READY! READY!

The undersigned informs property holders and the public that he has added to his Manufactory of Bolted Tables a new planing, down to size, mortising and tenoning Machine, by which he is enabled to undertake works of all kinds, such as wainscoting, floors, parquets, doors, turning of all descriptions, columns, posts, balusting, frame houses for the city or country, and all works in a carpenter's and joiner's shop.

Having constantly on hand a large assortment of Walnut, Mahogany, &c., he will sell to those in need at the same, the quantities suitable to the work ordered.

The undersigned avails himself of this opportunity to assure those persons who may feel some apprehension as to his steam Machine, that he has taken proper measures to prevent explosions. A new patent French regulator is attached, by means of which steam can at any time, increase the quantity of water in the boiler, and should be short in boiling, it writes connected with the machine warns him that water is wanting in the boiler.

The above addition having been made to his establishment for the purpose of facilitating the manufacture of Bolted Tables, the undersigned reminds his customers that he keeps, as heretofore, one set of second hand Billiard Tables, and every article in his line.

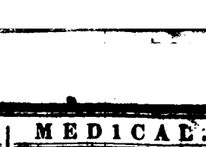
[illegible] 31 Common Street.

MEDICAL.



Holloway's Ointment and Pills.—Most remarkable in the Cure for Diseases of the Skin.—The young son of Mr. Edward Wright, of Aberdeen, Mississippi, had the misfortune to be afflicted with a most malignant disease of the skin, which rendered the child's life one of misery and suffering. As the mother had tried every remedy likely to benefit him, without receiving the desired result, she became ultimately persuaded to try Holloway's Ointment in the matter, and was lamenting the absence of a friend, who recommended Holloway's Ointment and Pills, from the Nashville Depot, to obtain the originator, Dr. Hoofland, among all classes of European society, and in the most remote settlements of Germany, as well as in all parts of the American continent, unanimated testimony to the fact, on the part of the Agent, the proprietor. The persistence of disease to which the skin and scalp of children are subject, is so common as to be almost universal, indeed there is scarcely a family in the world, from the most distant of our country to which there cannot be found some little relation of this peculiar YELLOW AND LIQUID APPEARANCE denoting a diseased state of the blood, and of the system in general.

This is what an immense importance is the claim of invalids, that a certain remedy is now offered, which is placed within their reach, one in which no beneficial improvement can be expected, or result, unless, in which the patient can rely with the utmost confidence and certainty, and be assured from actual and tangible proofs, that the attacks he may meet with, or the sufferings attributed to it. Such a remedy, is Holloway's Ointment and Pills. Thousands of dollars have been expended in the manufacture and different throughout the world, in the hope of producing a remedy of the greatest satisfaction in stating, that there is no State, country or even village where the Medicines have not introduced, that there cannot be found a numbers, wanting to testify unto virtues.

It is a matter of pride in the practice of a large number of the most prominent Physicians in the country, to prescribe Holloway's Ointment and Pills, in cases of this great virtues. In conclusion then we would respectfully ask of the public, that they will give the above disease to give the Bitters trial, and rest assured they will never be regretted. In proof of the statements above the following are a few of the testimonials "Memorabilia," or "Practical Receipt Book, by Mr. Hoofland, containing a great number of useful receipts in addition to the testimony in favor of the Bitters, from the most distinguished of the medical individuals, in all parts of the Union. All Agents for the Medicines are authorized to distribute the "Receipt Book" gratuitously.

Copal Pectoral Syrup.

PRICE, $1 PER BOTTLE, 2 PRICE, $1 PER BOTTLE.

L. LAMPIER,

Corner of Bayou and Rampart streets,

NEW ORLEANS.

THIS SYRUP, which is the patentee study of his author, and in the preparation whereof he devoted a long time, is a Pectoral Balsam.

Repeated experiments have convinced the manufacturer that its medicinal powers are inferior to none of the compounds of the kind ever offered to the public, and are commended with success in the affections of the lungs. It cures a cough, expel really asthmatic oppression, ripen sensations of tightness in the chest, relieve the functional uneasiness in cases of acute or chronic catarrhs, and in cases of long standing, which resisted the action of numerous remedies, have yielded under its application. It is most beneficial in cases of Hooping Cough. It has the advantage of being pleasant to the taste and scent, and of thus uniting the utmost healing agency.

The dose for adults is one teaspoonful, and for children 2 to 4 teaspoonfuls a day at most. For children under 12 months, one-half the spoonful is sufficient, taking for four times a day. It may be taken without mixture or in a teaspoonful of water, if preferred.

