MEDICAL.

PURE VEGETABLE EXTRACT.

DR MONSE'S INVIGORATING CORDIAL.

A PERSONAL RESTORATIVE MEDICINE.

Health Strengthened and Life Lengthened.

Dr. Monse's Invigorating Elixir or Cordial.

ATTENTION! Sympathetic sufferers! Read Dr. Monse's Invigorating Elixir or Cordial well deserves the public notice of the afflicted. Many will not believe the simplest and sublime truths announced by the discoverer. But such unmistakable facts, attested by witnesses of the highest character, cannot fail to carry conviction home, are now triumphing over all doubts. Invariably is overthrown by a mass of testimony unshakable as the eternal hills.

The Elixir remedies, in all cases, the deplorable evils arising from a misuse or abuse of the reflexive organs, which unlike all the wonderful machine called man. It restores to full vigor every delicate function, and invigorates the whole system, the original agency of matter and mind, necessary to the reproductive of human life. The system of Dr. Monse, unequalled, or doubted in vital power, it is recommended as the only means of communicating that energy and life, which the constitution, impaired by the natural opposition, as well as the baleful consequences, to its beneficial enjoyment not enjoyed, or exhausted, or its functions perverted, the strong evils, the feebles, reserved youth, the overworn man of business, the victim of dissipation, the unfortunate, the individual suffering from general debility, or from the weakness of a single organ, will find immediate and permanent relief from the use of this invigorating restorative. To those who have predisposition to paralysis, it will prove a sure preventive and a powerful safeguard against the terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to its cause, and will not only remove the disorder itself, but

REBUILD THE BROKEN CONSTITUTION.

The derangement of the system, leading to nervous fevers, and the forms of hypochondria, or hysteria, are so numerous, that it would require a column to enumerate the maladies for which this preparation is a specific. A few, however, may be mentioned, viz—neuralgia, tic doloreaux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility or tremors, dizziness, a pricking sensation in the flesh, numbness, mental depression, weakness of the will, indisposition to move, faintness after exertion, broken sleep and terrifying dreams, inability to remain in one place or position, nervous irritation, the procreative organs, sexual incompetency, melancholy, monomania, fluor albus, shaking at the stomach, female irregularities, a chronic tendency to miscarriage, emaciation, and a complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes, beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or structural disease, it is averred that

MORSE'S INVIGORATING ELIXIR

will replace weakness with strength, inertness with efficiency, irregularity with uniform and natural activity, and this not only without hazard or reaction, but with a happy effect on the general organization. Rest in mind that it matchless wherever the people, through the nervous system, and that the paralysation of the nerve of motion and sensation is practical truth. Rest in mind, also, that for every kind of nervous disease the Elixir Cordial is the only reliable preparation known.

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate, and almost miraculous change which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness—the unhappy victim of the Elixir Cordial is not a mere friend, revivified and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary, on the contrary the relief is permanent—for the Cordial proportions of the nervous system, to its oscillation itself, and restore it to its normal condition.

LOSS OF MEMORY.

Confusion, giddiness, rush of blood to the head, melancholy, debility, hysteria, wretchedness, thoughts of self-destruction, fear of insanity, dispepsia, general prostration, irritability, want of energy, ability to sleep, disease incident to females, decay of the propagating functions, fluor albus, mucomania, spermatorrhoea, palpitation of the heart, impotency, constipation, &c. from whatever cause arising, it is, if there is no organic disease, to be placed on human testimony, absolutely infallible.

A GREAT MEDICINE FOR FEMALES.

The Invigorating Cordial is a great preventative, in all complaints incident to females, mark a now even in the annals of medicine. Thousands of stimulants have been offered to the public, but none have been concocted—all purporting to be specifical in the various diseases and derangements, to which the delicate formation of woman is subject, but

EVERY WOMAN OF SENSE

who suffers from weakness, derangement, nervousness, tremors, pains in the back, or any other disorder, whether peculiar to her sex, or common in both sexes, to give the Invigorating Cordial a trial.

