IRON PIANOS

OF A NEW KIND, BY ERARD & PLEYEL.

PIANOS with an elongation, large model, with seven octaves and a double escapement, manufactured by ERARD. Pianos with an elongation, large dimensions, and seven octaves, by PLEYEL. Also straight Pianos, large dimensions, oblique cord, by ERARD.

These Instruments have received improvements which give them great power and energy of sound, without diminishing their melody and sweetness, and which many prefer to sounds that are merely sharp.

Artists and Amateurs are particularly invited to call upon the subscriber, and judge for themselves.

A. PERIER, 292 Royal st., between St. Philip and Ursuline streets.

Note.—(Price reduced.)—For sale, an Iron Piano, with elongation, at cost; also, a number of Pianos, of all kinds, much below common prices. n20

PIANOS, Gaudin, MANUFACTURER OF PIANOS.

HAS just received from Paris, an assortment of SPLENDID PIANOS, from the factory of Kriegelstein, manufacturer for the King and charged with the furniture of the Crown. Mr. Kriegelstein has obtained in 1844, a premium of Gold, given by the Great Jury of Arts and Mechanics. Mr. Gaudin, during a sojourn of ten consecutive years in New Orleans, has studied the causes of the derangement of that instrument in this country, and has communicated his observations to Mr. Kriegelstein, who has put them to profit. To prevent that derangement, he uses an iron semmier, which takes the instrument in the whole length, and upon which the strings are fixed; that amelioration gives to the instrument a great solidity. Besides, he has neglected nothing as well for the beauty of sound as for that of the furniture. His pianos are splendid, 3 strings, 6 octaves ¾ finely, 82 notes.

GAUDIN will warrant his pianos for one year, and if during that time some accident happens either to the mechanism or to the piano itself which could be attributed to a fault in fabrication, he engages himself to take it back and repay the money. He invites the gentlemen and ladies to call and examine his instruments, at No. 125 Royal street, between St. Louis and Toulouse streets.

☞ He repairs and tunes pianos, and exchanges them. nov24 2m

Messrs. J. FAIVRE & M. ALLOVON, *Already known by the invention of their* IMPROVED SYSTEM,

Incontestibly superior to any ever exhibited before to-day, which their rivals themselves cannot deny,

INFORM the public that they now have a fine assortment of Pianos of all kinds, which they will sell at lower prices than all the establishments of this city.

Mr. Allovon having lately gone to France to increase their stock of Pianos, already very considerable, but which the great expense rendered insufficient, now offer to their numerous customers a magnificent assortment of Pianos with elongation of seven octaves hollow and straight, of seven octaves, of iron of their make, with which no other Piano can struggle as to solidity, tone and melody.

Some manufacturers in France wished, by the counsels and favored experience of merchants of this city, to try and come as near as possible to this excellent iron system, so well appreciated by the people of Louisiana, and which those gentlemen hope will make the enormous difference between their Pianos and the imported ones.

Besides the varied assortment of Pianos made by those gentlemen, we have excellent Pianos of Erard and Pleyel, like those of the self called iron system of other merchants.

TOLET. A large assortment of Pianos of all prices.

Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders, &c.

THIS MEDICINE has acquired a very extended and established reputation wherever it has been used, based entirely on its own merits, which its superior efficacy has alone sustained. The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The scrofulous patient, covered with ulcers, loathsome to himself and his attendants, has been made whole. Hundreds of persons, who had groaned hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

[illegible] potent simples of the vegetable kingdom are united in this preparation, and the combination is such, that one modifies and improves the effect, and, under the name of Sands' Sarsaparilla, is presented a compound differing from any other preparation, and unrivalled in its operation on the system when laboring under disease. It is put up in a highly concentrated form for convenience and portability, and when diluted according to the directions, each bottle will make six times the quantity, equal to one quart, and is then superior to medicinal value to the various preparations bearing the name.

Its approval by physicians and men of science, and the uniform success which has marked its use, furnishes proof sufficient to convince every candid and discerning mind of its great superiority and value.

"TRUTH IS STRANGER THAN FICTION."—LET THE FACTS SPEAK FOR THEMSELVES.—The following striking, and, as will be seen, permanent cure of an inveterate cancer is only another link in the great chain of testimony to its merits. Let the afflicted read and be convinced. What it has done once it will do again.

STAMFORD, Conn. Oct. 5, 1847.

Messrs. A. B. & D. SANDS: Gentlemen—In the year 1842, I was attacked with a cancer in my neck, which soon extended its ravages over the side of my face, eating the flesh, and leaving the cords of my neck bare, discharging very freely, causing intense pain and suffering, depriving me of rest at night and comfort by day, destroying my appetite, and reducing me almost to the gates of death. I was attended by the first physicians in the State, who prescribed for me, and did all that skill and talent could effect, but during all the time I continued to grow worse under their care. In the Spring of 1844, I chanced to hear of the cures performed by your Sarsaparilla, and determined to try it. I had not used over two bottles before I felt its effects on my system most sensibly. My appetite was soon restored, my strength was increasing, the discharge from the cancer decreased, and I soon began to perceive that the decay was healing. I continued its use according to directions, and also continued to grow better and better from day to day, until I have been fully and wholly cured by its use. It is now two years since I was cured, and I have remained perfectly well up to this day. I have delayed giving you this certificate, that I might ascertain whether the disease would reappear, but I am happy and most thankful to again repeat that the cure is perfect one, and effected wholly by the use of your Sarsaparilla. The scars still remain, and all who knew me, and many of the citizens of Stamford, testify to the severity of my case and my sufferings, and the restorative power of your Sarsaparilla. I can with unhesitating confidence recommend its use to every sufferer afflicted with similar complaints. After experiencing what I have from its effects, I can say to one and all, "Hesitate and doubt no longer, but secure to yourselves the blessing which this medicine can alone bestow, under the blessing of Divine Providence."

Most gratefully I am, and shall always remain,

Your friend, ISAAC STEVENS.
