FAUBOURG DARCANTEL.

THIS beautifully situated faubourg, being nearly equidistant from the river and Port Pontchartrain, and located on the high ground of the Gentilly ridge, will be offered to the public by

ISAAC L. M'COY, *and*
HEWLETT & RASPILLIER, *Auctioneers.*

On MONDAY the 4th June next, at the Exchange coffee house, at 12 o'clock, laid off in lots of suitable sizes, and will be sold without reserve to the highest bidders.

The many advantages thus offered to a discriminating public needs no minute discription, and judicious speculators will not fail to profit by the purchase of lots in this elevated and healthy part of the city, rendered so convenient by its connexion with the Rail road which runs through the centre. This faubourg is laid off to correspond with the streets of faubourg Marigny, and with those of Milnesburgh, and it is evident from the enterprising character of the inhabitants of the lower part of the city, which is daily developing itself with increased vigor, that the time is not far distant when the whole will be in a state of improvement, and will form the most beautiful part of New-Orleans. The wide avenues formed by the Rail Road, and parallel streets permitting free circulation of air from the Lake to the River, and affording an unobstructed view, certainly indicate it the most healthy part, as well as the most beautiful. The compactly built and crowded streets of the business parts of the city already renders them unfit for residences during the warm season, and as this inconvenience must increase with the growth of the population, more airy and salubrious situations must be taken for dwellings, as well for health as comfort. Cars will stop at the Darcanil faubourg at all times to put down and take up passengers, and it is the intention of the Rail road company to lay iron pipes from the river to the lake to furnish the intermediate inhabitants with pure and wholesome water at a small expense.

For summer residences and pleasure gardens, this faubourg is delightfully situated, and the facility of speed with which it can be reached by means of the Rail-road, render it more convenient to the square of the city than many of the upper faubourgs.

The Rail Road Company desirous of affecting facility to enterprising individuals who may purchase lots or squares in said faubourg, propose to sell on the following terms:

1, 2, 3, 4 and 5 years, endorsers being required on the three first notes. The purchasers to have the privilege of discounting any portion of their respective amounts at 8 per cent per annum.

The acts of sale to be passed before Carlisle Pollock, not. pub., at the expense of the purchasers.

The plan may now be seen at the Exchange coffee house. may 18

CARSTARIAN SYSTEM OF WRITING

CORNER OF CHARTRES AND CONTI STREETS.

MR. DOLBEAR, respectfully informs the citizens of New Orleans, that in consequence of the numerous solicitations, he has recently received, he will continue to give lessons in this city, a few weeks longer than he had previously intended. Therefore, all persons who commence immediately, may yet, have an opportunity to receive a full course of lessons. From the success which has ever attended Mr. D's instructions on this system, he can with confidence, assure the citizens of this city, that the most cramped and illegible hand may be exchanged in a very short time, for a style free, rapid and elegant.

Ladies and Gentlemen are respectfully invited to call and examine the numerous specimens of those persons who have received lessons in this place. Ladies can receive instruction at his writing establishment, or at their own residence. Parents, teachers, men of business and good penmen, are particularly invited to call and examine for themselves.

N. B. Mr. D. would also give notice, that himself and brother have recently been appointed sole agents for all the southern and western country, for the only edition of this system that has ever been published in the United States. may 26

NEW ORLEANS, May 12, 1832.

On the invitation of Mr. Dolbear, a teacher of penmanship in our city, upon the Carstarian system, we have carefully examined specimens of the writing of his pupils, whose ages range from 8 to 50 years, written through an entire course of instruction; and after having done so, it is with the highest satisfaction that we can testify to the rapid, if not unparalleled progress which they have made,

From the specimens seen, and the examination of the system made, we cannot withhold the expression of a concurrent opinion, that the system is greatly superior to any hitherto taught. If to write legibly, elegantly, rapidly, and in good taste, be an accomplishment, useful or desirable, it is upon the principles of this system that it is to be acquired. We therefore anxiously solicit of the public a liberal patronage in favor of an instructor whose qualifications are of the highest order, and whose labors promise to be so exceedingly useful to this and other communities.