MARRIED PERSONS

or others, will find the Cordial after they have used a bottle, a thorough regulator of the system. In fact, it is the one pill that will do the business, and that effectually, without the slightest exposure, or the extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Its effects are wonderful, it does restore life in the system, and it is a fact, that it is not only entirely healthy in its effects, but that if faithfully applied according to direction, no ill effect will be disappointed. I do not decorefully recommend it to all my friends, and as a family medicine for sale at all times.

Respectfully, Yours, MRS. E BEARDSLEY.

St. Louis, Sept. 29, 1853.

Dear Wm—Dear Sir: By the advice of a friend of mine, who has been using your Hair Restorative, I was induced to try—believing it to be a good one, to test its virtues, that my friend's hair, which, when I last saw him, was nearly gray, but now by the use of your preparation has restored to its original color, having as fine and silky an appearance as it had when I knew him only a boy.

I commenced using the Restorative about five weeks ago, and can perfectly convinced that it will produce the desired effect in having restored the color of my hair, more than half of which was white, to its original color, generally, and I have no doubt, if, with the same healthy and glossy appearance. I have no reason to recommend this to my friends and the public generally, believing that, if they will conduct according to direction, they will not be disappointed.

Yours, very respectfully, N. S. HOLMAN,

DR. GROSHEGAN'S

EXTRACT OF HYDROPIPER,

For Dyspepsia, Scrofula, and all Impurities of the Blood.

Prepared by one of the Faculty.

THIS vegetable remedy, which is now spreading to all parts of the country, is prepared by Dr. GROSHEGAN, a graduate of one of the first Medical Schools in the West, and a man of much eminence both as a citizen and Physician. The recipe is published, and accompanies each bottle of the medicine, thus exonerating it from the charge of being a nostrum.

It is Prescribed by Physicians,

as will be seen by reference to the Circular.

The Hydropiper is quick in its action, the first bottle often producing wonderful results, as in the case of the negro girl of Mrs. Simmons, of Louisville, who was relieved of

Blindness in one week!!

In short, it has excited the wonder and admiration of all who have used it, and wherever known, stands at the head of all remedies for the following diseases: Dyspepsia, Scrofula, White Swelling, Negro Consumption, Chronic Rheumatism, Gout, Neuralgia, Ulcers, and all Skin Diseases, all Kidney affections, all female irregularities and obstructions, Mercurial Diseases, Secondary Syphilis, General Debility, and all disorders arising from impure blood and bad Habit of System.

☞ Price, $1 per bottle, or 6 bottles for $5, when taken at one time. RAYMOND & FALTER,

Sole Agent, No. 74 Fourth street, Louisville, Kentucky.

PROFESSOR G. J. WOOD'S UNEQUALED HAIR RESTORATIVE!

Old Ladies and Gentlemen Made Young!

The Greatest Great of 1853!

NOTHING has occurred since the foundation of this city that has caused so great a sensation as the coming of PROFESSOR G. J. WOOD'S HAIR RESTORATIVE DEPOT at J. WRIGHT & CO's, where it can be supplied at short notice. Call one, call all, before it is too late. Any thoroughly acquired can be had.

It will give the bald headed youthful looks, turn gray hairs to natural color, and remove all dandruff and disagreeable matter from the scalp. It also invigorates the Hair, and makes it soft and glossy, as the ingredients act upon the roots of the same. It has been tested by scientific, as well as by men who stand high in the public esteem, and has been found satisfactory.

Over 5000 Bottles have been Sold within the last three months, ☞ in the city of St. Louis and vicinity, alone, ☞ and over TWICE THE NUMBER have been sold in Ohio, Kentucky, Indiana and Illinois. Of the immense number of letters and certificates which are voluntarily sent every day to the Proprietor, he selects only a few, and present them here to the public attention.

ST. LOUIS, Sept. 20, 1853.

DR. G. J. WOOD—Sir: I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head, and restored my hair to its original color, and which had become quite gray.

WILLIAM TRUESDALE.

SAINT LOUIS, Oct. 24, 1853.

