MEDICAL.

GOOD MEDICINES.
STABLER'S
ANODYNE CORDIAL EXPECTORANT
FOR COUGHS, COLDS, BRONCHITIS, CROUP, &c

STABLER'S
DIARRHŒA CORDIAL

THE valuable medicines above named, are not empirical, but are prepared in agreement with the experience of some of the most learned and judicious practitioners, and are not secret, further than is necessary to protect the proprietors and those who use them from base and unprincipled imitators, who would gladly palm off their spurious nostrums, under the guise of genuine medicines, if they could, from time to time, be perhaps

300 PHYSICIANS!!!

In Maryland, Virginia, District of Columbia, Ohio, and other places, all of whom, without a single exception, have approved of the formula, and most of them acknowledge that they are the best remedies that they have ever known for the cure of the diseases for which they are recommended. Our confidence in the excellence of these medicines, added to our desire to avoid the just prejudice of the medical profession against Patent and quack nostrums, induced us to adopt this candid course. We append a few of the notices we have received from Physicians, viz:

From Dr. William H. Perrow, of Saint Hill, Md.

Gentlemen—I have frequently in my practice prescribed your "Stabler's Anodyne Cherry Expectorant," and "Diarrhœa Cordial," with great satisfaction to myself, and to the entire relief of patients, who for my praises to know. I consider them happy combinations of some of the most valuable and well known remedies, and must be of infinite worth to the afflicted and mankind at large. In truth the medicinal properties of these active and concentrated preparations, so convenient for administration, and of a standard quality, you have rendered them an eminent service, and I do no less than earnestly recommend these preparations to practitioners, and especially the country, where the impurity of commercial Drugs is one of the greatest obstacles to their success. Dr Pierce.

Dect. W. S. Love writes to us that he has administered the Expectorant to his wife, who has had the Bronchitis for fourteen years, and that she is first recovered for two years, and attacking relapse. He has in a few weeks cured her more than all the medicine one has been able to procure, dical counsel.

From Dr H Pratt, of Baltimore, Md.

"After several months use of your Expectorant, both in my own family and in general practice, I am confirmed in the opinion expressed of it when first made acquainted with its composition, that it is a valuable CONVENIENT and ELEGANT preparation of the Wild Cherry.

From Geo. Gerry, M. D., of Somerset Co. Md.

"Gentlemen—I have used many of the different Cherry Expectorants, and I do assure you that yours is decidedly the best I have ever tried."

From Dr. J. Ridgeway Andre, of Kingston, Talbot Co. Md

"Having examined the component parts of Stabler's Anodyne Cherry Expectorant, also of "Stabler's Diarrhœa Cordial," and having used them in practice, I feel no hesitancy in recommending them."

From J. S. Wilson, M. D., Kent Co. Md.

From J. S. Wilson, M. D., Kent Co. Md.

"I have much pleasure in adding my testimony in favor of your valuable Cherry Expectorant. I have, after extensive use, found it to answer all my expectations."

From Dr. Daniel W. Jones, Somerset Co. Md.

"I have used your Cordial and Anodyne Cordial in my family. It gives me much pleasure to add my testimony to their efficacy, in favor of its efficiency."

*From Samuel Merrill, Esq. of Chesapeake City,
