the best guarantee for this, Madame Parent can give the public, is, that the French young ladies who have been educated by her speak it like the natives as their mother tongue.

For terms, apply at the institution where prospectuses can be obtained.

ST. LOUIS INSTITUTE FOR YOUNG LADIES Boarding and Day School, under the direction of Madam Deron, Dauphine street, No. 313, and Hospital street, No. 155.

THE Directress of this Establishment, being fully sensible of the importance of the English language, has introduced new modifications in the mode of teaching.

The number of English Professors has been increased. Besides two distinguished Professors who are charged with the instruction of the three higher elementary classes and the general superintendence, *five American ladies*, who attend to the elementary classes and the general superintendence, speak English only. *The pupils are therefore compelled, in their general intercourse, to express themselves in English alone.* With a view to this result, Madam Deron has established strict regulations which she will personally see enforced, for she wishes families to be convinced of the fact that an easy and constant practice of the principal language of the country, is required at the Institute.

Moral and religious education and good manners, which can be acquired only by example, are looked upon as highly important by Madam Deron, and she will use her best exertions to create patience and mild discipline on the one side, and patience and affection on the other, among the pupils and the teachers.

The musical classes, still under the management of Mrs. Lavillebeuvre, are constantly and carefully attended to.

The annual examination begins in October.

Summer Residence.

From the month of June, a branch of the St. Louis Institute is opened at Mandeville, a delightful village free from epidemic diseases. Madam Deron's object in opening it, is to afford to unacclimated young ladies or those wishing to spend a few months in the country, the facility of continuing the same studies as in the city. Both Establishments are opened during the entire summer.

A carriage is attached to the establishment, which conveys young ladies residing above Canal street, to and from the Institute. sap4

VETERINARY HOSPITALS OF DR DELRIEU, *Laureate of the French Veterinary Hospitals*

One of the grave obstacles in veterinary medicine, results from the fact that the question is not, as in human medicine, to discuss a scientific point, but merely to determine a simple speculation, which is this: "The sum represented by the time lost, the cost of treatment and food should, under no circumstances, exceed the value of the animal."

Any one can cure diseases of domestic animals, with but a few exceptions. Time answers the purpose...... The savannas of nature effect the largest number of cures, but the treatment of animals by means of the rational data of science is not [illegible], as cheap as possible, and in a short delay is a doctrine which has been accepted by this and proved, fortunately, the first advantage [illegible] the cure has over the animal, [illegible] frontery alone recommends.

With a view to put a stop to the speculations of humbug here, Dr. Delrieu has just established vast and costly hospitals managed exclusively by himself. He pledges himself, besides, to cure the animals directly confided to his care, in the stables of the hospitals, or out of them, by the day, or by the month. Prices [illegible]. Persons, living in the country, who will send the animals to the hospitals, will be charged the same price as persons living in the city.

Hospital No. 1—Gravier street, No 208, between Philippa and Circus. Consultations from 10 to 12 o'clock.

Hospital No. 2—231 Rampart street, between Toulouse and St. Peter. Consultations from 2 to 4 A. M.

Persons desirous of subscribing for the month, [illegible] can do so on liberal terms by applying to Dr. Delrieu.