The annual examination begins in October.

Hammam Residence.

From the mouth of Lake Pontchartrain to the St. Louis Institute is opened at Mandeville, a delightful village free from epidemic diseases. Its salubrity is a subject of no opening it, is to afford to unaccustomed young ladies or those wishing to spend a few months in the country, the facility of combining pleasure with study in the city. St. Louis Establishment is opened during the entire summer.

A carriage is attached to the establishment, which conveys young ladies every Saturday from Canal street, to and from the Institute

DAY AND BOARDING SCHOOL,

UNDER THE DIRECTION OF

MADAME FAREST

Corner of Rampart and Du Maine streets.

THIS Institution occupies one of the most delicious in the city with respect to health and many other important advantages. The building is spacious, the apartments are vast and well ventilated, and are particularly well adapted for classes.

There are large dormitories with dressing cabinets; also spacious galleries all through the house, a splendid terrace commanding a most beautiful view of the city, as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their daughters.

Madame Farest is always present with her pupils, she teaches during the hours of class, and superintends the different divisions. There is an ample number of the best professors employed, besides ladies residing in the institution.

Every branch of a solid and refined education is taught in both languages; all accomplishments, such as Drawing, Painting, Dancing and Embroidery, &c. The Musical department is unrivalled, (every vocal instrumental) is conducted by four of the most competent and acknowledged talents in the city.

It would be superfluous to say anything respecting the special attention that is paid to the English, it being Madam Farest's native language. The best guarantee we can give of the success of the pupils in French young ladies who have been educated by her speak it as fluently as their mother tongue.

For terms, apply at the Institution where prospectuses can be obtained.

YOUNG LADIES residing at a distance in the different Districts, will be conveyed gratis to and from the Institution o26

College of New Orleans,

Nos. 85 and 60 Esplanade street.

Incorporated by an act of the Legislature in March 1834.

BOARD OF VISITORS: Alfred Hennen, Esq., C. M. Emerson, Esq., Hon. Cornelius Voorhies, Adolphe Dupré, Esq., Benj. F. Flanders, Esq., Hon. Robert Preaux, L. E. D. F., Bernard Avegno, Esq., Prof. J. B. Jenni, Hon. Alexander Dorbes, Prof. Chas. R. Mayo, Henry Chen, Esq.

FACULTY—Hanny Clemens, L. L. B. F. A. S., President and Professor of the English Language and Literature, Natural History and German.—Chas. R. Mayo, Professor of the French and Spanish Languages and Literature.—Wm. B. Chase, A. B., Professor of Latin, Greek, Mathematics and Natural Philosophy.—Hon. Robert E. Paraon, L. E. D. F., Professor of Internal and Constitutional Law.—A. O. Lavan, Professor of Drawing and Painting.

This Institution was opened in 1843, at a High School for boys, and has long ranked among the best Seminaries in the South. Professor Everest, the founder of this school, is now President of the College, having resigned on account of ill-health, the Board of Visitors elected Mr. Chase, late the Professor of Mathematics, to fill the vacancy.

The Professors are gentlemen of sound learning and experience, and will be aided by skilful and efficient tutors.

No pains are spared to impart a solid education.

A thorough knowledge of every lesson is required, and superficial study discouraged.

Surveying and Bookkeeping are taught in the field; Chemistry and Philosophy are illustrated by experiments. The English language is the principal medium of instruction and conversation.

Students are admitted at all stages of advancement; they may pursue either the Scientific, or the Classical Course, and degrees will be conferred upon them when they have completed the studies prescribed by the Board of Visitors.

The College buildings are large and airy—the main study being 70 by 30 feet—besides numerous smaller rooms for recitation, and others lately prepared for the reception of boarders.

The Gymnasium is on very large and well enclosed play grounds, which afford ample scope for air and exercise.

TERMS.

EDUCATION.

G. BOYER'S INSTITUTION.

No. 146 Conti Street, between Dauphin and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, respectfully informs the public that he has made a new appeal to the confidence of parents. This institution is now located in a large mansion, occupying a fine central position, having well ventilated and in other respects perfect healthiness. The range of studies which compass the education of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education, from primary instruction, to the more abstruse subjects which are especially the province of a collegiate course. The elementary studies are attended to with the most conscientious care, considering the decisive influence which they exercise over the other branches of instruction in literature, which must not be separated from and drone study, nor from a good education, is conducted with solicitude. It is a consideration of no small importance, that the pupils are under the eye of the Principal, and
