MEDICAL.

Prof. A. C. Harry's Triopsphoreon,
OR, MEDICATED COMPOUND.
INFALLIBLE for renewing, invigorating and beautifying the hair, removing the scurf dandruff and all affections of the scalp, and curing eruptions on the skin, diseases of the glands, mucous and integuments, and relieving stings, cuts, bruises, sprains, &c. With this preparation there is no such word as "fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that for imparting vigor, gloss, luxuriance and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Harry's Triopheorus is unrivalled. The immense cash sales of the article have enabled the inventor to supply it at retail, at 25 cents per bottle, which is from 50 to 100 per cent less than the price of any other preparation for the hair now in use. The scientific treatises on the hair and the skin, (embracing valuable directions for the culture and preservation of his fame's choicest ornament,) in which each bottle is enclosed, is alone worth the money.
The affinity between the materials which constitute the skin and the hair, which draws its sustenance from this triple envelope, is very close. All diseases of the hair originate in the skin at the bulb of the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the minute vessels which form the bulb and nourish and impart life to the fibres, the result is scurf, dandruff, shedding of the hair, graveness, dryness and brittleness of the hair, and entire baldness, as the case may be. Stimulate the skin to healthful action with the Triopheorus, and the torpid vessels are relieved, the bulb is invigorated, and the disease. In all affections of the skin, and of the substrata of muscles and integuments, the processes and the effect are the same. It is upon the skin, the muscular fibre, and the glands, that the Triopheorus has its specific action, and in all affections and injury of the organs it is a sovereign remedy.
Sold in large bottles, price 25 cents, at the principal office, 137 Broadway, New York; and by the principal Merchants and Druggists throughout the United States and Canada. jan13-3m

Dr. Ed. Martin's Vermifuge Syrup.
Without any disagreeable Taste or Smell.
THE MELLA ANTHELMIC, *of Doctor Ellipse, Lisonvous' Class X Dreand: Menopyn :—Justice, Class XIII, order II. Melancez:—Tormafort, Class XXI, Abstractrecetz:* (in which not a single ingredients of our force-te, the root of which, for some time past has been, by a few persons, justly reputed the best Vermifuge known, supplies as well the principal agent in the above named remedy.
Having sought in the Vermifuge, for a base, the root of the tree, the active principle which produces such excellent results in vermiculous affections of children, we have succeeded in retaining it in its purest state and by combining it with other tonic plants which are really all indigenous to Louisiana, have produced a remedy, in writing, the Vermifuge Syrup, the efficacy of which is now beyond the shadow of a doubt.
Having sought in the Vermifuge, for a base, an admitted without the slightest apprehension to the most delicate children. Its use continued during three days, is sufficient to expel all worms, parasitals as the child may be older and stronger, will infallibly expulse all those intestinal worms which are the source of so many diseases, dangerous and often fatalto children.
Some mothers, rendered unnervous by the frightful results of the tapeworm *ver plat* from the use of what had, have given it to their children, but in doses extremely small; this has, in such cases, rendered the effect incomplete, and the children have suffered during or the remedy, had not, several of our most experienced practitioners, by publicously prescribing it and supplying it to their patients, established its virtues and established its excellent virtues.
To avoid debilitating the little patients by too severe a dose, we have combined the doses originally prescribed, in the following manner:
Children 2 to 5 years old, three tea spoonfuls a day, an interval of from 1 to 2 hours, then one fifty year-old three table spoonfuls at the same interval.
No nourishment to be given between the first and third dose, for a short time after the last dose.
The SYRUP must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce the pernicious effects which have often followed the use of those hitherto in use.

BUSSIERE, FIRK & CO.,
CELEBRATED GENUINE MEDICINAL
COD LIVER OIL,
For Consumption, Scrofulous Affections, Rheumatism, Gout, &c.
DR. WILLIAMS, a celebrated Physician in London, states that having preserved notes of 204 cases of Consumption which he had treated with Cod Liver Oil, 206 of them were followed by an unequivocal improvement, varying in degree from the mitigation of distressing symptoms to an apparently complete restoration to health, and he considers that pure, fresh properly prepared Cod Liver Oil is more beneficial than any remedy that has yet been employed in this disease, and in a late English Journal it was stated that since the introduction and extensive use of Pure Cod Liver Oil in England the number of deaths from Consumption had decreased about forty per cent.
As this remedy when pure, in cases where it is required, is the most valuable ever discovered, so on the contrary, when impure it is not only valueless, but positively injurious as it disorders the digestive organs, and deranges the whole system.
We are happy to say, many persons who had been made worse by taking the impure, have any benefit from them, were about giving up the use of it in disappointment, but on being induced to use the pure, our manufacture, in a short time experienced the most favorable results.
As all the tests yet discovered are inadequate to prove the purity of the Cod Liver Oil, in order to guarantee our customers a genuine article, we have been obliged to put it up with our signature upon the cork of each bottle, and the oil put up by us and signed, we will warrant in every particular.
Prepared and sold by BUSSIERE, FIRK, & BUSHTON, CLARK & CO., wholesale and retail Chemists and Druggists, and manufacturers of pure Medicinal Cod Liver Oil, Lexington Avenue and Pine Street, corner of Broadway and Pearl street, New York, and by all the principal Druggists in the United States and Canada.
For sale in New Orleans by N. JARVIS & CO., J. WRIGHT & CO., SICKLES & CO., RAVENHOLL & CO., and by the wholesale and retail Druggists generally.
CAUTION.—See that our signature is over the cork of each bottle, as without it it is not genuine.

Southern Mutual Life Insurance Company of Louisiana.
Life Insurance Exclusively.
EXTRA GUARANTEE FUND $50,000.
ACCUMULATIVE CAPITAL $600,000.
PARENT OFFICE, NO. 48 CARONDELET, *New Orleans.*
THIS COMPANY is now ready to make Insurance on White Persons and Slaves, at their established rates of premium. This being the only company incorporated in the State confined exclusively to Life Insurance, with an extra Guarantee Fund, the Directors feel confident that it affords unusual and much greater inducements to those desirous of effecting an insurance on their lives than any other.
It is also upon the Mutual principle; each person insured becoming a member thereof and enjoying a portion of its profits, being entirely exempt from any liability beyond the amount of premium accrued.
Insurance companies organized upon the mutual principle are generally successful, more especially those exclusively confined to Life, as they are based upon calculations founded on tables of mortality, and the direction and management of the business is in the hands of men of experience and close scrutiny, but the stability and success of this Company is placed beyond a contingency, by the advantageous arrangement she has made for an undoubted guarantee fund of 50,000 dollars, not to be used or touched, as subscriptions to mutual insurance comp nies always are, by insurance.
This extra guarantee fund of 50,000 dollars remains permanent until the Company has accumulated a similar amount to take its place.
