DR. WESLEY GRINDLE'S CELEBRATED MAGIC COMPOUND, A POTENT CURE FOR Pulmonary Consumption.

Also an effectual cure for Scrofula, Dyspepsia, Cutaneous Complaints, Rheumatism, Phthisic Disorders, Chronic Inflammation, General Debility, and all diseases depending upon an impure state of the blood.

PRINCIPAL DEPOT, NO. 54 WHITE STREET, N. Y.

Patients, in extremes, or wishing of being cured, may be realised; for this remedy not only relieves, but does actually cure the horrible disease. But our trial will satisfy prove to the fact. Do not fall into an early grave, when a sure remedy is at hand.

Some years suffered, full of anxiety and doubt in regard to what we very, may ask, Can your medicine restore a portion of lung that disease has entirely destroyed? Yes, we can, and we do, we can certainly not, neither is this necessary in order to effect a perfect cure. If the treatment be commenced in a reasonable time, not little or no portion of lung is lost. It is necessary only to arrest the disease, and when this is done, the decomposition of the matter deposited in the tissue of the lung, technically known as the tubercle, becomes absorbed, leaving, perhaps, a little calcareous substance which will be harmless, and the patient finds himself in possession of whole lungs and sound health. Yes, we repeat, the disease is not arrested at this early stage. The softened tubercle produces irritation; the irritation brings on inflammation of that part of the lung; the inflammation leads to ulceration, and the destruction of a portion of the tissue is the result, a cavity is formed which enlarges and does not cease until the whole lung is destroyed, or tubercle is arrested. Now, does your remedy effect a cure? Most emphatically it does. As soon as the disease is arrested, the curative matter is absorbed or expectorated, and nature other furnishes the cavity with a healthy substance, or what is more common, where it is of large size, its walls fall together and heal up, leaving a scar, and the remaining portion of lung is perfectly healthy. In fact, the cavity, from being through the whole physical economy, becomes sound, that enlarged, takes on increased action, and sustains by compensation for that which has been lost.

The medicine is prepared in the most simple form, prepared for using in a liquid form, according to the directions which accompany it. Depositories are promptly made by mail and express.

AMERICAN AROMATIC BITTER CORDIAL

THIS CORDIAL, whose delicate flavor and aroma are unsurpassed, is the most agreeable and restorative known in cases of general debility and nervous complaints; it restores the appetite, invigorates the action and functions of the stomach, and thereby prevents dyspepsia, so often brought on by sedentary habits of life, and relieves the depression of spirits. It is a powerful antidote against the effects of bad and humid climates. Said Cordial may be administered with equal efficiency to the infant and the aged. By following the directions printed on the label of each bottle, and its agreeable taste is not the least of its recommendations.

This Cordial has been introduced into general use in the principal coffee-houses of this city, such as Pesaro, Gem, Rudy, the Apes, &c., as far superior to Baker's Fleurach Bitters, so celebrated throughout the United States of America; and there can be no doubt that all who have tasted the American Bitter Cordial give it the preference over all other bitters hitherto in use.