DEAR G. J. WOOD—Dear Sir: At your request, I willingly give my testimony in favor of your Hair Restorative upon my hair. I commenced its use whenever hair was gray, and I find it to be as good as that best in restoring the natural fluid to it immediately upon a change to its native color, and it is entirely free from all injurious effects. I feel its effects I am satisfied that it is not only entirely healthy in its effects, but that if faithfully applied according to direction, no ill effect will be disappointed. I do cordially recommend it to all my friends, and as a family use for sale at all times.

Respectfully, Yours, MRS. E BEARDSLEY.

EDUCATION.

COLLEGE OF NEW ORLEANS.

Incorporated by Act of the Legislature, approved March 14th, 1854.

SEBASTUS EVERETT, A. M., President ex-officio

Alfred Hennen, Esq.
Hon. Cornelius Voorhies,
J. B. Cenas, Esq.
Bernard Avegno, Esq.
Hon. Alexander Barber,
E. M. Emerson, Esq.
Prof. Chas. E. Mare,
Adolphe Dumas, Esq.
Hon. Robert Preston,
Prof. J. B. Jamin,

Section Third of the Charter. Be it further enacted, etc., That the President with the advice and consent of a majority of said Board of Visitors, shall, once a year, and as often after as occasion may require and authority to graduate the students of said College, and to confer the following degrees, viz: Scientific degrees, to wit: Bachelor of Arts, Master of Arts, Bachelor of Sciences and Master of Sciences, and of literature any general diplomas, which diplomas shall entitle the graduate to all the immunities, privileges and honors appertaining to and enjoyed throughout the United States.

☞ DEGREES will be conferred at the first commencement, which will be held on the 1st day of August. Students desirous of presenting themselves candidates for the Degree of Bachelor of Arts or Science will be required to be present at the commencement of the College any time before the second week in May.

The Institution will be located in the Buildings heretofore occupied by the Orleans High School (which is merged in the College of New Orleans), Nos. 56 and 58 Carondelet st., and 29 and 31 Bank of the Charter. Rules and Regulations may be obtained on application to the Prof. Jamin, No. 30.

YOUNG LADIES' ACADEMY.

CORNER OF RAMPART AND MAIN STREETS

MADAME PARENT has removed her institution to the corner of Rampart and Main streets, and is ready to receive boarders and day scholars. There are spacious galleries and a magnificent garden which offers a splendid view of the entire city as far as the Lake. The apartments are vast and well aired. There is every advantage and inducement offered to parents, as to the moral and intellectual cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education is taught, in both languages; also, accomplishments such as drawing, Painting, Embroidery, &c.

The Musical department is under the direction of three of the most competent and most fashionable teachers in the city.

Professor Alleton has the special charge of the Mathematical branches.

Mr. Ossibrel has been engaged as a Teacher of Vocal Music.

For terms apply at the institution. Parents are particularly invited to visit the establishment.

Once a week, (Saturday,) between 12 and 1 o'clock, the young ladies assemble in the parlors, in order to acquire those polite and graceful manners so necessary to young ladies in their intercourse with society.

REFERENCES—Hon. P. Soule, Hon. A. D. Crossman, Dr. Moses Kerr, Dr. Joseph Jones, Rev. Kj. Lyons, E. Forstall, Esq., Hon. Judge Bullard.

BOURSIER'S INSTITUTION.

French School for young Ladies and Boys

1848, Toulouse, between Rampart and Burgundy.

MR. and MRS. BOURSIER, (lately from France) have the honor to inform their friends and the public, that they will be prepared to receive young ladies and gentlemen boarders during the past year, being the first of the institution. As the number of boarders is limited, and it will be agreed as an English Teacher of required merit to teach the English classes and give instruction in the elementary and higher branches, the pupils will be taught English, French, English and Spanish Grammars and Composition; Latin and Greek; Elements of Mathematics, Ancient and Modern History, Botany and Chemistry; Algebra, Geometry, Trigonometry, etc. Parents and Guardians, as well as pupils, are all invited to visit the Institution, and if satisfactory required, which must be in progressive order, accordingly to the terms specified.

