COMMERCIAL.

OFFICE OF THE SUN,
FRIDAY EVENING, October 8, 1858.

A moderate business has done in our general market during the past week, with a good supply of the leading staples and of most articles of foreign produce. Cotton has still moved off quite freely, yet at a slight reduction in the rates. In Tobacco there is still but little doing. Sugar and Molasses have arrived more freely, but business in either quite limited. In Flour and Grain transactions have been of a moderate character. Provisions continue dull, with a further decline in Bacon, and 7¾c. for Middling Orleans. Advices from Manchester were favorable. Consols were unchanged, closing at 97¾. The bal. from to the Bank of France and reduced 400,000 pounds sterling. The Bank of France had reduced its rate of interest in three per cent.

COTTON.—Arrived since the 1st instant, 41,340 bales. Cleared in the same time for Liverpool 10,421 bales, Cork 300, Havre 2,100, Barcelona 1,112, Vera Cruz 117, Boston 2618, Providence, R. I., 5,44, and New York 600 bales; together, 24,963 bales, making an aggregate of 206,917 bales, and leaving on hand, including all on shipboard not cleared this day, a stock of 132,375 bales.

The week opened with a very qui Cotton market, and the sales of Saturday and Monday together reached barely 3500 bales at easy prices, without any quotable alteration. On Tuesday, however, with the arrival of the steamer Ship Island, a better feeling prevailed, and resulted in a business of 7000 bales, and on Wednesday the enquiry was quite general, with sales of 7500 bales, prices being about ½c lower for the medium grades. Yesterday some 3500 bales were sold, and to-day 4000, making the entire business of the week 22,500 bales. The transactions have been mostly at a reduction of ¼@½c. in the rates for the middling grades, and we modify our figures accordingly
