MEDICAL.

AMERICAN AND CELEBRATED
JAPANESE LIFE PILLS.
NATURE'S OWN REMEDY.

A Positive Cure for Liver Complaint and Bilious Disorders, Dyspepsia, Rheumatism, Costiveness, Cutaneous Diseases, Fever and Ague, Suppression of the Menses, Nervous Debility, &c.

For a long time we have been compelled to offer men with painful experience the many adulterated and life-destroying drugs made into pills and lozenges, which, instead of giving health, only add fresh harrowing their injurious effects upon their systems. The monstrous evil may now be entirely escaped by using only these genuine Japanese Life Pills and our Magic Cordial. For many years we have studied hard to find a remedy which, while it purged, would strengthen and cleanse, and not weary those alone; would restore and strengthen, and not destroy and weaken the system.

We now unhesitatingly say that this so much-sought-for remedy—a cathartic of mild and pleasant operation, which shall purge, not disease and not more scrofulous, thoroughly purifying the blood, and strengthening every fibre of the system—has been found. They will not only relieve, but positively cure every disease for which they are recommended.

These Pills have stood the test of the Japanese Japanese Faculty for centuries, and the same kind of ingredients that composed the pills at that ancient time are combined in the present day.

No medicine except our Magic Cordial ever met with such overwhelming success in so short a time, and the thousands of testimonials pouring in for them from all parts of the country are wonderful and astonishing!

The number of these Pills being used by female ladies for their various complaints constitutes in itself an immense trade. They are not the "female pill," so much puffed into public notice, which, instead of curing, produces cruel and dangerous complaints, but are for male or female, old or young, and cure by acting directly on disease.

The Pills are sent by mail, from the proprietor only, on receipt of the price. The postage in the United States, not over 3,000 miles, is fifteen cents on five boxes, which must be inclosed in money or stamps. We are responsible for all money sent us by mail.

For sale by respectable druggists and dealers in medicine throughout the United States, the Canadas, Mexico, South America, &c., at 25 cents a box, or five boxes for $1.

JOSIAH K. GRINDLE, New York, Sole Proprietor, to whom all letters must be addressed. Also, Proprietor of Dr. Wesley Grindle's Celebrated Magic Cordial, the great remedy for PULMONARY CONSUMPTION.

Notice to the Ladies.

ANTEPHELIC MILK.
TEN THOUSAND PLANKS RECEIVED IN TOWN.
No More Wrinkles! No More Freckles!
Preservation and Regeneration of the Skin and the Complexion.

ANTEPHELIC MILK, so advantageously known, is employed in France principally for the treatment of the face against freckles, which were formerly called the "Scourge of Beauty." The prompt and lasting results of constantly increasing success has served to prove that Antephelic Milk has not yet received a pimple or freckle, a blotch or spot appearing during gestation, which has not at once given way to its application, extending its purity, and left the clearest and smoothest complexion.

Antephelic Milk is not only an infallible specific against freckles, but it also effects a change in the whole water, and employed a quarter of an hour before the bath, it renders the skin, it purifies the skin, without irritating or altering it; gives tone to the cutaneous secretions, whether pale, sooty or yellow, destroys all sorts of pimples, pustules, eruptions, and of the acne, renews the return of freckles; dissipates or prevents the appearance of the early wrinkles; and by its specific action, gives to the skin that peculiar tint so far in the purest freshness of color.

A single flask will suffice to give to the skin all the appearance of youthfulness, which may be indefinitely maintained, by making use of the preparation in the manner indicated by the prospectus.

P. S. The Fragrant Vegetable Powder of the same maker completes the toilette of ladies who desire to preserve the bloom of beauty.

A CARD.

C. DUHAMEL,
OPTICIAN and MANUFACTURER, No. 80 Chartres street, a resident of this city for upwards of sixteen years, well known in this and the neighboring States for the quality of his Spectacle Glasses, Optical instruments and others, an extensive assortment of which he has constantly on hand, hopes he has deserved, by a long experience in the trade, the confidence of his customers and of the public. The testimony of almost all the distinguished families and most widely-known savants in the country would be here drawn—he prefers that they speak for themselves, and simply the following facts:

Mr. C. DUHAMEL offers to persons in want of Spectacles, Rock Crystal, Periscopic Glasses, (Water pebbles) the best that can be manufactured, at $4 a pair, without the frame. The quality of these Glasses, called, by some, Scotch Pebbles, Brazilian Pebbles, Arkansas Pebbles, &c., does not vary according to the country whence they come, but according to the purity and clearness of the stone when they are drawn—as the regularity of the curve and the finish imparted to them by a skillful workman. In this respect, Duhamel's glasses are inferior to no other glasses.

The prices are invariably as follows:

A pair of rock crystal glasses, with frame	
Gold frame, $15 to $2.	
Steel frame, $5 to $.	
Silver frame, $6 to $10.	
The glasses only, $4.	
Fine ordinary spectacle glasses, $1 a pair.	
Fine Periscopic glasses, concave and convex, 1 50 a pair.	
A pair of steel spectacles, with fine ordinary glasses, $1 50 to 2 50 a pair, according to the quality of the frame.	
A pair of gold spectacles, with fine ordinary glasses, $7 to 12.	

All fancy spectacle frames are offered on very moderate terms.

Mr. D. begs leave to remark that, in his opinion and in the opinion of many competent and experienced persons in the line, rock crystal glasses are superior in one respect only to sea pebbles properly manufactured. They are harder, and their surface remains smooth much longer, but are not better than others as far as the preservation of the sight is concerned.

Mr. D. is agent for Dunbordes' Steam gaugues Oculists of Boston, Northampton and others are invited to try them, they are perfect in every respect, and are offered on reasonable terms.

Also on hand, the finest Gold, and many other instruments:

Theodolites; Surveyors' Compasses; Levels; Pocket Compasses; Graphometers; Thermometers and other Mathematical Instruments; Telescopes; Barometers; Thermometers; Lactometers; Hydrometers; Saccharometers; Polyramas; Dioramas; Stereoscopes; Views, &c., for Magic Lanterns; Magic Lanterns, Lamps and Diagrams; magnetic Instruments; Physiomagnetics, and a large assortment of double Gauge Glasses. oct16
