Madame ALLUARD, who has long been directed by Dr. Pospard, has already performed many extraordinary cures in New Orleans. Her clairvoyance, almost always infallible, enables her to [illegible] owners of slaves who are afflicted with serious diseases, however complicated they may be, or even if considered incurable by ordinary means, an advantage which they will find with difficulty elsewhere. When owners can no longer obtain any service from such slaves, Madame Alluard proposes to buy them upon reasonable terms. [illegible] MEDICAL [illegible]

[illegible]

A New System for curing all Diseases, by Analysis of the Urine.

THE greater number of maladies are alone incurable from uncertainty as to their true nature; the [illegible] of ascertaining and curing [illegible] [illegible] all analysis of the Urine. By this mode it is impossible to be led astray, and this, we believe, is the chief aim of medical science.

MR. NADO,

An Elève of the Marine Hospital of France, of Mr. E. [illegible], and of G. Barton, a learned French Chemist, has just established his Laboratory at No. 57 BURGUNDY, between CUSTOMHOUSE AND BIENVILLE Streets, which, in pursuance of the infallible method he professes, he will soon deserve the confidence of the inhabitants of New Orleans, by the numerous cures effected by such means.

Mr. NADO cures all diseases, Yellow Fever included, and, moreover, preserves health, which, as all are fully aware, is alone dependent upon the regularity of the functions of the stomach; and for the purpose of arriving at a correct knowledge of the chemical reactions which occur in the organization, and particularly of the metamorphoses undergone by organic matter diffused through the system by the action of the functions regulating nutrition, there is no more certain course to be observed than an analysis of the Urine.

The course of treatment and medication followed by several of the most learned physicians of the hospitals of Paris, especially in cases of grave illness, are based alone upon the data obtained from an analysis of the Urine. And it is thus, that throughout Europe, even in remote rural districts, persons possessing no other knowledge of the art, save that derived from a material examination of the Urine, are miraculously successful in their cures of all maladies.

Note: For the purpose of consultation at the Laboratory, persons calling must bring with them a certain quantity of Urine newly emitted by the sick. Persons residing in the country can, after one visit, be treated and cured with the same certainty.

Mr. Nado will also analyze Urine submitted to him by city and country physicians. 6m Staw

AYER'S PILLS.

PROF. JOHN TORREY, of the College of Physicians and Surgeons, New York City.
DR. C. T. JACKSON, Geologist of the Public Lands of the United States.

MEN THAT ARE MEN!!!

Among the diseases this Pill has cured with astonishing rapidity, we may mention

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels, and pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula, or King's Evil. They also, by purifying the blood and stimulating the System, cure many Complaints which it would not be supposed they could reach: such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstructions of its functions. They are the best Purgative Medicine ever discovered, and you will but need to use them once to know it.

Prepared by Dr. J. C. AYER, Lowell, Mass., and sold by every respectable Druggist in the United States.

Holloway's Pills, an unparalleled Remedy for Female Complaints.—The daughter of Mrs. Henderson, of Waukesha, Wisconsin, was for a long time in a very peculiar and delicate state of health. The mother tried a variety of remedies, but without the young lady's deriving any benefit. As a final recourse she tried Holloway's Pills, which she used three weeks, and found they considerably improved her; by continuing with these wonderful Pills for ten days more, all obstructions were quickly removed, and she has since enjoyed the best of health.

***SOLD AT THE ESTABLISHMENTS OF PROFESSOR HOLLOWAY, New York and London; also by all respectable Druggists and Dealers in Medicines throughout the United States, in pots and boxes, at 25 cents, 62½ cents, and $1 each. To be had wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.

DISPENSARY, NO. 88 CUSTOMHOUSE ST

NEWLY DISCOVERED REMEDIES
FOR THE CURE OF ALL PRIVATE DISEASES

WITHOUT Mercury, hindrance from business or change in diet, [illegible] Cure guaranteed, or no charge, [illegible] [illegible] REMEDIES in all parts of the United States and Europe—the many remarkable cures they have effected, which were pronounced incurable by the most eminent physicians, [illegible] the confidence of the unfortunate. The following are some of the diseases in "Private," and of which these Remedies do permanently cure, namely: Syphilis, Primary, Secondary, and Tertiary, Strictures, Urethral Discharges, Gleet, [illegible], Seminal Emissions, [illegible] of the Neck of the Bladder and Lotte, Inflammation of the Bladder and Kidneys, Rheumatism, Erysipelas, Cancers, Ulcers, Tumors and all Diseases of the Skin.

