TO SUGAR PLANTERS.

AN experienced Planter long employed on the principal Estates in the Island of St. Croix, and lately in the Island of Guadeloupe, wishes employment on a plantation in this or any neighbouring state, as manager, manufacturer of sugar, and distiller, or as superintendent of a distillery. Both sugar and rum, produced in the Island of St. Croix is known to be preferable to any produced elsewhere, and he thinks he could bring it to nearly the same perfection here, as far as the materials will admit. He is willing to go on any Estate for a limited period to show his capability without renumeration. Persons meeting at this advertisement will please address box 289, post office. sept 23—6

OPIATA BALSAMICA,
DRI. DR GUERRERO.

THIS OPIATA, a recent discovery, is a certain safe and convenient remedy for that species of disease called Gomorrhœa or Gleet. Its reputation has been generally established in South America, and has commanded the written testimonials of the Medical Faculty of that section of the Globe, relative to the speedy and infallible results which have attended its application to all cases of Gomorrhœa.

The OPIATA BALSAMICA is put up in small leaden pots, accompanied with directions, and may be conveniently carried in the pocket, both by persons travelling, and by those who may wish to avoid exposure, either to a physician or to their friends.

It is in the form of an agreeable paste, and is taken in such a manner as to render it "tasteless," by being wrapped up in a wafer prepared for that purpose, a sufficient number of which will be delivered with the medicine. But the greatest advantage which it possesses, is, that it invariably produces a radical cure of the disease in a few days, without affecting the most delicate constitution, owing to its containing the slightest particle of mercury in its composition.

Before the Agent would offer it to the public in this country, he has had its efficacy tested by several of the most respectable physicians in the city of New York. Their success has fully justified the declaration, that it is the best medicine they ever used, and they have in consequence, generously consented to be referred to as to the truth of this statement.

Price—each pot, one dollar and a half. It is sold by the subscribers, chemical druggists, sole agents for the remedy in Louisiana. CUBACH & Co.,

COAL TAR.—Planters, builders ship and steamboat masters, can now supply themselves with this useful article at 12 1-2 cents per gallon, by application at the Gas Office, Bank Alley.

The many successful experiments of the coal tar have rendered to those acquainted with its valuable properties, an indispensable article for preservation of fence timber, wooden roofs, &c.
