INDIAN'S PANACEA.

FOR the cure of scrofula or king's evil, incipient cancers, syphilitic and mercurial diseases, particularly mercury and jointed affections of the bones, ulcerated throat and mouth, sore eyes, every description of skin disease, ulcerated leg, foul ulcers, fever sores and internal abscesses, fistulas, scald head, scurvy, biles, chronic sore eyes, erysipelas, rheumatic diseases, chronic catarrh and headache (an particular cause, pain in the stomach and dyspepsia, proceeding from vitiation, affections of the liver, chronic inflammation of the kidneys and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious in renovating those constitutions which have been broken down by injurious treatment or juvenile irregularities. In general terms, it is recommended in all those diseases which arise from impurities of the blood, or vitiation of the humors, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the aborigines of this country, and it is a selection from the most appropriate of the medicines which they use.

It is offered to the public by the proprietor, with the consciousness that he is placing within their reach a remedy capable of relieving many of his fellow-beings who are suffering under the various chronic and obstinate complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relieving their sufferings, and restoring them once more to health and happiness. This is not offered as a common remedy, that may perhaps be equally good with dock root, sarsaparilla or any other such, which is capable of relieving in many extreme cases, when all the usual resources fail. This is the same remedy, and is in the possession of the proprietor, and has been introduced.

This medicine has been found highly useful in many anomalous diseases not here specified, and it has been used with unusual success as a spring and fall purifier, by those who are subject to various complaints, and whose constitutions require a gentle purgative. Wherever the Drink is necessary, the Pan cea, taken in usual doses, will answer all its purposes, in much less time, at less expense, and in a far more agreeable manner than the common diet drink.

The fall vising certificates, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea, in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over other similar appatations:

Case of Ulcerated Throat, Nashville, &c.

Charleston, Jan. 30, 1841.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Charleston and Baltimore, and also took several bottles of Swaim's Panacea, but all without permanent benefit.—During the last winter I was taken with an ulcerated throat which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, mean ind and threatened with absolute and immediate starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, and have remained so since.

It is offered to the public by the proprietor, with the consciousness that he is placing within their reach a remedy capable of relieving many of his fellow-beings who are suffering under the various chronic and obstinate complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relieving their sufferings, and restoring them once more to health and happiness. This is not offered as a common remedy, that may perhaps be equally good with dock root, sarsaparilla or any other such, which is capable of relieving in many extreme cases, when all the usual resources fail. This is the same remedy, and is in the possession of the proprietor, and has been introduced.

This medicine has been found highly useful in many anomalous diseases not here specified, and it has been used with unusual success as a spring and fall purifier, by those who are subject to various complaints, and whose constitutions require a gentle purgative. Wherever the Drink is necessary, the Pan cea, taken in usual doses, will answer all its purposes, in much less time, at less expense, and in a far more agreeable manner than the common diet drink.

The fall vising certificates, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea, in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over other similar appatations:

Case of Ulcerated Throat, Nashville, &c.

Charleston, Jan. 30, 1841.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Charleston and Baltimore, and also took several bottles of Swaim's Panacea, but all without permanent benefit.—During the last winter I was taken with an ulcerated throat which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, mean ind and threatened with absolute and immediate starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, and have remained so since.

LIVE INSURANCE.

OCEAN INSURANCE COMPANY—The absence of any institution in the city for insuring live, and the extraordinary rates of premium demanded by the northern and eastern companies for granting life policies to persons residing in Louisiana, have determined the Board of Directors of this Company to put into operation that clause in their charter which authorizes insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a moderate annual income to secure a competency for dependent on them a comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of all the chartered New Orleans offices for insuring lives in England. In addition whatever being made for difference of climate, and by this scale an annual premium of twenty dollars paid by a person of 30 years of age will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years and the premium can be paid quarterly, half yearly or yearly.
