September 2.

JUST received a new supply of the Remedy prepared by the late celebrated physician Dr. Francis Bertoly. This well known medicine in syphilitic cases has been used in the U. States for upwards of 30 years with the greatest success; and though mercury enters into its composition, yet its remarkable properties consist in this fact: if prescribed in any quantities, and frequently repeated, it never affects the mouth in the remotest degree, there is, therefore, no salivation, no fetor of the breath, no destruction of the teeth, nor any of that long catalogue of disgusting effects so universally attending the use of mercury in its natural form as is usually prescribed; this is a circumstance not to be overlooked. This medicine is accompanied by a small pamphlet, called "The Art of Curing One's Self," plainly pointing out its application, which may be performed without the aid of a second person; in common cases one bottle effects a cure. To be had at

M. JAMBU, *Druggist*,

NOTICE.

WHEREAS application has been made to me, praying the mortgages resulting from several bonds which Sosthène Allain subscribed as security, to wit: one with Favrat, as Judge of the parish of West Baton Rouge, on the 27th day of February, 1819; and the other with Pierre Louis L'Hermite, as surveyor of the 4th district, on the 9th day of May, eighteen hundred and nineteen, be raised and annulled.

These are to give notice to all persons interested, to shew cause in writing at the office of the secretary of state, within ninety days after the last publication hereof, why said mortgages should not be raised and annulled.

Given at New Orleans, under my hand and seal of the state, this 12th day of July, eighteen hundred and thirty, and the fifty-fifth of the independence of the United States of America. JACQUES DUPRÉ,

Acting Governor of the State of Louisiana.

PRIVATE INSANE HOSPITAL & INFIRMARY.—Dr. **HAMMOND** respectfully informs the public, that having been advised by some of the most celebrated of the Medical faculty of this city, to open a private institution for the reception of Insane Patients, at some elegible spot on this island, has selected that well known, high, airy and universally healthy spot, the HAMILTON SPRING PLACE.—It is delightfully situated on the east bank of the Hudson River, eight miles from the city, on the Bloomingdale road—commanding a fine view of the North River, sloops, steamboats, &c. as they pass and repass. There patients are furnished with every kind of exercise and amusement, such as riding, hunting, fishing, sailing, gardening, warm, cold, shower, fresh and salt water bathing. In consequence of opening this institution, Dr. H. has discontinued his old establishment in Massachusetts; consequently his whole attention is now paid to this. In this Infirmary, (which is entirely seperate from the Insane Hospital,) the following patients are received, viz: those that are laboring under chronic, nervous or cachectic diseases, males or females of intemperate habits, such as are unmanageable by parents or guardians; for patients of the latter description who have neglected their education, a private instructor is provided. Dr. H. is happy to state, from the success he has met with, (both in his old establishment and this) in restoring to health and reason patients of the above descriptions, he is induced to believe that patients are restored in much less time and in a greater degree, in this than in public Asylums, being well aware that the public have certain prejudices against both public and private hospitals, such as the proprietors of keepers of them being harsh, overbearing, tyranical, and in some instances, cruel to their patients. In order to do away such feelings, so far as respects himself, he begs leave to refer those whom it may concern, to the Rev. Samuel Eastman, No. 229, Bowery; Valentine Mott, M. D. professor of surgery in Rutgers' Medical College, Park Place; B. W. Bonney, esq. corner of Cedar and Nassau streets, New York; and in Boston, to the Rev. Howard Malcomb and A. A. Dame, esq.

BE WARE OF COUNTERFEITS!

WHEREAS I have lately understood that a certain individual is now preparing and now vending throughout the United States, an imitation of my celebrated *Catholicon*, purporting to possess the same virtues, and as it is presumed it will be for sale in the city of New Orleans, the public are particularly cautioned against purchasing it. It is supposed to be similar to the Rob of l'Affecteur, or Syrop de Cousinier, which contains *corrosive sublimate*, and calculated to do much mischief. I trust the unsuspecting will be on their guard against these frauds, and purchase of no other persons but F. P. DUCONGE and MORGAN & Co. who are my only authorized agents for New Orleans, and from whom the *Genuine Potter's Catholicon* can be had fresh from my factory at Philadelphia. WM. POTTER,

Ninth street, Philadelphia.

