To Members of the Louisiana Bar.

The undersigned has the following works relating to the Louisiana Codes, which he is prepared to sell for Cash, at a very great reduction upon the prices which have heretofore been demanded.
ROBINSON'S REPORTS, 12 volumes.
Embracing the decisions of the Supreme Court of Louisiana, from October 1841, to March, 1846. This work is now offered, either by the volume or the set, at a much lower price than heretofore. Nothing need be said in recommendation of a work so well known to every Louisiana lawyer. Its presentations, although [illegible] the continuity of the decisions of the Supreme Court.
BRIANCHON'S CODE OF PRACTICE, *new edition*, containing the Acts of the Legislature, whether incorporated in the Code, or otherwise, relating to the practice, have been incorporated—thus in addition to the very numerous Notes and References to the Decisions of the Supreme Court upon those articles of the Code, and his points and Digest, make this Code of Practice invaluable to the lawyer.
GERNER'S LOUISIANA DIGEST.
Embracing the Acts of the Legislature from the year 1804 to 1841, inclusive, with an Abstract of the Decisions of the Supreme Court, the whole arranged in the form of articles, and numbered. By this means is secured the greatest possible facility of reference and the book in addition to the merits of accuracy and simplicity, is rendered compact, concise, and portable.
BENJAMIN & SLIDELL'S DIGEST, *enlarged*.
Here will be found a Digest of the Decisions of the Supreme Court of Louisiana, [illegible] to the 13th volume of Louisiana Reports, [illegible] with uncommon skill and ability. It has been truly said of this work, that "there is no more of the Statutes Digest of Reports better [illegible] and collected."
DESLIXS DIGEST.
This is a [illegible] of Benjamin & Slidell's Digest, and is the right down to the 14th volume of Robinson's Reports. Its execution is after the same plan as Gerner's, and its usefulness will easily suggest itself to lawyers to whom reports, without digests, are scarcely useful.
DESLIXS GENERAL INDEX, *from 1809 to '43*.
This is a very useful compilation, but one which from its nature has been inadequately appreciated. No one can doubt the utility of a work containing in this form all the cases of the Supreme Court, decided during the above mentioned long period, and signalizing the numbers of the articles of the several codes of Louisiana which the Supreme Court has at various times had occasion to examine from the date of the promulgation of the said codes, until the year 1843, with the names of the cases so decided and a [illegible] of the Articles of the Louisiana Civil Code, corresponding to the Code Napoleon, et vice versa.
