GOOD MEDICINES.

STARLE'S IS.
ANODYNE CHERRY EXPECTORANT
FOR COUGHS, COLDS, BRON-HITIS, CR. UP, &c

STARLE'S IS.
HARRISON CORDIAL

THE valuable medicines above named, are not nostrums, but are prepared to agreement with the expressed desire of the most learned and judicious practitioners, and are not secret, further than is necessary to protect the proprietors and those who use them from base and impudent imitations, as the proximate parts have been made known, [illegible] from time to time, to perhaps

300 PHYSICIANS!!!

In Maryland, Virginia, District of Columbia, Ohio, and other places, all of whom, without a single exception, have approved of the Remedy, and most of them acknowledged that it was the best remedy that they have ever known for the cure of the diseases for which they are recommended. Our confidence in the numerous testimonial letters, added to our desire to avoid the [illegible] of the medical profession against [illegible] and quack nostrums, induced us to adopt the course of [illegible]. We append a few of the testimonies we have received from Physicians viz:

From Dr. William H. Perrow: of Stone Hill, Md.

Gentlemen—I have frequently in my practice prescribed your "Starle's Anodyne Cherry Expectorant" and "Harrison Cordial," with great satisfaction to myself, and to the entire relief of such diseases as they were designed to cure. I consider them one of the most valuable and safe therapeutical agents, and must be of infinite benefit to the afflicted of mankind at large. In introducing the medical profession with these agents, and abbreviated prescriptions, as substitutes for administration, and of a standard quality, you have rendered them more accurate and reliable, and I can no less than earnestly recommend their preparations to the profession, and especially to the country, where the disparity of conveyance of drugs is one of the greatest obstacles to the success of the profession.

Dr. Wm. H. Perrow writes to me that he has administered the Expectorant to his wife, who has had the Hospitals for fourteen years, and that she is now recovering from her long-standing malady. It has in a few weeks done her more good than all the medicine she has before used under increasing dose consultant.

From Dr. W. F. Worthington, Laurel, Md

"After using your medicines in my Practice, both in my own family and in general practice, I am confirmed in the opinion expressed in my Pamphlet, in appreciation with the recipe. For me, I think you for the EXCELLENT and SUBLIME properties of the Wild Cherry."

From Gen. Geo. Gray, M. D., of Somerset Co., Md

"Gentlemen—I have made use of your Harrison Cordial in my family. It gives me much pleasure to add my testimony in that of others, in the favor of it."

From Dr. J. Ridgway Andre, of Kingston, Talbot Co., Md

"Having examined the component parts of Starle's Anodyne Cherry Expectorant, also of Starle's Harrison Cordial, and having seen its practice, I feel no hesitancy in recommending them."

From J. E. Marsh, M. D., Kent Co., Md.

"I have made free use of your Harrison Cordial in my family. It gives me much pleasure to add my testimony in that of others, in the favor of it."

From Samuel Marshman, M. D., Chesapeake City, Md.

"I have much pleasure in adding my testimony in favor of your valuable Cherry Expectorant. I have, after an extensive use, found it no answer all my expectations."

From Dr. Daniel W. Jones, Somerset Co., Md.

"I have given your Expectorant and Harrison Cordial a fair trial, and no doubt it will prove efficacious, I have had them to fall in a single instance, shall take pleasure in recommending them."

We have to forward all orders with a written certificate, thoroughly given by competent MEDICAL GENTLEMEN in Maryland, Virginia, and the District of Columbia, where the most dreaming, that these are really "Good Medicines," after seeing that they are acquainted with the composition of both the Expectorant and Cordial, and that they have administered them to their patients, they testify "THEY ARE a remedy of GREAT VALUE, SAFE, EFFICIENT and WELL WORTHY of the patronage of the Profession and the Public, that they are the VALUABLE TRADE AND OTHER PROPRIETARY MEDICINES with which we are acquainted."

The above letters of recommendation from members of the Medical Faculty, Pharmaceutists of high standing, and others of the first respectability, should be sufficient to satisfy all that these medicines are worthy of trial by the afflicted, and that they are of a different stamp and class from the "Quackery" and "Close-Air" so much imposed upon the public.

See the descriptive Pamphlets, to be had gratis of all who have the agency, containing recommendations from Doctors Martin, Baltimore, Andrews, Frederick, &c.
