DENTISTRY.

Dr. PEARSON, Dentist.

Office and residence, Baronne street, opposite the State House.

DR. PEARSON invites his friends and all interested to call and examine the improvements in the manufacture of **Artificial Teeth**, particularly the **Block Teeth**, for which he received the first premium at the State Fair.

Persons wishing artificial Teeth inserted, can have it done at my establishment with less delay and upon more reasonable terms than any other in the south.

It has ever been my object to place it in the power of the poor as well as the rich to obtain relief and restore their features to their original form. The increase of my practice for the last year has compelled me to employ several skillful operators, among them is an experienced French Dentist, whose services I have procured for a term of years at considerable expense. The Creoles may rely upon finding him always ready to wait upon them. His operations will always be submitted to my examination and approval.

Blocks manufactured for Dentists to suit every variety of case, by furnishing correct models. A supply of every article used by Dentists will constantly on hand.

BERTHANDIE'S, corner Levee and Chartres streets.—Louisiana is one of the countries most subject to vermicular affections under the most varied and aggravated characters, and although we do not ascribe all diseases of children to this cause, we may advance the fact that cessations, intermittent fevers which prove that when the physician persists to treat fever only, consequently it becomes necessary to expel the worms, which daily invade the digestive tube, and without this resort no matter remedy can be obtained than Winer's Vermifuge—it is the only remedy which unites the following qualities, being a anthermintic, purgative and tonic. ap22 1f

To the Public.

As some of the Bakers of this city have taken offence at our remarks last week, concerning the washing of their Bread, and have thought proper to circulate a report that we had given up the Baking Business, and by such contemptible means succeeded in obtaining many of our Customers, we beg to request our friends not to be deceived by such nonsense; it is true, they have succeeded in obtaining some of our Bread Drivers from us, which will give us some temporary inconvenience until our new Carriers become acquainted with their routes, but if they think to put us down by this kind of oppression, they mistake most egregiously. We have too much confidence in the community to suppose they can succeed; we ask our friends to continue to patronize the Bread Wagon, and we are pursuing a fair and honorable competition, and leave the community it is so much to their interest that we should succeed, as it is for our own.

N. B.—Our Customers not receiving their Bread, will much oblige us by leaving their names at the Bakery, or at No. 1, Bernadotte's Exchange office, St. Louis street.
