MR. & MRS. GRANET,

BEG to inform the inhabitants of New Orleans, that they intend opening on the 15th of February next, in the town of Baton Rouge, two establishments for the education of young people. The female Department will be conducted by Madam Granet, and the male Department by Monsieur Granet, assisted by competent masters.

From the very kind encouragement which Monsieur Granet has received from the principal inhabitants of Baton Rouge, he has reason to expect, that each school will open with about twenty pupils. Instruction will be carried in all its branches as far as it may be in any other College.

The method adopted by Monsieur Granet is calculated to improve and instruct the boys, without throwing confusion into their young and tender minds by the alternate use of the two languages for the translation of the classics, as is to be practised elsewhere, but Latin and Greek will be taught through the medium of either the French or the English language, as the parents may choose.

In forming these two new establishments, Monsieur Granet positively and publicly engages to bestow all his care upon them, and particularly not to allow himself to be again induced by delusive offers of employment not to preserve in the engagement which he now takes.

Terms to be known on application to Wm. H. Kerr, Esq. feb 3

It is useless to mention the advantages which will be offered by this immense tract of land, covered with valuable timber, as soon as the Carrollton rail road will be completed. It is crossed in its breadth by the road which leads to New Orleans by the Metairie, and which is 3 miles shorter than that of the river.