Dr. James would also call the attention especially of those who have so grievously and sometimes ruined themselves in their ascent and solitary habit which ruins the body and mind, unfitting them for either business or society, viz: Constitutional Debility of Impotency. The following are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Vision, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervousness, Irritability, Symptoms of Consumption, &c. Mentally, the fearful effects on the mind are more to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

All persons afflicted with any of the above symptoms should not fail to call on Dr. James, and be at once restored to perfect health. Let no false delicacy prevent you, but apply immediately, and save yourself from the dreadful consequences of this terrible malady.

Weakness of the organs immediately cured and full vigor restored.

My faith in these Remedies is such, that I will make a forfeit of $500 if they do not cure the above diseases in either case, cheaper, quicker, safer and in lessdiet than any other physician in the United States.

Remember 88 Customhouse street, is my number. Hours of attendance from 9 o'clock, A. M., till 9 o'clock, P. M., (except Sundays.) Persons do not need going in and out of my Dispensary, as I have ten private and separate rooms reserved.

Madam Charpaux has purchased a large and airy edifice on one of the highest places of ground in the city, and thus secured to establish the health of her pupils, she has had spacious and elevated apartments built for purposes for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will constantly teach [illegible] and preliminary catechism all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to teaching music. All the scholars, besides their regular lessons, will practice daily under the eye of the professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the pupils, and improve their singing, on the evening of the last Saturday in every month there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer the classes will open at 8 o'clock, and close at 8. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 2. Re-open at 4½ and close at 5 o'clock, P. M.

DAY AND BOARDING SCHOOL.
UNDER THE DIRECTION OF
MADAME PARENT,
Corner of Rampart and Du Maine streets.

THIS institution occupies one of the best locations in the city with respect to health and many other important advantages. The building is magnificent, the apartments are vast and well ventilated, and are particularly well adapted for classes.

There are four fine dormitories with dressing cabinets; also spacious galleries all through the house; a splendid terrace commanding a most beautiful view of the city as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their daughters.

Madame Parent is always present with her pupils; she teaches during the hours of class, and superintends the different divisions. There is an ample number of the best professors employed, besides ladies residing in the institution.

Every branch of a solid and refined education is taught in both languages; all accomplishments, such as Drawing, Painting, Embroidery, &c.

The Musical department (including vocal and instrumental) is conducted by one of the most skillful teachers, and [illegible] of the institution.

It would be superfluous to say anything respecting the special attention that is paid to the English, it being Madame Parent's native language. The best guarantee that she can give to the public is that the French young ladies who have been educated by her speak it as fluently as their mother tongue.

For terms, apply at the Institution, where prospectuses can be obtained.

YOUNG LADIES residing at a distance in the different Districts, will be conveyed gratis to and from the institution. s26

St. Louis Institute.

323 Dauphin street, between Ursulines and Hospital.

MME. DEBON announces her thanks for the confidence reposed by parents in her institution, and she has found in the same prosperous condition, and she hereby renews the assurance of her zeal and devotion to the welfare of their children. Mrs. Deron has been enabled, by her residence in Paris, to study the new systems in the education of young ladies; she has visited the most renowned Academies, and intends to adopt for her establishment a plan based upon what she has seen.

Mrs. DEBON wishes that modest and elegant manners be imparted to her pupils whilst receiving a solid instruction based upon morality and religion; in a word, a complete education, which will enable them one day to guide their own children. She hopes that her motives will be appreciated by intelligent mothers, who prefer profound studies to a brilliant success in a public exhibition. The award of premiums in the St. Louis Institute, following a serious examination, will then always be a family fete, but none but parents feeling an interest in the progress of the pupils will be admitted.

Music, as well as general instruction, (which will not interfere with the latter,) will be carefully and constantly attended to. Mrs. Deron has engaged in France, for her establishment, the services of an Italian lady, who is an excellent professor and most talented singer. The course of solfeggio and singing cannot fail to be admirably conducted by Mrs. TACCANNI TASCA, whose splendid voice will always be assisted by her excellent method. Pupils in the city can be taught by Mrs. Tasca at the Institute.

NOTICE.

Mrs DEBON having often been applied to for private lessons by young ladies who could not follow the regular classes, a French class, on the plan of Messrs. To Ladies.
A LA COQUETTE,
No. 260 Royal street, between St. Philip and Dumaine streets.

MADAM FLANDRAIN, from Paris, Corset-maker to the artists of the Orleans Theatre, invites the ladies, before their party and ball dresses are completed, to order one of her splendid Corsets, known as EXTRAME CORSETS, so extensively used in Paris. As conservatives of the waist, they are infinitely superior to the former corsets, which being loaded with whale bones, are frequently a cause of restraint and fatigue. Their graceful cut and remarkable flexibility exhibit to a greater advantage the beauties of the figure.

Madam FLANDRAIN manufactures to order silk wedding corsets, do. for ladies in family way, children's shoulder braces, and every article in the orthopedic line. All goods from Mrs. F.'s store bear the stamp of the house, in order to prevent counterfeit. feb16 1y
