☞ J. Winer & Co.'s Canadian Vermifuge.—Depot at P. A. BERTRANDS, corner ROYAL AND BIENVILLE STREETS.—Louisiana is one of the countries most subject to vermicular affections under the most varied and aggravated characters, and although we do not ascribe all diseases of children to this cause, we may advance the fact that convulsions, intermittent fevers which prove fatal when the physician persists to treat fever only, consequently it becomes necessary to expel the worms, which daily invade the digestive tube, and to obtain this result no better remedy can be obtained than Winer's Vermifuge;—it is the only remedy which unites the three following qualities, being anti-vermicular, purgative and tonic m19 1f

E. RABASSE, French Surgeon Dentist, from Paris, respectfully informs the Planters along the coast, that he intends visiting the plantations from the Balize to Bayou Sara, on both sides of the river, and offer them his services.

MESSRS. F. BLANCHARD & ACHILLE LION, Surgeon Dentists of the Faculty of Paris and New Orleans, have the honor to inform their clients, that since the 1st June, they have united their offices at No. 44 Royal street, between Bienville and Customhouse (residence of Dr. Lion.)

The engagements they are under towards various institutions in the Convent of this city, to which they are attached, compel them to absent themselves many days in the course of the month. They therefore think it is expedient to form a Copartnership, as well on their own accounts as in favor of their numerous Clients, in order that one of the two be always at their disposal, ready to receive all persons who may honor them with their confidence. The superiority of their work, and the care and promptitude they have always shown, hope for a continuance of the patronage of the public. 8

Dr. PEARSON, Dentist.

Office and residence Baronne street, opposite the Banks' House.

DR. PEARSON invites his friends and all interested to call and examine the improvements in the mode of inserting his celebrated **Artificial Teeth**, particularly the **Block Teeth**, for which he received the first premium at the State Fair.

Persons visiting the Springs, can have them inserted, can have it done at my establishment with less delay and much more reasonable terms than any other in the south.

It has ever been my object to place it in the power of the poorer as well as the rich to obtain relief and receive the benefits of artificial operations, and the increase of my practice for the last year has compelled me to employ several skillful operators among whom is an experienced French Dentist, whose services I have procured for a term of years at considerable expense. The Creoles may rely upon finding him always ready to attend to their calls, and operations will always be submitted to my examination before insertion.

Blocks manufactured for Dentists to suit every variety of case, by furnishing correct models. A supply of the very article used by Dentists kept constantly on hand. a23 1f

E. RABASSE, French Surgeon Dentist, from Paris, respectfully informs the Planters along the coast, that he intends visiting the plantations from the Balize to Bayou Sara, on both sides of the river, and offer them his services.

E. R. directs the dentition of children, corrects any deviation, and fills up the teeth with a cement, preparing it on a simple tooth that completely set, and undertakes curing all vices and defects of the mouth. m27

MESSRS. F. BLANCHARD & ACHILLE LION, Surgeon Dentists of the Faculty of Paris and New Orleans, have the honor to inform their clients, that since the 1st June, they have united their offices at No. 44 Royal street, between Bienville and Customhouse (residence of Dr. Lion.)

The engagements they are under towards various institutions in the Convent of this city, to which they are attached, compel them to absent themselves many days in the course of the month. They therefore think it is expedient to form a Copartnership, as well on their own accounts as in favor of their numerous Clients, in order that one of the two be always at their disposal, ready to receive all persons who may honor them with their confidence. The superiority of their work, and the care and promptitude they have always shown, hope for a continuance of the patronage of the public. 8

Dr. PEARSON, Dentist.

Office and residence Baronne street, opposite the Banks' House.

DR. PEARSON invites his friends and all interested to call and examine the improvements in the mode of inserting his celebrated **Artificial Teeth**, particularly the **Block Teeth**, for which he received the first premium at the State Fair.

Persons visiting the Springs, can have them inserted, can have it done at my establishment with less delay and much more reasonable terms than any other in the south.

It has ever been my object to place it in the power of the poorer as well as the rich to obtain relief and receive the benefits of artificial operations, and the increase of my practice for the last year has compelled me to employ several skillful operators among whom is an experienced French Dentist, whose services I have procured for a term of years at considerable expense. The Creoles may rely upon finding him always ready to attend to their calls, and operations will always be submitted to my examination before insertion.

Blocks manufactured for Dentists to suit every variety of case, by furnishing correct models. A supply of the very article used by Dentists kept constantly on hand. a23 1f