POTTER'S CELEBRATED CATHOLICON,
Only $2 per Bottle.

☞ The component parts of this medicine are purely *Vegetable*—it is therefore one of the *safest* in the world!

A SOVEREIGN REMEDY

In Diseases of the Liver, Ulcerated Sore Throat, Debility resulting from Intemperance and Dissipation, Scrofula and King's Evil, old and inveterate Ulcers, pains in the Bones, Rheumatism, Dyspepsia, or indigestion; diseases of the Lungs, Syphilis, blotches on the Face and Skin, white swelling of the Joints, Tetter, Mercurial diseases, Piles, &c.

The certificates of wonderful cures performed by this Catholicon, have become so numerous as to preclude their insertion in any news-paper.—The unrivalled and very extensive character which it has enjoyed, for the last six years, as a complete renovator, and *purifier* of the *blood* and *humors*, both in Hospitals and in private practice, is a substantial basis for its future support. It has obtained its present great distinction by the extraordinary success which has attended it in the healing art, while every avenue and track have been searched in vain for its parallel; its discovery is one of the most sacred boons that can be afforded to the unfortunate martyr of disease, and it is most sincerely hoped that the sympathy of the public will be aroused to the promulgation of its inestimable merits. Proofs of the value of Potter's genuine Catholicon:—its healing powers: its usefulness as a general restorer of health: the city of Philadelphia alone could furnish thousands of witnesses, to contradict the base and malicious fabrications which daily emanate from the jealous.

What, we would ask, can be a stronger proof of its utility, than its success in the Pennsylvania Hospital, Philadelphia Alms House, and the Philadelphia and New York Penitentiaries, and in other public institutions alike servicenble, where the eminent skill which presides over them had been exhausted in vain. *"These facts speak trumpet tongued"*—and *cannot be gainsaid*. It is much to be lamented that there are so many spurious mixtures manufactured in imitation of this invaluable medecine, some assuming to possess equal virtue, and vended under the same titles—some have gone to the daring extremity of refilling the old bottles with the labels on: whilst others, to filch the public, have published for their benefit the very *certificates* which the proprietor of the *Genuine Catholicon* had obtained from those who were cured by his medicine, of various distressing diseases.

Thus has he been assailed in every form by Envy, Jealousy and Fraud; and thereby prevented extending the usefulness of this great and long wished for remedy.

Just received, direct from the manufactory of the proprietor, a fresh supply of the *Genuine Potter's Catholicon*, and for sale at the wholesale and retail Drug, Medical and Chimical Warehouses of M. MORGAN & Co.,

Canal street.

FALKLAND, a novel, by the author of Pelham, Paul Clifford, &c. in vol. 12mo. "The style of writing, the thoughts, the philosophical reflections, and we might add, we think: the axioms are the first rate excellence. Its merit is altogether of a higher order than we have lately seen; wholly of a genuine original stamp, betraying no traces of, or resemblance to any class of fiction we could name. In its fervid and eloquent spirit, however, we are occasionaly reminded of the writings of Rousseau."—*New Monthly Magazine.*

HENNEN'S PRINCIPLES OF MILITARY SURGERY, comprising observations on the arrangement, police and practice of Hospitals, and on the history, treatment and anomalies of variola and syphillis, illustrated with cases and dissections, by John Hennen, M. D. F. R. S. E., Inspector of Military Hospitals: from the third London edition, with a Life of the author, by his son, Dr. John Hennen.

"The value of Dr. Hennen's works is too well appreciated to need any praise of ours. We were only required, then, to bring the third edition before the notice of our readers: and having done this, we shall merely add, that the volume merits a place in every library, and that no military surgeon ought to be without it."—*Medical Magaz.*

"It is a work of superogation for us to eulogize Dr. Hennen's Military Surgery, there can be no second opinion on its merits. It is indispensable to the military and naval surgeon."—*London Medical Surgical Journal.* Just received and for sale by
