MEDICAL.

AYER'S CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD WITH HEADACHE AND SORENESS OF THE BODY, take the CHERRY PECTORAL on going to bed, and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon, and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find, by taking the CHERRY PECTORAL on going to bed, they may be sure of sound, unbroken sleep, and consequently refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

From two eminent Physicians in FAYETTEVILLE, Tenn., April 16th, 1851.

SIR—We have given your CHERRY PECTORAL an extensive trial in our practice, and find it to surpass every other remedy we have for curing affections of the respiratory organs.

DRS. DIEMER & HAMPTON.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by CHERRY PECTORAL. But there are some cases so obstinate as to yield entirely to no medicine. CHERRY PECTORAL will cure them, if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking CHERRY PECTORAL in small and frequent doses. The uncomfortable oppression is soon relieved.

Rev. Doct. LANSING of Brooklyn, New York, states: "I have seen the CHERRY PECTORAL cure such cases of Asthma and Bronchitis as leads me to believe it can rarely fail to cure those diseases."

FOR CROUP. Give an emetic of antimony, to be followed by large and frequent doses of the CHERRY PECTORAL, until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured, by the use of CHERRY PECTORAL.

The INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors, without the CHERRY PECTORAL, were suffering from the disease.

SALEM, Ohio, 11th June, 1851.

Doctor J C Ayer:—I write to inform you of the truly remarkable effects of your CHERRY PECTORAL in this place, and in my own family. One of my daughters was completely cured in three days of a dreadful WHOOPING COUGH, by taking it. Dr. Means, one of our very best physicians, freely states that he considers it the best remedy we have for pulmonary diseases, and that he has cured more cases of CROUP with it than any other medicine he ever administered.

Our clergyman of the Baptist Church says, that during the run of INFLUENZA here this season, he has seen cures from your medicine, he could scarcely have believed without seeing.

Yours respectfully, J. D. SINCLAIR, Deputy Postmaster.

From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

I have found the CHERRY PECTORAL, as its ingredients show, a powerful remedy for colds, and coughs, and pulmonary diseases. PARKER CLEVELAND, M. D. Brunswick, Maine, Feb. 5, 1847.

DR. VALENTINE MOTT,

The widely celebrated Professor of Surgery in the Medical College, New York City, says:

"It gives me pleasure to certify the value and efficacy of AYER'S CHERRY PECTORAL, which I consider peculiarly adapted to cure diseases of the Throat and Lungs."

Cures of severe diseases upon the Lungs have been effected by Cherry Pectoral in such extreme cases as warrant the belief that a remedy has at length been found that can be depended on to cure the Coughs, Colds and Consumption which carry from our midst thousands every year. It is indeed a medicine to which the afflicted can look with confidence for relief, and they should not fail to avail themselves of it.

STABLER'S ANODYNE CHERRY EXPECTORANT

IS confidently recommended to invalids as unsurpassed by any known remedy for the cure of COUGHS, HOARSENESS, and other forms of Common Colds, BRONCHITIS, ASTHMA, CROUP, CONSUMPTION in an Early Stage, and for the RELIEF of the Patient even in Advanced Stages of that Fatal Disease.

It combines, in a scientific manner, remedies of long esteemed value, with others of more recent discovery, and besides its soothing and tonic qualities, acts through the skin gently, and with great efficacy, for the cure of this class of diseases.

STABLER'S DIARRHŒA CORDIAL

Is a pleasant Mixture compounded in accordance with the rules of Pharmacy, of the Ginger and Blackberry, and celebrated for their peculiar efficacy in Curing DIARRHŒA, and similar affections of the system. In addition, it allays NAUSEA, produces a healthy contraction of the LIVER, thus removing the cause at the same time that it cures the disease.

The valuable Medicines above named have recently been introduced, with the approval of a number of the Medical Profession in the City of Baltimore and elsewhere, and in practice have succeeded most admirably in curing the diseases for which they are prescribed. They are offered to the Country Practitioner, as remedies which he can in all respects depend upon, as being prepared strictly in accordance with the rules of Pharmacy and as especially worthy his convenience, as he cannot so readily as the City Physician have his own prescriptions compounded by a practical Pharmaceutist.

