Preservation of the Sight.

MR. C. DUHAMEL, optician, No. 46 Chartres street, begs leave to inform all those whose sight is defective that he has just received a fresh supply of patent Cylindrical Glasses, approved by the most renowned oculists in Paris, and Drs. Beard, Fenuisson, Crawcour, Nee and others in New Orleans. The curb is such that these glasses can be used without the least danger to the weakest eyes.

The most skillful opticians have made a report declaring that the above articles are unquestionably the best for the preservation and improvement of the sight. Their superiority over all others consists in the focus being equally divided over the whole surface, instead of being in the center only, as is the case with spectacle glasses generally. The interposition of the two cylindrical curbs makes them besides achromatic, and, consequently, much clearer than the others.

Near-sighted persons will find a great improvement in these glasses.

A pattern showing the advantages of these new glasses will be exhibited and explained, on application to Mr. Duhamel, to all those who may be desirous of being further informed on the subject. fe611

Richard's Pectoral Syrup.

THE above celebrated Syrup, well known in the city and in the country for the cure of Whooping Cough and the Spitting of Blood, is also the best remedy for Inflammation of the Throat and Chest, such as Coughs, Colds, Hoarseness, &c. It has been proved, in numerous cases that by the use of a few spoonfuls when the first symptoms are manifested, the progress of the above mentioned evils is stayed, and a complete cure is brought about in from twelve to twenty-four hours.

The annoying and often fatal consequences of neglected bad colds ought to be a warning to every one and an inducement to buy RICHARD'S PECTORAL SYRUP, the sale of which has been considerably increasing for years, since experience has so clearly demonstrated its superiority over all other remedies of the kind. The moderate price of the same (75 cents) enables every one to procure it.
