

floating\_point\_test  
\_suite::floating\_point  
\_test\_suite

```
graph LR; A["floating_point_test_suite::floating_point_test_suite"] --> B["floating_point_test_suite::AddTests"]
```

A diagram showing a call from the `floating_point_test_suite` to the `AddTests` method. The left box, which is shaded gray, contains the text `floating_point_test_suite::floating_point_test_suite`. A blue arrow points from the right side of this box to the right box, which is white and contains the text `floating_point_test_suite::AddTests`.