See the descriptive Pamphlets, to be had gratis of all who have the Medicines for sale, containing recommendations from Doctors Martin, Baltzell, Addison, Payne, Handy, Love, &c.

Doct. S B Martin says, "I do not hesitate to recommend your Diarrhœa Cordial and Anodyne Cherry Expectorant."

Doct. John Addison says, "It gives me much pleasure to add my testimony to that of others, in favor of the Diarrhœa Cordial and Anodyne Cherry Expectorant [illegible] I have no hesitation in recommending it as a most valuable medicine," &c.

Doct. R. A. Payne says he has used the Diarrhœa Cordial in his practice "with the happiest effect, and thinks it one of the most convenient and efficient combinations ever offered to the public."

Doct. J. D. Handy writes, "I have administered your Anodyne Expectorant, in several cases of Bronchitis, [illegible] with the most happy results, and from a knowledge of its admirable effects, I can with the greatest confidence recommend it," &c.

Doct. W. S. Love writes to me that he has administered the Expectorant to his wife, who has had the Bronchitis for fourteen years, and that she is fast recovering from her long standing malady. It has in a few weeks done her more good than all the remedies she has heretofore used under able medical counsel.

SIXTEEN of the best Apothecaries and Druggists in the city of Baltimore, unite in saying, "We are satisfied the preparations known as Stabler's Anodyne Cherry Expectorant and Stabler's Diarrhœa Cordial are medicines of great value and very efficient for the relief and cure of the diseases for which they are commended; they bear the evidence of skill and care in their preparation and style of putting up, and we take pleasure in recommending them."

TWENTY-SIX of the most respectable Merchants residing in Maryland, Virginia and North Carolina, who have sold and also used these medicines themselves, say, "From our own experience and that of our customers, we do confidently recommend them Pro Bono Publico. We have never known any remedies used for the diseases for which they are prescribed, to be so efficient and to give such entire satisfaction to all."

The above notices of recommendation from members of the Medical Faculty, Pharmaceutists of high standing, and Merchants of the first respectability, should be sufficient to satisfy all, that these medicines are worthy of trial by the afflicted, and that they are of a different stamp and class from the "Quackery" and "Cure Alls" so much imposed upon the public.

For sale by Druggists, Apothecaries and Country Store-keepers generally.

COLLEGE.

St. Ann Street, facing the Place d'Armes, Old "Congo" Square, under the direction of **MR. JEGOU,**

Master of Arts and Mathematical Sciences.

Encouraged by the kindness and patronage of several families of standing, I have determined to open a College, securing to parents for their children the same advantages as those offered by Colleges in New Orleans, where a thorough education is received. For the purpose of obtaining the object for which this College is founded, I have secured the co-operation of the most competent Professors, who will superintend the course of instruction, given in English and others in French; these two languages being indispensable. A good education should comprise the training of the heart as well as that of the mind; the Professors will, therefore, have a proper regard for both in their teachings, and each will be the constant object of their care.

Religion, the most essential part of education, will receive from them and myself, special attention.

The College, fronting the Public Square, (old "Congo" Square) possesses all the advantages of a healthy location, and parents are solicited to visit and examine it.

With a view to foster the emulation of the students, the first day of each month will be devoted to a Literary Soiree, at which recitations in the several languages will take place, and the distribution of the several prizes earned during the month, will be made to the students.

In order to class, as much as possible, children of the same age, a Primary School is attached to the College, in a separate portion of the establishment.

PRIMARY SCHOOL—BRANCHES OF INSTRUCTION.—Reading, Writing, Arithmetic, English, French, Geography, and History of the United States.

Price of Tuition—Four Dollars.

COLLEGE—BRANCHES OF INSTRUCTION.—Writing, Book-keeping, English, French, Greek, Latin, History, Geography, Physical and Natural Sciences and Mathematics. Such accomplishments as Music, Fencing, and Dancing will be charged separately.