MADAME BOURSIER will constantly superintend the female departments, where those desiring to learn the Fashionable Dressmaking, Ladies' Work in Needle work and Embroidery, Music on the Piano forte, Dancing, and other accomplishments, can be accommodated. And as the strictest attention is paid to good manners and morality, none but those who will submit to the rigid discipline of the Institution will be allowed or accepted in the classes.

A spacious dwelling and its appurtenances, well ventilated and calculated for the comfort of scholars and boarders, afford many peculiar advantages in respect to comfort, health and improvement.

School hours for classes, from 8 A. M. to 3 P. M.

Terms: Boarders, including washing, $20 per month: Day scholars, $5 per month.

EVENING CLASSES.

There is an evening class in the above Institution in which is taught the French and English languages, writing, and arithmetic, for $5 per month.

Hours—From 6½ to 9 P. M. Terms—Four dollars per month. 13

AUDUBON COLLEGE,

Corner Burgundy and Bons Streets.

Conducted by Mr. S. ROUEN, formerly Principal of the Young Men's High School, Second Municipality.

THE plan of studies will embrace all the branches, from the primary to the highest classes, viz: French, English, Spanish, Latin, Greek, Mathematics, Rhetoric, History, Geography, Book Keeping, Writing, &c.

Ancient language branches will be taught in English—The Direc or will always make it a duty to engage the services of the best professors.

The building is extensive, well ventilated, and two large yards for recreation are attached thereto; one of which is designed for the primary classes, and the other to those of the other classes.

TERMS:

1. Higher classes,	$1	per month
2. Intermediate classes,	8	"
3. Elementary classes,	6	"
4. Primary classes,	4	"

Stationary pad supplied.

Mr. R. De Pouilly assistant teacher, will take charge of a class of linear drawing applied to buildings, machinery and survey, with landscape and perspective, The pupils of the Dulfour School will be charged extra.

The above class will be opened every day from 4½ to 6 P. M. The Classes will continue the whole year from 9½ A. M. to 2 P. M. and from 3 P. M. to 5 P. M. from September 5th, 1853. Primary classes, from 8½ A. M. to 2 P. M. and from 3 P. M.

References: All the Directors of the Second District (late 1st Municipality,) from 1844 and all the parents of the numerous pupils of Mr. Rouen, from 1842 aug30

COLLEGE.

St. Ann Street, facing the Place d Armes, Old "Congo" Square, in the Rooms of the Academy of MR. JEDOU.

Encouraged by the kindness and patronage of several families of standing, I have determined to open a College for the reception of young children of the same advantages as those offered by Colleges in New Orleans, and to enable my patrons to receive the same education at a less expense than at other Colleges in New Orleans, I have reduced the price of tuition, and have added to the course, some in English and others in French; those two languages are spoken in my family, and I should consider myself happy to have my daughter, the best proof of the success of my system. A good education should comprise the training of the heart as well as that of the mind; and I shall, in the establishment, not be regardless of both in such instructions, and each will be the constant subject of their lessons.

Religion, the most essential part of education, will receive from them and myself, special attention.

The course of studies, following the Public Schools (old "Congo" Square) possesses all the advantages of a healthy locality, and pleasant and extended yard and exercise ground. With a view to foster the emulation of the students, in the first boys' and twelfth girls' classes, two prizes of honor are employed. Every branch of a solid and refined education is taught, in both languages; also, accomplishments such as drawing, Painting, Embroidery, &c.

The Musical department is under the direction of three of the most competent and most fashionable teachers in the city.

Professor Alleton has the special charge of the Mathematical branches.

Mr. Ossibrel has been engaged as a Teacher of Vocal Music.

For terms apply at the institution. Parents are particularly invited to visit the establishment.

Once a week, (Saturday,) between 12 and 1 o'clock, the young ladies assemble in the parlors, in order to acquire those polite and graceful manners so necessary to young ladies in their intercourse with society.