Price of Tuition—Five, Six, Seven, and Eight Dollars.

HOURS OF TUITION—From 8 o'clock in the morning to 3 in the afternoon.

EVENING CLASS—This class will be open from 7 to 9 o'clock. Young men will there be taught English, French, Writing, Arithmetic and Book-keeping, by the best masters.

Price—Four Dollars. mh18

MADAM DERON has the honor to announce to families, that she has opened a branch of her Academy at Mandeville during the summer season.—The Directress, wishing to afford parents an opportunity of sending their children into the country, without interrupting the course of their studies has selected the most pleasant retreat and nearest the city. The facilities of communication between Mandeville and New Orleans, enables moreover Madam Deron to superintend this branch of her Institution without neglecting in any way her establishment in the city, which, being the principal, continues to remain under her immediate supervision.

Miss F. Deron, assisted by a fully competent American lady, will fill the place of Madam Deron at Mandeville. These two ladies will superintend the studies, which will be precisely the same as in the city, for the French and English languages and Music.

The house is large and spacious, and offers all the comfort that can be employed on the Lake shore. my21-1m

THE principal of this Establishment and his wife, not enjoying good health, and having obtained the object of a moderate ambition, intend to retire.—They avail themselves of the present opportunity to express their gratitude to the parents of their pupils, and to the public for the encouragement that they have deservedly received.

Mr. and Mrs. GOUBAULT highly recommend to families, Mr. and Mr. BOURSIER, who will take the direction of the Establishment. They have secured the services of the accomplished Professors attached to the Institution.

From the 1st of September, Mr. and Mrs. BOURSIER will act as assistants to Mr. and Mrs. GOUBAULT, in order to make themselves known and appreciated, and on the 1st of October, the establishment will be under their immediate control.

Families are invited to visit the Establishment which will be completely repaired. a1 tf

ORLEANS HIGH SCHOOL,

NO. 58 AND 59 ESPLANADE STREET.

Erastus Everett, A. M.,

Principal and Proprietor.

THIS Institution, for the education of young gentlemen, was opened in April, 1843, by Mr. EVERETT in company with other Professors, and soon secured for itself a place among the best Seminaries in the South.

The buildings and play-grounds have been carefully adapted to all the necessities of a Day School.

The various branches of knowledge are taught by Mr. Everett and a corps of Assistant Professors, selected with a view to good character, sound learning and experience in teaching.

The English classes are taught by Mr. EVERETT solely, and he will give, as heretofore, all diligence in imparting to the students of the School an accurate knowledge of the language of the land. To the higher classes is given, in connection with Rhetoric, a course of English and French Literature.

The course of study embraces the Grammar and Literature of the Greek, Latin, English, French and Spanish Languages, History, Geography, Rhetoric, Versification, Logic, Political Economy, Moral Philosophy, Book-keeping, Arithmetic, Algebra, Geometry, Trigonometry, Natural Philosophy, and Chemistry.

As the Modern Languages, (particularly the English and the French,) and the higher mathematics receive very special attention, the School offers singular advantages to boys designed for mercantile pursuits.

Parents are invited to visit the institution where they may obtain Prospectuses. se26

YOUNG LADIES' ACADEMY.

MADAME PARENT has removed her institution at the corner of Esplanade and Royal and Bourbon, No. 86, the house heretofore occupied by M'me. Oranet, and is ready to receive boarders, half boarders, and day scholars. There is a very large yard, together with a garden for the young ladies to amuse themselves. The apartments are vast and well aired. There is every advantage and inducement offered to parents, as to the moral and intellectual cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education is taught, in both languages; also, accomplishments such as drawing, Painting, Embroidery, &c.

MADAME PARENT would inform the public that she has made permanent engagements with Professors Le Besque and Auchmuty, late (principals) of the Franklin High School.) It would be superfluous to add anything respecting the very distinguished talents of these gentlemen, who are already so well known. They will have the general care of the instruction of the English language and French literature; the latter, the supervision of the higher English classes and all departments. The Musical department is under the direction of three of the most competent and acknowledged talents in the city.

Professor Allston has the special charge of the Mathematical branches.

Mr. Goulbrel has been engaged as a Teacher of Vocal Music.

For terms apply at the institution. Parents are permitted to visit the Institution on Sundays.

Once a week, (Saturday,) between 3 and 5 o'clock, the young ladies assemble in the parlor, in order to acquire those polite and graceful manners so necessary to young persons entering into society.

At the corner of Bayou and Claiborne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Madam Charpaux will spare no pains to make her Seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose, and also a sleeping room, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of Scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short, all the branches of a polite education, will be taught in this Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct the classes in person.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and an artist of the Orleans Theatre, will devote all his time to teaching music. The scholars, who will receive regular lessons, will practice daily under the eyes of the Professor. The study of the pupils will be particularly attended to. Mr. Charpaux will put the pupils through the exercises of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the Pupils, and improve their singing, on the morning of the last Saturday in every month, there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her Scholars, has engaged a class where will be taught all the useful and ornamental branches of needle-work.

G. BOYER'S INSTITUTION.

No. 14 Conti Street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils extends over all the branches of a polite and literary education; the principal object in view, in the elementary instruction, to the more abstruse subjects which are discussed in the more advanced classes, and ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be severe, but regular and constant, is accompanied with a persevering study, nor from a good education, is conducted with authority. It is calculated according to the age and character of the pupils, and intended to give them an accurate idea of duty and good behavior.

BRANCHES OF INSTRUCTION—

The English, French, Spanish, Greek and Latin languages, Mathematics, History, Geography, Elements of Natural Philosophy, and Philosophical Sciences.

ST. LOUIS INSTITUTION.

DIRECTED BY **Madame E. Deron,**

No. 145 St. Louis street, between Dauphine and Burgundy streets, New Orleans.

SCHOLASTIC YEAR, 1851-1852.

THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the first September.

Madame Deron, formerly a pupil and professor of the "Maison Royale of St. Denis," and a graduate of the University of France, has endeavored to profit by the experience which she has acquired in the United States, to place her Institution in the first rank of educational establishments in America.

Madame Deron, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young ladies confined to her care, may be remarked for all those valuable qualities which constitute a really good education, such as the spirit of order and decorum, amiability of temper, and solidity of judgment, mildness of manners and a sympathizing disposition, and finally, easy grace and reserved elegance of manners. In order to obtain these results, Madame Deron has always employed as auxiliaries both firmness and mildness, the constant use of emulation, and especially rewards for application and regularity in study. She is seconded by her sister-in-law, Mademoiselle Deron, who, like herself, has always followed the career of instruction; these two ladies watch with the greatest zeal over the daily progress of the pupils.

The locality of the institution well known and appreciated in New Orleans, as one of the most suitable and salubrious in the city, is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, looking over several gardens, and there are besides a handsome yard and a terrace sheltered from the sun and intended for the recreation of the pupils.

The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care, the Creole pupils are required in their communications with each other, and with their professors, to speak the English language exclusively.

Mr. Orton, who has been attached to the Academy from its foundation, devotes a great part of his time to impart to the pupils of the higher classes, a thorough knowledge of the English language and literature, the other classes are intrusted to well qualified American governesses.

Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher sciences, Monsieur H. Jogon, who divides with Monsieur H. Deron and Madame Deron, the care of the French department.

The Spanish language forms a part of the system of study.

With respect to religious instruction M. l'Abbe Tholof, whose zeal is so justly appreciated, continues to prepare the pupils for their first communion in the chapel of the institution.

MUSIC.

The study of Music is the object of particular care. Madame Lavillebeuvre, an artist of the highest order is attached to the institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.

As a means of emulation, the institution has adopted monthly musical examinations at which parents are invited to be present.

A Professor of Dancing is attached to the establishment. s30
